## THE DAY'S WORK.

*A glance at ourselves, our friends, and our activities.*

THE last number of "The Stocktonian" appears to have been received everywhere with appreciation, and none but kindly words about it have reached our ears; present pupils have read with pleasure the account of their own doings, and have shown at least a mild interest in the work of that Association into whose ranks we hope to receive them sooner or later; Old Boys have seen their own achievements recorded, and have renewed to some extent the days of their youth in sharing again the enthusiasms of those who stand where they once stood. And now the wheel of Time has, once more, come round full circle, and it is our duty and our pleasure to cast up our accounts for the past year—to measure the profit and plan to compensate for the loss.

The Association can without reserve congratulate itself on a very successful year's work. The membership stands very high; over six hundred subscriptions have been actually paid—a truly excellent membership for a Society like ours.

After filling the office of President of the Association for one year, Mr. T. B. Brooke, M.A., has resigned, and is succeeded by Mr. Norman Winn, an old and tried friend, who becomes President for the second time. Mr. Brooke needs no praise from us; his arduous and enthusiastic work for the Association are too well known. This work he will continue as joint secretary.

A special effort has been made in Stockton during the past year on behalf of the Stockton and Thornaby Hospital. With this the Association has prominently identified itself. A guessing competition was held and proved highly successful. All prizes were given, and all expenses paid, by members of the Association, so that the whole of money subscribed was handed over to the Hospital Fund without any deduction whatever.

In addition to this scheme, a Dance was held on behalf of the Fund. This was an outstanding success, and was described to us by an impartial observer as one of *the* social events of the year in Stockton. It was admirably organised by a small committee presided over by Mr. R. Richardson. The Mayor was present and was later the recipient, on behalf of the Hospital, of the profits realised.

A somewhat more ambitious scheme did not come to fruition. It was proposed that members of the Association should hold the town to ransom. When the time came for the offer of personal service it was found that that well-known diffidence characteristic of Old Stocktonians was much in evidence, and not enough names were received to give a fair prospect of success. Perhaps it is only in the propitious atmosphere of a University town that the whole-hearted spirit of ragging, with its complete abandonment of the conventions of everyday life, can find its true expression and can carry to triumphant success so ambitious a scheme as the raiding of a whole town.

Notwithstanding this comparative failure, the Association was able to hand over to the Hospital Fund a sum of close on £110, and so stood high on the final list of those who by their efforts had made the Hospital Appeal such an outstanding success.

The event of the year in connection with which we go out into the highways and byways and compel our fellow townsmen to be aware of our existence is the public Lecture, in the Jubilee Hall. This year we were more than usually fortunate in securing the services of Mr. Alexander Watson, whose admirable dramatic recital can have left none of his large audience dissatisfied. Versatility, clearness of enunciation, sympathetic facial expression, appropriate dramatic gesture combined with telling expression, contributed to give an impression of Mr. Watson's art which hardly rendered the term genius too strong a word to use in connection with it. Again we were indebted to Dr. and Mrs. Hall for their hospitality to our lecturer. We believe that lecturers have admitted that not often do they receive such kindly entertainment as when they visit us. The next Lecture on February 23rd, by Stafford Webber, Esq., B.A., Barrister-at-Law, who will tell us of "The Humour of Punch," should appeal to every taste, and we confidently appeal to all our members to make the function a bigger success than ever.

We are at home to ourselves at the Annual Dinner, which took place last year on December 28th. Some fifty Old Stocktonians were present and very happily was the evening spent. We have often expressed regret at the relatively small attendance at the Dinner, and we felt it as keenly as ever last year when only one Old Stocktonian out of twelve was present. We trust that the attendance on December 30th, 1926, will eclipse all previous records, and will make us all feel that we have with us a really representative gathering of Old Boys.

On the day following the Dinner, the Association entertained to a Christmas Party one hundred and ten poor children. There can be no doubt in the minds of those present that this is indeed a red letter day in the life of every child guest. Marvellous is the amount which each can eat! Not less remarkable is the volume of liquid which disappears! Uproarious is the abandonment with which they express their individual and united delight! A great work is this of the Old Stocktonians and long may it flourish! This year it is hoped to give not one, but two parties on successive nights, and we hope for help and support in money and in personal service.

