OURSELVES AND OTHERS.

A review of Men, Things and Events.

THE last number of our Year Book was something of a new departure. On several previous occasions a page or two had been given to a short summary of school successes and notable events, but last year the space allotted to school news was much increased, with the definite intention of making the Year Book a school magazine for present pupils, as well as an annual record of Old Stocktonian activities. It is a pleasure to learn that Old Stocktonians have read the pages devoted to school news with scarcely less interest than they have shown in the pages wherein the activities of the Association have been chronicled. Old Boys have been keenly interested to read of the doings of the Houses which they themselves, in days gone by, have helped to victory, and have scanned the lists of activities and successes with critical eyes to see if they could detect any falling off since their own time.

We are pleased to be able to record that the number of subscriptions is this year larger than ever. A membership of nearly 580,—a number which includes only those who have paid their subscriptions,—is a wonderful achievement for a society like ours.

Mr. C. Osborne, M.Sc., who has been President of the Old Stocktonians for the past two years, has decided to resign his office. Since its inception, no one has served the Association better than Mr. Osborne. No job has been too great for him and none too small. He has ever set before himself a high standard of duty, and his term of office has been marked by an ungrudging self-sacrifice and thought for others which it has been good to see. Mr. Osborne, of course, will continue to serve us, though in a less responsible capacity.

He will be succeeded as President by Mr. T. B. Brooke, M.A., a known and tried friend, who will carry on worthily the traditions of his predecessors.

The Association has been no less vigorous than in former years. What has come to be known as "the big lecture" was given this year by Captain G. S. Gwatkin Williams, whose account of strenuous living in the icy seas of North Russia proved of great interest to the large audience who had the pleasure of hearing him, and of seeing the excellent pictures with which his lecture was illustrated.

Other lectures by Mr. Wm. Robson on "The Music of the Twentieth Century," by Mr. T. B. Brooke on "Literary Nonsense," and by the Rev. T. C. Gobat on "Plays which have made me think," were altogether excellent in quality, and those members who neglect to come to lectures which are at once so interesting and instructive are missing some of the best things which the Association offers them.

Each year, for several years, the Old Stocktonians have given a substantial subscription to the Mayor's Boot Fund. This year a special concert was arranged, the proceeds of which were given to the fund. Our members are beginning to realise that an Old Stocktonian concert will be well organised and well worth listening to, and our thanks are due to the excellent artists who so willingly give their services.

The annual Dinner was, as usual, characterised by a kindly feeling and an atmosphere as of the meeting of a happy family. Over fifty Old Stocktonians were present—a number which we should like to see increased. The Dinner, falling as it does at Christmas time, is an

occasion when most Old Boys who are away from home are back again for the holidays, and we should like all our members to endeavour to make this *the* event of the Old Stocktonian year.

A few days after the dinner, was held the Poor Children's Treat. More than a hundred children were sumptuously entertained and amused, and the evening was more boisterous and more radiantly happy than ever. A splendid work, this, of the Old Stocktonians! and well worthy of the generous help and ungrudging personal service which is bestowed upon it.

It is a pleasure to record the success of the Old Stocktonians' Football Club. Fine sportsmen have the members shown themselves to be, and we believe that the match with our club is regarded by the other teams, with whom we come in contact, as one of their choicest fixtures of the season, for they know that they will have a hard game fought in the best possible spirit. This is the truest praise which our men could have, and it has been well deserved.

We extend our sincerest congratulations to Mr J. Spark, who has been elected a member of the Durham County Council and a governor of the School. Mr Spark's connection with the Association has not been ostentatious but has been none the less real. Those who know can best appreciate what Mr. Spark's help has meant to us, but we feel sure that he would not wish us to enlarge upon it. We like to see our Old Stocktonians launching forth into public life, and when they are of the calibre of Mr. Spark, the Association is well represented, and the public service is benefited.

This year has seen the birth of a new activity of the Association which it is an especial pleasure to record. For some time past a scheme to institute an "Old Boys' Benevolent Fund" has been in the air, and this took concrete shape at the General Meeting which has just been held. By a happy thought, the balance of the monies collected for the presentation to Mr. Taylor was at that gentleman's especial request handed over to swell the fund.

The close of the Summer term marked the end of one long-standing Association. On that memorable day in January, 1896, which marks the beginning of things for us, Mr. Taylor stood by Mr. Prest to receive the first boys who entered the painfully new school. And now, after nearly 30 years' service, Mr. Taylor feels that he is entitled to more leisure than the stress and anxiety of a schoolmaster's life can offer. Old Stocktonians, Present Scholars, and Staff gave to him tokens of their appreciation of his character and services. Though Mr. Taylor has ceased to be an active member of the staff, we feel sure that in his new home at Gateshead, he will always be pleased to hear of the doings of his old pupils and their successes. After all, Gateshead is no great distance away, the train service is good, and time is a factor which now scarcely counts with Mr. Taylor, so we shall hope to welcome him at many more of our functions.

We have chronicled the departure of an old member of the staff; we have this year to welcome two fresh arrivals. At the beginning of the year, Mr. R. F. Laverick, M.A., of Edinburgh University, came to us to teach general form subjects. Mr. Laverick is an athlete who has represented his University on the football field. This term, Mr. J. W. Major, M.A., of Emmanuel College, Cambridge, has joined us and will take chiefly Mathematics and Science. The better we know Mr. Laverick and Mr. Major, the more we like them, and we are sure that Old Boys who come into contact with them will have the same experience.