Last year was founded a Benevolent Fund for the purpose of helping Old Boys in times of difficulty. This is now in active working order and has already proved its value. It is perhaps not superfluous to remind our members that the fund is willing and anxious to receive subscriptions, which may be sent to any of the Trustees. In order to assist the Benevolent Fund it was decided that each year a Concert should be held of which the profits should be placed at the disposal of the Trustees. The Concert last year was given by Miss Southcote's Concert Party, who were assisted by Miss Hilda Atkinson (Harpist), and Miss Freda Corbett (Elocutionist). It was much regretted that Miss Southcote herself was prevented by illness from being present but, notwithstanding this handicap, the Concert was in every way an artistic and financial success.

The smaller Lectures, given usually in the school, have in the past caused disappointment. A good deal of energy and work were given to the preparation and organisation of these Lectures, and when—as happened only too frequently—the attendance was but a moderate one, it was felt that much of this effort was practically wasted. It was usually found that money was lost as well. Only one Lecture was given during the past session, that on "The Stage Parson," by

the Rev. T. C. Gobat, M.A. Needless to say this was thoroughly enjoyed by those who were sufficiently interested to attend, but once more the attendance was not encouraging and a monetary loss resulted.

Similar has been our experience with regard to Socials. One was held in the school early in the year and may be described as fairly successful. It was felt that perhaps a better attendance would follow a move to other and more cheerful surroundings, but a Social held at Spark's Cafe, on March 5th, yielded a worse attendance than ever and the Committee, loath to abandon the ideal of social union, are rather at a loss to know what conditions will appeal to our members and produce a satisfactory attendance.

The Old Stocktonians Football Club had a fairly successful season. Mr. E. Howie, the captain, became something of a power in the Councils of the league in which they play. He has worked enthusiastically for his club, and it is not surprising that his personality has won appreciation from others with whom he has been brought in contact.

A new departure was the formation of a Badminton Section, which was organised by Mr. T. Handley. The Club began its operations rather late in the season, and accordingly the number of members who rose to any heights of enthusiasm was but small. This section hopes to get a better start this season and would welcome keen recruits.

We should like here to pay the tribute of our heartiest thanks to the Mayor of Stockton (Leonard Ropner, Esq., J.P.), for the kindly and appreciative interest he has shown in the Old Stocktonians Association and in the School during the past year. He took the chair at Mr. Alex. Watson's Dramatic Recital. He was present at the Hospital Fund Dance, and only illness prevented him from redeeming his promises to take the chair at the Annual Dinner, and to distribute the prizes at the School Speech Day. His letters in connection with these events and with the Hospital Fund shewed a kindly and sincerely-felt interest, and our Association and the School offer to him this expression of their gratitude.

The School has every reason to be proud of this year's Examination Results. The Higher School Certificate Examination,—an examination of genuinely high standard usually taken by boys (or should we say young men?) of eighteen or nineteen years of age—is regarded as the normal preliminary to an Honours degree at the University, and those who succeed in gaining this certificate have made no inconsiderable beginning with the studies necessary for the attainment of their degree. Seven of our boys entered for the examination at the full stage and one at the subsidiary stage. All were successful. Not only so, but the standard of success was so high that no less than six of them were awarded Durham County Exhibitions of £80 a year each for three years. This, we believe, is a larger number of Exhibitions than was gained by any other School in the County this year. In addition, one of the six was awarded a Sir Frank Brown Exhibition of £35 per annum.

In the Lower School Certificate Examination twenty-two candidates were successful. We sometimes feel that neither pupils nor their parents realise sufficiently the importance of a boy gaining this certificate before he leaves School. The standard and value of the certificate are becoming more and more recognised, and for many

careers—and their number is increasing every year—it is coming to be regarded as an essential qualification. Sometimes not till years after he has left School does its fortunate possessor realise the full value of this certificate, and, on the other hand, all too often have we had to listen to expressions of bitter regret from those who have not worked steadily and conscientiously at School and so have been compelled to leave without the certificate.

This term we have welcomed to the staff Mr. W. H. Munday, M.A. (Oxon.) Mr. Munday was a scholar of Brasenose College, Oxford, and took his degree in Classics in that Honours School which is known to official Oxford as the school of *Litteræ Humaniores* and to the less reverential undergraduate population as "Greats." Mr. Munday, who will do his best to stir up in us the love of Classical Lore, has fitted rapidly and unobtrusively into his place in the school and already seems an old friend.

The Speech Day, held on December 18th, 1925, was marred by the absence of Dr. Crockett, who was unfortunately ill and obliged, after much hesitation on his part, to resign himself to the inevitable and remain at home. In his absence Mr. Eden read the Headmaster's report, and, for the first time for a number of years, some dramatic scenes were presented. These were the two scenes from Julius Cæsar which depict the assassination of Cæsar, and the speech of Mark Antony "in Cæsar's Funeral." The acting received many gratifying encomiums, and the dramatic fall of Cæsar and the ferocious howling of the mob of excitable young plebians gave the audience two genuine thrills. Another feature of the evening was the pleasing singing of a Choir of boys chosen and trained by Mr. Gavin Kay. The place of the Mayor, who was absent through illness, was taken by the Mayoress, who distributed the prizes with her usual grace and charm, but left it to Councillor T. Wilkinson to make her speech for her.

Among school societies the Literary and Historical Society has continued to do interesting and varied work. Unfortunately a most welcome side of its activities of the summer term had to be curtailed, since, owing to the orgie of strikes to which we have been treated this year and the consequent curtailment of railway facilities, it was found inadvisable to organise any expeditions far afield. A Junior Forms Debating Society held several meetings and gives promise of being a useful addition to the School Activities.

The round of Sport—Football, Cricket, School Sports, Swimming Sports, Chess—will be found described fully in the pages that follow. In both Field Sports and Swimming Sports we should like to see a greater number—especially of the upper half of the School—taking an active part as competitors. Rather too many seem to think they have displayed sufficient House patriotism when they have shown clamorous approval as House points have steadily mounted up (or alternatively have indignantly explained why they could not reasonably have been expected to mount up!) without quite realising that there is, in most cases, no satisfactory reason why they should not themselves be actively contributing to the mounting total. The weather of Sports Day this year ensured a most enjoyable field day for both competitors and onlookers. The beautiful surroundings of the Cricket Field engendered the holiday spirit, and the better arrangements for refreshments were so much appreciated that over five hundred teas were supplied—in itself a considerable undertaking for such amateur caterers as we are. The acquisition of a new sports field opens up a more pleasing prospect for our football and cricket.

We are at present engaged in setting up a barrier to divide our portion of the field from that which adjoins, and it is hoped that by next season some attempt may have been made to prepare a cricket pitch. The roomy, if not externally beautiful, pavilion has done much to add to the amenities of the field which we must endeavour to develop.

To all its members, present and to be, the Old Stocktonians' Association sends kind remembrances and sincere good wishes for the New Year, which is so soon to dawn, and for all the years which follow.

“Salutation and greeting to you all!”

## THE SCHOOL SPORTS.

July 3rd, 1926, was the perfect Sports Day, and, if the Stockton Cricket Field is not the perfect sports field, there must be very few fields which have a better claim to the title. It is therefore not surprising that some very good performances were witnessed and that several records were broken.

J. Williams did remarkably well in the senior 100 yds.; in the final his time was  $11\frac{1}{5}$  secs, but in his heat he set up the new and excellent record of  $10\frac{1}{5}$  secs. J. Carr did equally well in the longer races. He won the mile team race for the fourth year in succession (thus beating the record of J. Connors, who won in 1913-14-15), and in so doing lowered his own previous record by  $7\frac{3}{8}$  secs. The name of C. H. O'Grady figures in one of the three first places in every event of the Senior Championship, and he did his share of the record breaking by lowering the time for the hurdles by a fraction of a second. Carr and O'Grady divided equally between them 26 of the 36 points at stake in the Senior Championship.

The Junior Championship was won by W. Buckle who made a very good showing with two firsts and two seconds in the four events of the competition.