The successes and activities of the School on the sports' field and in the classroom are recorded in the pages which follow, but two of these merit further mention here. In the first place, we should like to single out the excellent achievement of Robert Metcalfe, whose name appears in the first division of first class honours' list of the recent Oxford University Lower School Examination. This position was the result of steady interest and solid hard work and was well deserved. We trust that many others will endeavour to follow his example.

In the second place we should like to congratulate T. Kennedy, who, with his partner J. Williams, represented the School at the Middlesbrough Junior Technical School Sports, and succeeded in competition with other schools in winning the "Weatherhead" Cup. This is the second year in succession that this cup has found a resting place on one of our brackets.

During the year there has been a considerable increase in the number of boys who are studying Latin, and a new subject, "Musical Appreciation," which will, one hopes, tend to improve the standard of musical culture in the district, has been added to the school curriculum.

A scheme has also been introduced, by which it is intended to give renewed keenness and zest to the toilsome work of the classroom. The terminal report on each subject is assessed under one of the first four letters of the alphabet. These letters carry a point value so that a boy who receives an A for a subject scores three points for his House. Similarly a B scores one point, a C nothing, while a D deducts one point from the House score. The total score of the boys of a House is easily obtained, and the name of the Winning House will be recorded on an Honours Board in the Gymnasium, while that House will also have the honour of holding the silver County Challenge Cup. This year the Red House head the list, and the Brown House are a good second.

This Honours Board is one of four which have been placed on the walls of the Gymnasium. On the others are recorded outstanding successes of boys while at the School, distinctions gained by Old Stocktonians, and the names of the successive Captains and Vice-Captains of the School. Our hope is that the Boards will honour worthily those who have distinguished themselves while at School or after they have left, and by so doing will give an inspiration and an aim to those who read the names inscribed upon them.

This year after a very long interval, the Speech Day has been revived. Giving, as it did, an opportunity to parents and friends of seeing us together and of hearing what had been achieved in the various spheres of School activity during the year, this function was very successful.

The outstanding event of 1925 for all Stocktonians will probably be considered to be the celebration of the Railway Centenary. In the essay competition, organised as part of the celebration, we secured the first (W. Suthern) and third (J. Goodier) places in the senior division, and the second place (F. Cowell) in the middle division. Our share in the sports in connection with the Centenary took the form of an inter-school competition between the Grammar School and the Secondary School for a Centenary Cup. We are pleased that we won the Cup, but are sorry that the Grammar School lost.

The School has just passed through the ordeal of a full inspection by the Board of Education. We have not yet received the writer.

report, but we are quietly confident that the Inspectors were more than satisfied, and appreciated that good work was being done.

Our hand shakes with much writing; our eyes are weary with overmuch looking on white paper; it is time to draw to a close. We send our little book to the printer from whose press the copies will start on their wandering. Some will find a resting place at only a few yards' distance; others, doubtless, will measure their travels in thousands of miles. Whether the journey be short or long, each copy bears with it a message of affectionate greeting and remembrance to all Stocktonians.

THE SCHOOL SPORTS.

The fifteenth annual School Sports were held on the Victoria Football Ground, on Thursday, June 18th, 1925.

It was unfortunate that, in the midst of a spell of fine weather, the day we had chosen should have been a very cold one with a wind blowing fiercely from the north; unfortunate for it detracted from the comfort of our visitors and also because it destroyed the possibility of good times being made in the various events. One record and one only was broken and that in brilliant fashion. J. Carr won the mile race for the third year in succession, and in doing so lowered the record time by nearly 13 secs.; the achievement was the more creditable since the time for the mile had not been lowered for seven years. The mile race was also notable for the very plucky running of some small members of the House teams. We do not seem to be very strong in keen athletes of senior standing just at present, so these juniors turned out for the honour of their Houses and, though badly overlapped, finished stoutly, so that every member of every team started and every single one finished—a fine achievement well worthy of record. The times for other events were undistinguished and the distance for the cricket ball and the height for the two jumps were well below the record, though in the Senior High Jump the jumping was stylish and neat. The Brown House have now been champions for five years out of the last six, and it is time that the other Houses set to work to train seriously so that they may challenge what is becoming a monopoly.

The mayoress very kindly presented the Cups, Medals, and Certificates. She arrived with the Mayor about half way through the afternoon. When the Mayor received his programme, he turned to the event just beginning, looked at the time there given, pulled out his watch and exclaimed "Exact to the minute!" We record this compliment because our accurate timekeeping in the sports is one of several things on which we pride ourselves.

The number of visitors was rather greater than usual and, had the day been more genial, would probably have been greater still.

Our most grateful thanks are due to the ladies who gave such kind and willing help with the refreshments, and to all who worked so hard to make the sports a success.

Swimming Sports.

The fourteenth annual swimming sports were held at the Corporation baths on Monday, October 19th, 1925. We were pleased to welcome a larger number of parents and friends than usual. Two impressions remain of the day's swimming; first the extent to which C. H. O'Grady dominated the senior events, and secondly the poor showing made by the Red House. O'Grady swam with excellent style and judgment: in events requiring speed and stamina as in the 3 lengths, and in events, such as the dive, where neatness and grace were the chief characteristics, he was either easily first or a very close second. He carried off the championship with 4 firsts and 2 seconds and altogether contributed 18 $\frac{1}{2}$ points to the total of his House—more than half the total number gained. His was a very fine performance.

We would also mention the achievement of J. P. Ellis who swam a length and a half under water. This is not a school record but comes pretty near it, and so plucky an effort should not go unrecorded.