The Inter-School Relay Race was very interesting up to a certain point, though the latter part was not so attractive—at least to us. Our first two representatives secured a neat little lead, but there was distinct weakness later. We gave a good deal away in the clumsiness of the “taking over,” in which particular the Grammar School set our people an excellent example to which they will do well to give attention before next year.

On such a fine day and on such a pleasant field we expected a good attendance and heavy demands on our refreshment department, but our expectations and all previous records were exceeded when we were called on to supply over 500 teas. That there was so little inconvenience and so little ground for complaint is very much to the credit of those who organised and carried out this highly important side line of the day's activities. To all those who assisted so willingly and worked so hard we offer our most cordial and sincere thanks.

For almost the first time we were considerably behind the times given in our programme. This was, perhaps, a blessing in disguise, for it enabled Captain MacMillan, who had missed his train, to be with us just after the conclusion of the sports, and to present the prizes and certificates.

*School Swimming Sports.*

The fifteenth annual Swimming Sports were held at the Corporation Baths, on Monday, October 18th.

The feature of the sports was the excellent performances of C. H. O'Grady, who dominated the whole of the proceedings. He gained first place in five out of the six championship events; gathered together no less than twenty points for his house; and lowered the school record for the three lengths scratch, for the one length senior, and for the one length scratch over 15. Perhaps his very best performance, however, was his attempt to win the squadron race for his House, The representative of the Blue House was within about a quarter of a length of victory when O'Grady entered the water, and, such were his dash and speed, that a sigh of relief went up from supporters of the Blue House when the bar was safely touched; a very few more yards and victory would have been snatched away.

Less expert swimmers were overshadowed by these exceptional achievements, but some very plucky attempts were made by a number of younger boys. We should like to mention with commendation the names of A. Cowan, R. Aitken, E. Watson and A. Walton.

It was early seen that the struggle was between the Blue House and the Brown House, but the Blue House had to bow before the weight of O'Grady's 29 points.

After the events were over the medals and certificates, together with the certificates of proficiency gained during the swimming season, were gracefully presented to the fortunate winners by Mrs. T. Crockett.

We were pleased to welcome a good number of parents and friends, who appeared to enjoy thoroughly the sport.

The spirit of the swimmers and the quality of the swimming of the School are highly satisfactory; one would, however, like to see rather more boys moving from the ranks of the shouters to those of the swimmers.

## *School Football and Cricket, 1925-6.*

Of the nineteen matches played against Schools in the neighbourhood, the Football Eleven won 7, lost 7, and left 5 undecided. Double victories were recorded against Gisborough and Darlington Commercial School, but our old opponents from Middlesbrough and Great Ayton were too strong for us on both occasions. Apart from this, the matches call for no comment, if we except close encounters against St. Mary's College and West Hartlepool.

The team, captained by Carr, though not one of the great vintages, was quite up to the standard of recent years. Harris in goal displayed many of the attributes of the first class keeper, and with A. Thompson at full back was the star performer of the side. The other full back, Blair, lacked the style of his partner but was usually effective. The half backs—Stouehouse, Carr, Briggs and Wade—were stolid rather than brilliant, while A. Suthern, Millar, Myers, Kennedy and Goodier at forward, allowed indifferent shooting to handicap fair ideas on combination.

Cricket suffered under the usual disadvantages of inadequate facilities. Six matches were played and were equally divided among wins, losses and draws. Calling for special mention was a great victory against Great Ayton, and two exciting finishes—the one a draw, the other a narrow victory—against West Hartlepool. The stalwart of the side both in batting and bowling was A. Thompson. In batting his most capable assistants were perhaps Lowther and Watson, while Chambers, Cowell, A. Suthern and Walton lent a spice of variety to his attack. The fielding did not lack in keenness, and Watson behind the stumps showed a distinct aptitude for an onerous and thankless position.

### *Junior Forms League.*

In the Spring term IIB carried off the football competition, while three months later IIA created a sensation by earning the right to have the name of a second form inscribed on the trophy for the first time.

In the cricket section, IIB, following the example of their predecessors in 1925, were victorious.

We, unfortunately, had no opportunity of seeing any of the matches played in the above League. But we have on occasion intercepted small urchins returning from the field of play, indescribably dirty and at the same time indescribably happy. Furthermore, we have the assurance of a Form II boy that in all his experience he has never played in football of a better class, and that his eleven would have no hesitation in trying conclusions with any other eleven in the school.

It is our opinion, therefore, that the Junior League offers an admirable outlet for the pent up enthusiasm of the younger fry, and is doing something to promote a corporate spirit in the more or less unexplored regions of the lower school.

## *House Football Competition.*

	<i>Played</i>	<i>Won</i>	<i>Lost</i>	<i>Drawn</i>	<i>Points</i>
RED ...	3	2	0	1	5
BROWN ...	3	2	1	0	4
GREEN ...	3	1	1	1	3
BLUE ...	3	0	3	0	0

There was not, as in other years, any great disparity between the contending Houses, the bottom team conceding only seven goals in their three engagements. As a whole, save that in one game "the players were continually worried by an officious referee on an adjacent meadow, who persisted in giving vent to prolonged solos on his instrument of office" (this is from our own reporter), the matches, while calling forth the maximum of energy, were devoid of incident. Our commiserations go to the Blues who show distinct promise for the future; our congratulations go to the Greens who at least did taste the sweets of victory; while our sympathy is with the Browns who struggled hard but ineffectually to carry off the honours. As for the Reds, it will be sufficient to assure them that a generation will grow up which will gaze with awe and veneration on the following names:—

R. S. Thompson, Wade, A. Thompson, Ashton, Carr (Captain).  
Briggs, De Caux, Smith, Hunton, Matthews, and Buckle.

## *School Tennis Tournament.*

With that regularity which has been so much in evidence in late years, the Tennis Cup has again been impertinently snatched away by a junior member of the school—J. T. Gibson. So tenacious are these youngsters, so "ambition blown," that it has even been suggested that a severe handicap should be imposed on those of tender years.

On the whole, the tournament was reasonably satisfactory. In the earlier rounds, while there was the usual slaughter of the innocents, the pretensions of many performers were found to be much superior to their achievements.

The first semi-final was marred by an unfortunate mishap when the game between Myers and Gibson, which stood at 5—5, had to be abandoned owing to the fact that the latter had to catch a train. A further meeting between the pair was prevented by the fact that Myers was in hospital undergoing the attentions of the surgeon.

In the other semi-final, C. Watson was matched against E. Watson. Here the prognostications of the experts for once proved correct, the game resolving itself into a win for C., the more junior member of the clan.

The final between Gibson and C. Watson proved the most exciting contest of all. At first there was an attitude of cautious restraint about the players but as the game wore on (and the turf wore off), both competitors, far from being tired out, appreciably improved in vigour and in skill. Gibson was clearly the better player, but frequently displayed a too tender solicitude for the feelings and welfare of the ball; and, though he rarely served a fault, he would do well to put more vigour into his strokes.

One disagreeable feature of the tournament was the limited number of entries, only 26 competing as compared with 32 last year. Considering the number of boys who might possibly play tennis, but a few can be said to have had sufficient courage to unveil before the stern gaze of the school their faults of play and temperament. Let us hope that this state of affairs may be rectified in coming years, and that a greater number of Davids of the second forms may arise to slay an ever increasing number of Goliaths in the sixth.

### *Literary and Historical Society.*

This Society again reached a membership of nearly fifty. A new feature of its activities appeared in two inter-debates with Middlesbrough High School; one at Middlesbrough during the Autumn Term and one at Stockton in the Spring Term. In these debates Thatcher, O'Grady, Chapman, Ross and A. C. Wilson distinguished themselves.

In addition, during the Autumn Term, Chapman gave a Lantern Lecture on "Stonehenge," and Wardell one on "Normandy," while T. H. Brown returned to School to give a very carefully prepared paper on "Ancient Egypt." Of the Staff, Dr. Crockett lectured on "Westminster Abbey," with lantern slides; Mr. Armstrong on "Medieval Armour" and "The Work of J. M. Barrie," and Mr. King gave his charming lecture recital on "Iolanthe."