To those who remember the early days of the swimming sports, when the Red House carried all before them, their showing on this occasion was wretched in the extreme. A second in the backstroke and a pitiful third in the learners' breadth were all that they had to show when the list of placings was made up, and in the squadron race they were simply nowhere—a kind of "also swam." It is to be hoped that they will take their swimming very seriously next season—and with better results.

A number of youthful swimmers showed excellent promise, and the enthusiasm of the spectators was well up to the standard of former years.

Mrs. G. Hall, who is a governor of the school, very kindly distributed the certificates of proficiency gained during the season, and the medals and certificates won at the sports to the successful competitors.

Railway Centenary Sports.

As part of the celebration of the Railway Centenary, the Stockton amusements Committee presented a handsome inscribed cup to be competed for by representatives of the Secondary School and the Grammar School and won outright.

This Sports Meeting was held on the afternoon of Friday, July 3rd. The Grammar School had some very promising juniors who carried off the majority of the points in the 100 yds. and the High Jump and halved the points in the 220 yds., but in the senior events they were distinctly outweighed. Our senior representatives did

very well indeed; they gained first and second places in each of the four senior events, and won the relay race by some sixty or seventy yards in really fine style. A word of praise is due to A. G. Wilkinson of the Grammar School for his very plucky running; he secured three thirds in senior events, and must have felt it rather hard luck that he did not get a few more points.

We understand that one of the best of the Grammar School athletes left school as recently as Easter, and that another likely candidate injured his leg shortly before the sports and was unable to run. It is the fortune of war, but we are sorry for the occurrence, and the pleasure which we naturally feel at our victory is thereby lessened.

At the conclusion of the sports Dr. Crockett and Mr. W. D. Seville, M.A., Headmaster of the Grammar School, both spoke, and the cup was presented to R. I. Walker, our Senior Prefect, by the Mayoress, who, with the Mayor, had found time to slip away from their round of the Elementary School teas to visit us again.

A very hearty cheer given by the victors for the vanquished, and as cordially returned by them, brought to a conclusion a very interesting meeting.

School Football and Cricket, 1924-25.

Of the nineteen matches played by the School Football XI, eight were won, seven lost, and four drawn. The team as a whole was quite up to the average. Harris in goal was always reliable; of the full backs—Benzies, Cox, and A. Thompson—the last named was probably the most effective: while Stonehouse, Carr, and Sanderson made up a trio of hardworking, if not very scientific, halves. The forwards at times showed a fair idea of combination. Of these Kennedy was much the most attractive player, although Barker, the captain (who did not always sink his own individuality for the good of the side) was always very dangerous. Myers and Goodier constituted a left wing somewhat deficient in pep, and Walker as partner to Kennedy swept along at outside right with rare zest and enthusiasm.

Double victories were obtained at the expense of Darlington Junior Technical School, the match at home against a much smaller set of opponents resulting in our Eleven piling up the very substantial score of 23 goals to nil. Another runaway victory—this by 13 goals to 1—was obtained against Darlington Commercial School. Our old opponents from Spennymoor, however, triumphed against us on both occasions.

We are indebted for much of the above information to a correspondent—himself a half-back—who wishes to remain anonymous. Very modestly, he reports that our Eleven was weak in defence which was too slow.

* * * *

The same correspondent has also kindly sent us a few notes on the Cricket Eleven. Like ourselves, he waxes very sarcastic about the particular piece of pasture on which, perforce, our cricket practices take place, and rightly dwells on the great disadvantages under which we labour compared with other schools in the matter of playing facilities.

Nine matches—of which five were won—were played during the season. Heavy defeats were sustained at the hands of Great Ayton and Middlesbrough High School, while well contested games took place against Hartlepool Secondary and Northallerton Grammar Schools.

Our one and only century was compiled against Henry Smith's School who were all out for 23.

The main strength of the team lay in the bowling, A. Thompson, E. Harris, Barker, and Chambers with, occasionally, Kennedy, all doing good work.

The batting was weak, only Cowell, and perhaps Sanderson, displaying any consistency, but the fielding (we mention here Kennedy, Barker, A. Thompson, and E. Harris) showed an improvement on that of previous years.

During the year, Thompson, for whose cricket ability we have much regard, played in one match for Norton Senior Eleven, while the prowess of Stonehouse (captain) was on several occasions shown on the cricket field at Stockton.

Junior Forms' League.

Two shields, designed and made by Mr. Allan and Mr. Upton respectively, were put up for competition. The football trophy was won in the Autumn term by III B. (captain, Harland), while III A., under the captaincy of Jackson, secured it in the Spring term. III B. (captain, Taylor) also succeeded in winning the cricket shield. The competitions were made possible by the kindness of various members of the fifth and sixth forms, who gave up much of their hard earned leisure in order to supervise the various matches.

House Football Competition.

The competition remained undecided until the last match, when the Browns and Greens, both with victories over the Reds and Blues to their credit, came into opposition. A stirring contest ensued, the Greens leading at the interval by a goal scored by Kennedy. The

second half was about half way through when Butler equalised, and thereafter end to end play took place, with many narrow escapes for both sides. The last incident in a well fought game was a great save by Harris who emerged from a struggle in the goal covered with mud and glory.

Lest ye may forget the heroes who struggled so nobly for the honour of their respective Houses, we put on record their names:—

BROWNS:—Harris, Cox, Jameson, Lee, Walker (capt.), Watson, Butler, Bond, Brown, Myers, Rhymer.

GREENS:—Nasby, Wilson, Graham, Williams, Benzies (capt.), Southern, Gowland, Smith, Kennedy, Bradford, Rigby.