The usual Social Evening was held just before Christmas when, thanks to the kindness of Mr. Elliott, an excellent meal was provided. The local strike prevented the organisation of a summer excursion, but it is encouraging to note that some of the members were detected in private cycle excursions to places of historic interest.

### *Chess Tournament.*

This tournament, which was played on the premises of the Stockton Chess Club, called forth a greater number of entries and evoked a greater enthusiasm than in any previous year. The standard of play, too, was much higher, and both the semi-finals and final produced some really respectable chess.

In the final, Thatcher (who had eliminated Byles), and O'Grady (who had conquered Goodier) came together, and, in the preliminary stages of the game, the latter seemed to have established an invincible position, for, with much stronger forces on the board, he was threatening mate in one. However, in forcing the attack, he left his king unguarded, and Thatcher, by extremely skilful play (he had to give check for eleven consecutive moves) turned the tables and won a splendid game. Thatcher, therefore, retains the "A. W. Welch" trophy (his fourth consecutive success), and O'Grady receives the scholarship offered by the Chess Club, the members of which followed the various contests with much zest and appreciation.

### *County Challenge Cup.*

The County Challenge Cup, awarded annually to the house scoring the highest number of points for success in work and examinations, has been won this year by Green House, who secured it by a handsome margin over Reds, last year's champions.

### *Speech Day.*

The School Speech Day for the session 1924-25 was held on 18th December, 1925, in the Jubilee Hall. The Chairman of the Governors, that stout friend of the School, Mr. Robert Roger presided, and the medals and certificates were presented to the successful pupils by the Mayoress, Mrs. L. Ropner, than whom perhaps no Mayor of Stockton has had a more helpful co-adjutrix. The Mayor, L. Ropner, Esq., J.P., had intended to discharge that duty, but was laid aside at the time by a very severe chill, and Mrs. Ropner not only presented the awards with the grace which we had learned to expect from her, but made an extremely felicitous contribution to the speech-making of the evening. The Deputy-Mayor, Councillor T. Wilkinson, was also present, and it is but right that we should tender to him our warm thanks for the cheerful and adequate fashion in which he took to himself the principal oratorical burden of the proceedings, and for the counsel he offered to the boys of the school on that occasion.

Mr. Ropner's was not the only involuntary withdrawal from the evening's activities, for the Headmaster was tied to his bed with acute lumbago; he did his best to be present, but, though the spirit was willing, the flesh was weak. Mr. Eden, however, read the Headmaster's report, and the programme was in no way curtailed. That report dealt with the various changes which the school had witnessed in the preceding session, including the retirement of Mr. Taylor, the advent of Mr. Laverick, and the introduction of Musical Appreciation as a new subject in the curriculum, while advantage was taken of the opportunity to offer guidance to the parents of pupils, to the end that

their sons might extract the maximum possible benefit from their education. Dr. Crockett concluded his report with the advice to the boys that they should keep constantly in mind the motto, "Aim High."

Two features of the proceedings deserve special mention. The School Choir, under Mr. Gavin Kay's baton, sang a couple of songs very charmingly, and a large cast, drawn from the boys of the school, and numbering no fewer than forty-one, gave a representation of Julius Caesar, Act iii, to the evident appreciation and delight of a packed audience. To Mr. King and Mr. Brooke belong the credit for the stage-management and rehearsals, but one must accord to the boys themselves a full measure of praise, not only for their histrionic adaptability but also for co-operating to make the representation a delightful spectacle by the care with which they devised their costumes and "properties." It is perhaps a little invidious to single out individuals for special mention, when all did so well, but probably no one will take exception to a word of commendation to M. K. Ross and A. C. Wilson for the way in which they played their parts.

The principal Prize awards were as follows:—

Headmaster's Medal to Dux of School	-	J. Sanderson.
Councillor Livingston's Medal to Dux of Fifth Form	-	H. Metcalfe.
Medal to Dux in English	-	J. Sanderson.
do. do. History	-	J. Sanderson.
do. do. Geography	-	S. Wilson.
do. do. French	-	W. Suthern.
do. do. Mathematics	-	W. A. Thatcher.
do. do. Physics	-	W. A. Thatcher.