Of the other two Houses, the Reds who were uneven in quality were best represented by Barker (capt.) and A. Thompson: the Blues, over whom Dodds presided with tact and dignity, were lacking in the necessary avoidupois. Probably Blair and Davison were the shining lights here.

School Tennis Tournament.

This year there were no fewer than 32 entries for the Tennis Tournament and of these only two competitors scratched. The first round was again devoted to the elimination of rabbits, though, considering the record entry, there were fewer of these poor players than last year.

The second round saw much more spirited games, though boys who were drawn against supposed favourites seemed to give in far too easily. Only one person scratched in this round and he had had a bye in the first. One or two of the results were distinctly surprising, for example the defeat of S. Smith by J. T. Gibson, and of L. Myers by R. F. Threlkeld,—but then all these players were “dark horses.”

Of the four games in the third round, three resulted in easy victories, J. T. Gibson disposed of N. Middleton quite easily, R. W. Williams beat Ern. Watson 6—0, and C. Watson defeated R. F. Threlkeld by six clear games. The other game was more evenly contested J. P. Ellis defeating E. Harris by 6—4.

In the semi-final R. W. Williams (holder) defeated C. Watson (last year's runner-up) in two straight sets 6—0, 6—0. As in last year's final it was a case of nerves and experience triumphing. In the other match a much better game was seen, both contestants playing well. In the result J. T. Gibson beat J. P. Ellis 4—6, 6—3, 6—4.

The final was played on a cold day with a cutting wind blowing across the court. The diminutive Gibson facing Williams—almost twice his height—suggested a meeting of David and Goliath, but David was lacking in confidence and Goliath won. Gibson did very well to reach the final, but he was helped somewhat by the fact that several good players had fallen in earlier rounds. He played rather with the courage of despair and took only three games in the two sets. He shows considerable promise in cross-net play, but his service is distinctly weak, and he must learn to hit the ball down in serving before he can hope to make much progress. Williams is a worthy champion and is improved since last year. His service is more reliable, and his cross-net play is very persistent. Only occasionally, and when he has something to spare, does he indulge in some aimless slashing.

Final result: R. W. Williams beat J. T. Gibson 6—2, 6—1.

LITERARY AND HISTORICAL SOCIETY.

The Society, which included about fifty members, enjoyed a prosperous session. During the Autumn term Lantern Lectures were given, which included talks on Canada, Australia and New Zealand, given respectively by Metcalfe, Cox and Stewart. Debates were held, and also a very successful mock election which afforded Metcalfe and Chapman an opportunity of discoursing on the merits of the Conservative party, while the duty of upholding Liberal principles fell to Stewart, the claims of Labour being voiced by Suthern and Thatcher. The term's work concluded with a mock trial in which Nasby and Stewart acted as counsel, Metcalfe as judge, Cox as prisoner, and Wilson, Walters and O'Grady as witnesses, the last mentioned in a pleasantly humorous manner.

The Spring programme comprised lectures by Chapman Metcalfe, and T. H. Brown, their contributions being respectively concerned with "Castles and Mansions," "A Visit to the Continent," and "The Evolution of the Aeroplane." The Society was also indebted to members of the Staff for lectures as follows: to the Headmaster for a lecture on "Shakespeare's England," to Mr. King for his contribution on "The Letters of Charles Lamb," to Mr. Brooke for a talk on "Oxford," to Mr. Allan for his lecture on "Ancient Stone Crosses," and to Mr. Armstrong for his paper on "Castles." Without doubt the most important event of the session was the visit of Professor J. L. Morrison, of the University of Durham, who honoured us with his lecture on "Early Victorians."

To add a touch of lightness, as it were, a social evening was also held, as notable for the substantial inroads which members made on supper, as for the skilful direction of Mr. Elliott, who acted as chief steward, manciple and orderer of ceremonies.

During Summer term visits of inspection were paid to Richmond Castle and Staindrop Church, and fifteen members of the Society took part in a debating competition for a prize offered by the Old Stocktonians' Association, with a view to stimulating the debating powers of budding historians. All entrants showed a fair acquaintance with their subject, and three especially gave promise of future eminence as Ministers of State. The prize was carried off by Thatcher of the Sixth.

Our chronicle would be incomplete if it did not include an expression of our appreciation of Metcalfe's work as Secretary, and of Chapman's labours as assistant Secretary and designer of the excellent posters, by means of which the attention of the school was drawn to the Society's meetings.

CHESS TOURNAMENT.

The competition for the shield presented by Mr. A. W. Welch—once the most distinguished cricket player in the district, now equally famous in the game of chess—produced ten entries. The standard of play was never high, and despite the fact that they were conceding large starts, W. Thatcher and R. Cox, for the third year in succession, contested the final, with the same result—the shield again adorns Thatcher's sideboard. Of those who fell by the way, J. Goodier and W. E. Read were the least easy victims.

SCHOOL EXAMINATION RESULTS, 1925.

SCHOOL SPEECH DAY, 1924.

Last December, after a lapse of several years, the School Speech Day was revived, being held in the Jubilee Hall, in conjunction with that of the Girls' Secondary School. It is worth noting, perhaps, that as a joint function it is not destined to continue, since each school will have its own annual celebration in future, a departure from last year's practice which both institutions are entitled to welcome, in that *esprit de corps* is more readily fostered when a school is in a position to feel that it leads its own separate, independent existence.

The Chairman of our Board of Governors, Robert Roger, Esq., J.P., presided over the gathering with that genial urbanity which has endeared him to successive generations of scholars and Old Boys, and the presentation of certificates was performed by Alderman T. F. Brass, O.B.E., M.A., J.P., at that time Chairman of the Durham County Council and of the County Education Committee.

The speech which Alderman Brass delivered dealt most ably and inspiringly with what must, after all, remain the chief end of education, the implanting in the youthful mind and heart the will to work, not mainly that material benefits may accrue to the worker (these, of course, we all hope, will be one reward of honest effort), but rather that each may, in the measure possible to him, contribute to the increased happiness of his fellow-men. In this dedication of self to others Alderman Brass saw the brightest hope of the future and the most satisfying reward which life could hold. The reader must not suppose that Alderman Brass was high above the heads of the more youthful members of his audience, for he seasoned his discourse with the salt of humour and quite obviously caught and held the attention of the youngest. It is safe to say that he left Stockton with the happiest impressions of his visit.

The Head Master's report naturally dealt with the details of the School's activities since his coming to Stockton, and he gratefully acknowledged his indebtedness to the Governors, to his predecessor, Mr. Prest, and to his colleagues, for the kindness shown to him, and testified to the zeal for the welfare of the School which was evident among Governors, Masters and Old Boys alike. Feeling reference was made to the loss which both the School and the community had suffered in the unexpected death of Mr. Lewis Lumb, and a public welcome was given to his successor, Mr. T. B. Brooke, the first Old Boy of the School to be numbered among its Masters.

Dr. Crockett made a strong appeal to the pupils' parents to give to their boys every facility and encouragement to prepare adequately the tasks set as home-work. This preparation, he pointed out, was a feature of all Secondary School education, and its due performance was an essential condition of that progress in knowledge which ought to be the aim of every pupil and the desire of every parent.

The names of the successful candidates for certificates and the academic successes of Old Boys are given elsewhere. But this notice of the Speech Day must not be concluded without an assurance that, as years go by, there is every prospect that the function will become increasingly picturesque as trophies and awards of various kinds multiply in number, progressively interesting as its appeal is broadened and deepened, and growingly profitable as the School takes more and more pride in itself and as the community takes, as it is earnestly hoped it will take, more and more pride in the School. It is pre-eminently in this last respect that we in the School look to the Old Boys who are still of it, though no longer in it, to stand by their old school and help it to greater usefulness and higher honour.

OLD BOYS' REPORTS.

On February 12th, a most interesting lecture was given in the Jubilee Hall, by Captain R. S. Gwatkin Williams. The lecture which had the somewhat romantic title "Under the Black Ensign" did not, as one might suppose, deal with chronicles of piracy, but was a very racy account from the point of view of a leading actor in them of the naval operations during the Great War on the Murmansk Coast of N. Russia. In the course of Captain Williams' reminiscences we were given many interesting sidelights on warfare as it was carried on on the High Seas. Some of the slides shown gave a very vivid impression of the bleak coasts of the frozen North, and those dealing with the floral and animal life showed the lecturer to be a keen naturalist as well as a man of adventurous action.

We are indebted to His Worship, the Mayor (L. Ropner, Esq.) who amidst his multitudinous duties found time to act as chairman, and to Dr. and Mrs. Hall, who very kindly offered hospitality to the Lecturer.

Poor Children's Treat—Dec. 20th.

(As visited by Mr. Samuel Pepys.)

With Dr. Crockett, a fine gentleman and scholler, in the evening to his school, and there saw a sight that in all my life I never saw the like. The great hall was full lit with some hundred bright lamps, and others coloured, on a great fir tree; made wondrous withall by much coloured

flags. And a fine tea set with such linen and flowers and silver that I was reminded of our merry dinner at the Exchequer, this day twelvemonth (having three barrels of oysters, three pullets and plenty of wine for twelve of us). In come the guests, no gentry, but urchins, some five score and ten, each more noisy than my wife when she rates, but cleanly. Some musique whereupon they were quick to action as our fleets and as destructive of stores. To my questions my guide gave answer it was a Christmas feast for the poor, and the labour of Old Boys of the School, these serving in the guise of clowns. Such stores of food were eaten that I lost a piece on a wager with the secretary (I saying that the feast could not last, and he, knowing the generous providers, saying that the guests would first tire). By a quaint conceit they keep records of achievement—last year one individual drinking as much as nine dishes of tea, a number surpassed before my eyes. Followed much boisterous fun with magic by Will Fleet (most aptly called for a juggler), Punch and Judy, matches in singing and whistling; and no long time after, two Old Boys of staid demeanour, one a King's clerk, did dance with great abandon. By and by the children go home laden with good things to eat, which rejoiced me greatly, to see everyone so happy and of thought for others. So to my tavern to a pint of wine and early to bed.

To the official chronicler of *the Poor Children's Treat* there remains only the pleasant task of stating that the event was even more successful than the first treat. Subscriptions were plentiful, the sound of the axe felling the Xmas tree was again heard in the vicinity of Bishop-ton, gifts of sweets and fruit were particularly generous, two Old Boys again bore the brunt of the catering, and time and labour were given without stint by a host of members.

Annual Dinner.

On the evening of 30th December, 1924, we assembled in encouraging and in record numbers at the Half Moon Hotel for the event of supreme importance in the Old Stocktonians' year, the Annual Dinner. Again it was an experience, refreshing and stimulating, to find at the dinner the old and well-remembered faces of those whose duties have carried them out of the town, and who therefore find the dinner the one function which appeals to them as an experience and not as a matter of report. The President, Mr. C. J. Osborne, with genial smile, ably discharged the duties of Chairman, and was supported by Dr. Crockett and Mr. Prest. It was a pleasure to see our old friend Mr. Roger present as a guest of the Association. No less a pleasure was it to hear the speeches of the President, Dr. Crockett, and Mr. Prest, and the slyly wittily maiden venture of Mr. R. E. B. Williams, whose speech marked him out as one intended for greater things in connection with the Association. An excellent programme of musical and vocal items was provided by Messrs. Hale, N. Williams, Hepper, Brooke and Dr. Crockett, Mr. King adding one more to his already lengthy list of appearances in the onerous role of accompanist.

Retirement of Mr. J. G. Taylor.

On the evening of July 29th, the Old Boys bade farewell to Mr. Taylor on his retirement after almost thirty years' work in the School. Advantage was taken of the occasion to present Mr. Taylor with a silver tea service and tray, while to Mrs. Taylor was given a gold wristlet watch.

In making the presentation, Messrs. C. J. Osborne, A. Scholes and J. Spark all referred very eloquently (yet withal humorously) to the eminent services which Mr. and Mrs. Taylor had rendered to the School, and to the great respect and esteem in which they were held by all Old Boys, while Miss M. Harper voiced the feelings of the Old Girls in a speech marked by great beauty of phrasing and felicity of expression.

In his reply, Mr. Taylor was pleasantly reminiscent, but one detected now and then the undercurrents of pride, affection and pain which were running through his mind as he gazed on the friendly faces before him.

Happy touches during the evening were the reading of appreciative telegrams from absent old scholars, the presentation of a bouquet to Mrs. Taylor by little Miss Nicholson, the handing over of a cheque by Mr. Taylor to the Old Boys' Benevolent Fund, the singing of Miss E. Watson and Mr. W. Hewitt (great in the counsels of the Old Girls and the Old Boys respectively), and lastly the homely gathering at the close when over a cup of coffee old friendships were renewed, old scenes revisited, and old jokes retold. It remains to be said that Dr. Crockett, grave and gay by turns, skimming over the difficult parts with consummate ease and tact, made an admirable chairman, and that a photograph now hangs in the Chemistry Lab, which in the absence of Mr. Taylor will serve to recall a life well spent, a work well done, a leisure well earned.

Football Club.

Since the war, several attempts have been made to re-organise the Old Stocktonians' Football Club, which existed as a very strong unit in 1913-14-15. Difficulties of finance, of securing a suitable field, of obtaining decent fixtures, etc., have, however, always stood in the way, and it has been only in the present session that the new Football Section has come into being. Admission was secured into the Stockton and District League, and twenty league matches were played of which 7 were won, 9 lost, and 4 drawn. The Club also took part in two Charity Cup Competitions, while a very nice match was arranged against Barnard Castle School.

Drawing our players from a very wide area, we were very rarely able to field a truly representative eleven, while injuries or illness made very serious inroads on our playing strength. First J. R. Fawcett, and then T. Olver, R. Williams, and H. Iley were placed *hors de combat*, while F. Bulmer, who had been a tower of strength in the opening games, was called upon to take his place in the Stockton forward line. Among those who assisted us fairly regularly, F. Peers, C. Hopper, J. L. Barker, E. Howie, F. Nasby, J. MacWilliams, A. Bowey and S. Wilkie all did well. When P. Bell and H. Horn were available, they rendered yeoman service, while valuable help was received from Mr. R. F. Laverick (of the School Staff), E. Brown, A. Stephenson and N. Winn.

A second eleven took part in eighteen matches and on the whole held their own. Pleasant games were played against Darlington Grammar School Old Boys and against the National Provincial Banks. Prominent players in this section (several of whom on occasion assisted the senior team) were R. Rice, L. B. Noddings, J. Bowey, T. Spink, A. D. Collins, P. Wedgwood, H. Bennett, J. and S. Miller, L. Wood, J. Chapman, F. Lamplugh and L. McInnes.

In all, the Club had 36 members, who paid their subscriptions, bought their football kit, and met their own travelling expenses without demur. A prize competition organised at Christmas (all the prizes being given by Old Boys) proved very successful, and the Club has now sufficient funds to carry on without fear of the future.

Our brief account would not be complete if we did not pay a tribute of appreciation to Messrs J. Spark, H. Broadbent and H. Metcalfe, who in various ways did much to help things on; to Mr. E. Howie who bore on his broad shoulders pretty well the whole of the burden of the organisation and running of the Club; to Mr. R. L. Rice who was most helpful especially with the second eleven; and to Mr. Elliott who as Committeeman, towel-holder, and general factotum proved himself to be indispensable.

Old Stocktonians' Benevolent Fund.

A milestone in the Association's affairs was passed during the last few days, when definite shape and approval were given to the Old Stocktonians' Benevolent Fund.

There have been occasions in the lives of various of our members when a little financial aid, given in the true sense of brotherliness and without the unpleasant features of a commercial transaction, would have seemed heaven-sent. The Association in recent years has known of such cases and has deeply felt its inability to render any real assistance. At long last, however, a scheme has been framed and approved in General Meeting by our members, and the Benevolent Fund is now an accomplished fact.

The main object is the assistance of any of our unfortunate comrades who may need our help, but no definite formula has been drafted, it being felt that a sympathetic yet discerning body of three Trustees would enable the Fund to be administered in the true spirit.

Six guineas were transferred from our general finances as a nucleus of the Fund. To this has been added the balances of four pounds from last year's Poor Kiddies' Treat and ten pounds from the Taylor Presentation Fund, this latter sum being set aside in accordance with the expressed wish of Mr. Taylor, to whom we express our great appreciation. Already, therefore, over twenty pounds are in the coffers of the Fund—an excellent beginning and one which promises well for the future. May the resources at our disposal continue to grow at a rapid rate! so that the Old Stocktonian who is "down and out" may always be assisted by his more fortunate brethren, through the medium of the Benevolent Fund.

MISCELLANEOUS ITEMS.

During the session, three Social Evenings were held. These seemed to decline in popularity as the session advanced, the number of Old Boys who put in an appearance dwindling from 70 to about 35. On one occasion Mr. N. Williams and party provided a really splendid musical entertainment, in addition to the whist, games and refreshments, which constituted the usual programme.

The usual simple but impressive ceremony marked Armistice Day, 1924. The service of commemoration grows more impressive and reverent with each succeeding year that we carry out our promise written in words of gold at the top of our War Memorial.

* * * *

On November 18th, Mr. W. Robson lectured to us on "The Music of the Twentieth Century." Mr. Robson is well known as a musical enthusiast of taste and knowledge, and his lecture, which was illustrated by Mr. Robson himself, and by Miss Carrie Deakin, Mr. R. Banks and some accomplished small boys, was both interesting and enjoyable.

The Rev. T. C. Gobat favoured us with a visit on Dec. 20th, his subject being "New Plays which have made me think." Mr. Gobat has a reputation which extends far beyond the confines of his district, and expressions of the greatest appreciation of his lecture were heard on all sides.

* * * *

"Literary Nonsense" was the title of a lecture given by Mr. T. B. Brooke, M.A., on May 6th. The humour of Edward Lear, the inventor of the limerick, and the cultured satire of Max Beerbohm were the staple of a lecture which delighted us by its literary taste no less than by its abounding humour.

A highly successful concert on behalf of the Mayor's Boot Fund was held on May 30th. We were fortunate in being able to secure the services of Miss A. Southcote, Miss D. Simpson, Miss M. Henderson, Messrs H. Hale, G. Hunter, C. W. King, P. B. Townsend and N. Williams, to all of whom we beg to tender our sincerest thanks. This most delightful and enjoyable evening enabled us to hand £12 to the secretary of the Boot Fund, Mr. J. S. Purdey, who acted as chairman for the evening.

OLD BOYS' NOTES.

During the year the following successes were obtained by Old Boys :

- M.B., Ch. B. (Edinburgh) —V. J. G. Macgregor
(Now House Surgeon at the Bootle Borough Hospital, Liverpool.)
- B.A. (1st Class honours in Geography, Liverpool)—T. B. Noddings
(Now on the Staff of the Pontypridd Intermediate School).
- B.Sc. (Engineering, Durham) —W. L. Bouch
(Mr. Bouch has secured an appointment as Civil Engineer and Surveyor with the Caribbean Petroleum Co., Venezuela.)
- B.Sc. (2nd Class Honours in Chemistry, Manchester)—K. Gilbraith.
- B.Sc. (Agriculture, Durham) —V. Harris
(Mr. Harris obtained the Philip Buckle Memorial Travelling Scholarship in Agricultural Zoology at Armstrong College, and was later awarded an Agricultural Scholarship by the Colonial Office, tenable for the first year at Cambridge University).
- B.Sc. (2nd Class Honours in Mathematics, Leeds)—A. N. Foggin.
- M.A. (Oxford) —W. R. Watkin
(Now Senior History Master at Alleyns School, Dulwich).
- Inter B.Sc. London (London)—T. Hagyard and R. Rutherford.

P. V. Pringle was appointed Chief Assistant for Design in the Engineering Dept. of the Great Southern Railways of Ireland; J. W. Wardell was appointed Chief Draughtsman at Head Wrightson's (Forge); I. L. Bradley received an important appointment as assistant analytical chemist with the Sinai Mining Co., Ltd., Egypt; J. H. Pratt (B.A.), who is undertaking missionary work in China, was ordained by the Bishop of London; E. Callender (M.R.C.V.S.) was appointed a Veterinary Inspector by the Ministry of Agriculture and Fisheries; A. Crawford ((B.Sc., Hons.), who received the Saville Shaw Medal for specialised research work when at Armstrong College, and who is now engaged at the Government Fuel and Research Station, Greenwich, hopes to have the degrees of M.Sc. and Ph.D. conferred on him at

Xmas; H. Darnbrough (A.C.A.), received an appointment with Messrs. Price, Waterhouse and Co., London; M. Denham has been made Secretary of the Sinai Mining Co.

Of those Old Boys at present at the University, W. A. Eden (Liverpool)—now Sub Editor of the University Magazine—passed his second year Exam. in Architecture; G. D. Hewitt (Cambridge), his second year Exam. in Science; J. Livingston (College of Medicine, Newcastle), his 4th year Medical; H. Cunningham (Armstrong), his 1st year B.A.; L. S. Cunningham—Chairman of the Biological Society—passed in Zoology and Physics, and now requires only Mathematics to complete his degree; T. Saunders (Macdonald College, Quebec), obtained the Special prize for "Theory and Principles of Education," and in the Exam. for Intermediate Diplomas was 10th out of 170 students; scarlet fever prevented W. S. Ball (Liverpool), from taking his final exam. in Engineering (he will take it next year), and he is now engaged as a pupil apprentice at the Peel Connors Telephone Works, Coventry; F. Hawley (Liverpool), had no exam. in his 1st year.

* * * *

Out of 220 applicants, D. McIntyre secured the post of Articled Pupil of Architecture offered by the Durham County Council. He has now been admitted as a probationer of the Royal Institute of British Architects.

* * * *

J. S. King has been appointed Magistrates' Clerk, at Witham, Essex.

* * * *

On the football fields, the names of few new Old Boys appeared. F. Bulmer, H. Brownlee, and occasionally H. Horn made their presence felt in senior Association circles, while S. Llewellyn L. Walton, A. Llewellyn, L. Close, P. Sive and J. Cheseldine made progress in the Rugby game.

* * * *

Out of our cricketing Old Boys, however, it would be possible to select a very formidable eleven. With some diffidence, we put forward the following fifteen players: H. Heavisides, C. Cussons, W. Salmon (Norton), S. Dickson (we noted his century and his return to form with the ball), W. Dobson and W. Wilkinson (Preston); W. B. Eddy and H. Atkinson (Thornaby); R. Gooding, A. Bowey, T. B. Sharp, F. L. Scaife, T. D. Olver, W. Gilbert—who performed the rare feat of taking 100 wickets during the season (Stockton); P. Trenholm (Darlington). There are doubtless others who have some claim to be considered, but their form is not so well known to us, *e.g.*, W. L. Bouch, W. Savage and W. B. Noddings.

R. S. Ruddock was our most prominent swimmer; W. Salmon and the brothers Cussons were probably our most representative hockey players; while with more or less distinction Old Boy tennis players appeared on every court in the town.

It is with a feeling of the deepest sorrow that we have to record the deaths during the year of three Old Boys: Messrs. G. Trowsdale, P. B. Beard and J. Parry. The circumstances in each case were particularly sad.

G. Trowsdale had hardly left school when he was attacked by a serious illness, and despite all that medical skill could do he slowly and almost imperceptibly passed into that haven where illness and sorrow are unknown.

Of Philip Beard—also a mere boy—we can say this. His illness endured over two years. Throughout the whole of that time—whether in the Nursing Home or in the operating theatre of the Royal Infirmary at Manchester, or in the loving care of his mother at Stockton—he bore his troubles with the greatest fortitude and courage. Ever he looked forward to the time when the dark days would pass away and when the sun would again shine on the green playing fields which he loved so well.

J. Parry, a Stillington boy, on leaving school was apprenticed as a draughtsman to the Carlton Iron Co. Having finished his time early in 1924, he remained with his old firm until October of that year when owing to slackness of trade he received his notice. Subsequently he obtained employment with Messrs Siemens. On Aug. 8th he was finishing his work when he heard a cry for help coming from Billingham Beck. Parry, encumbered as he was with his heavy clothing and hindered by the incoming tide, at once rushed into the water and seized a youth of 16 or 17 years of age who was in imminent danger of drowning. Other help was at once forthcoming, the youth was saved, but our Old Boy was drowned, having undoubtedly given his life for another. It was our sad privilege to place an evergreen wreath on his grave in Stillington Churchyard. Likewise it is our pride and privilege to be allowed to include his photograph in this number of the Year Book.

Just on going to press, we learn that W. P. King died a few weeks ago as the result of an accident.

OUR PHOTOGRAPHS.

Mr. E. Howie: captain, secretary, and mainspring of the Old Stocktonians' Football Club.

Mr. H. C. Hale: well known in local musical circles. A very popular figure at our concerts and in the School "Musical Appreciation" Class.

Mr. A. E. Lax: B.Sc. of the University of Durham, and Headmaster of Bowsfield Lane School.

Mr. V. J. G. Macgregor; the first Bachelor of Medicine and Bachelor of Surgery that the School has produced.

The photographs of the following Old Boys have appeared in previous issues:

1922—Messrs. H. Heavisides, A. Pickworth, J. H. Pigg, E. Scholes, G. P. Stainsby, G. H. Swinburne, E. M. Taylor, N. Winn.

1923—Messrs. W. Brewis, F. W. Dixon, J. Spark, L. T. Winn.

1924—Messrs. T. B. Brooke, T. A. Kennedy, T. Olver, C. J. Osborne.

Rules—Old Stocktonians' Association.

Revised October 30th, 1925.

1. The name of the Association shall be the "Old Stocktonians."

The "Old Stocktonians" aims at continuing friendships and preserving that spirit of comradeship which ought to exist among those who have been educated at the same school. These aims are to be achieved by means of social, recreative, and educational pursuits.

2. The Association shall be open to the Old Boys of the Stockton Secondary School and of the late Higher Grade School. Past and present Masters are also eligible.

3. The government of the Association shall be vested in three Presidents, six Vice-Presidents, a Treasurer, two Secretaries and a Committee of sixteen, together with the Secretary of each Sub-section.

(a) The present and retired headmasters shall be Presidents *ex officio*.

The third shall be elected annually.

(b) All the other officials shall be elected annually.

(c) A member holding any office shall be eligible for re-election in the following year, in the same or any capacity.

(d) In Committee seven shall form a quorum.

(e) The Committee shall have power to co-opt any member or members at their discretion for the time being for any particular purpose.

4. The Committee shall have power to refuse membership to any applicant for admission or to ask any member to resign (after investigation by the Committee, and confirmation by a general meeting), whose conduct they consider such as to militate against the welfare of the Association.

5. Each section shall be self-governing and self-supporting. The Committee, however, shall have power to grant financial aid to any Section.

Each Section shall submit its programme to the General Committee for approval.

6. The annual subscription shall be one shilling, payable to any member of the Committee before January 1st. In lieu of an annual subscription, a Life Subscription of twenty-five shillings may be made.

7. These rules shall be altered only at the annual general meeting, and then only by a two-thirds majority; all motions of such alterations to be in the hands of the Secretaries four days before the date of such meeting.

8. The annual general meeting shall be held in September or October.