The County Challenge Cup for school studies was secured by Red House, with Brown House as runners-up, and the Old Boys' Prize for Public Speaking went to W. A. Thatcher, who also secured the Welch Challenge Shield for Chess.

We would take this opportunity of mentioning that the Speech Day and Prize Giving for the session 1925-26 will take place in the Jubilee Hall, on December 21st. It is expected that a most distinguished Old Boy, in the person of Professor F. J. Teago, D.Sc., M.I.E.E., who occupies the Chair of Electrical Machinery in the University of Liverpool, will present the Medals and the numerous prizes and Certificates. There will again be a dramatic performance by boys of the school, and the Choir has once more schemes for the musical entertainment of the audience.

## OLD BOYS' REPORTS.

### *Mr. Alexander Watson's Dramatic Recital, Feb. 11th.*

The Old Stocktonians have occasion to congratulate themselves on the success which attends their yearly efforts to add to the amenities of the town.

Mr. Watson's visit was not less happy than those of his predecessors. From the very beginning, he riveted the attention of a large audience by his fine variety of expression and humour. Every item in his programme, whether from the works of J. M. Barrie, Kipling, Dickens, J. L. Gordon, or John Poole, found its admirers,

and when he finally sat down, he was accompanied by a burst of applause such as is rarely heard in the Jubilee Hall. From all points of view, we look on his recital as most successful.

To all those who assisted in the disposal of tickets and to all those who rendered help in any capacity whatsoever, the Association tenders its grateful thanks.

---

### *Poor Children's Treat—Dec. 29th.*

On the Evening following the Annual Dinner, a happy throng of Old Stocktonians experienced the joy of dispensing once again toothsome delicacies, fruit, and Christmas frivolity to a merry crowd of youngsters, much less favoured by fortune than themselves. The gymnasium had been converted into a dazzling refectory, aglow with the lights of a host of colours. Strange beings in fantastic array made anxious attempts at discovering the true extent of a small boy's capacity for cakes and Christmas fare, and added another to their list of failures.

When the sharper pangs of hunger had been numbed, our guests noisily approved the magical efforts of our professional wizard, Mr. Will Fleet, and then proceeded with remarkable zest to amuse themselves with vocal items, exhibitions of terpsichorean skill, and a magnificent series of choruses, in the rendering of which masculine vigour to a large extent had to make up for more slender and tender artistic graces. The inevitable Punch and Judy entertainment followed, after which Santa Claus, who had missed all the fun, was called upon to perform his annual duty—which he did with some little discomfort on account of his beard. Gifts of fruit and sweets, a "Good Night, sir," which was more eloquent than any expression of thanks, and the youngsters—now very tight about the belt—departed into the night.

In chronicling the Poor Children's Treat, it is not our custom to mention the names of any Old Boys by whose efforts it has been made a success. The pleasure of the kiddies is their thanks, and they neither desire nor look for anything more.

But we cannot resist expressing a general vote of thanks to those two Old Boys who annually provide the food stuffs; to all those who send us subscriptions to defray the cost of the visit of Santa Claus (particularly would we mention here two mothers of Old Boys); to the father of the Old Boy who sees that the fruit department does not run short; to the Old Boy who provides likewise for the sweets; to the commander-in-chief of decorations and his assistants; to the Old Boy and his sister who undertook the packing of the parcels; to the woodcutter at Bishopton; to Mr. Atkinson, the plumber, who voluntarily superintends the lighting effects; and to all those Old Stocktonians from the Headmaster downwards who, by simple and loving service, let dignity go to the winds for the love of the cause.

---

### *Annual Dinner—Dec. 28th.*

Undaunted by the festivities of Christmas, just encountered, or those of New Year in prospect, more than fifty Old Boys attended the Queen's Hotel, for the Annual Dinner, on Dec. 28th. The rites of eating and drinking were duly observed (and one is proud to affirm the absence of any

sinister meaning in the word "drinking" when applied to Old Boys' meetings). The dinners, as such, vary little, and this occasion furnished quite the usual quota of enjoyment and peace born of repletion.

The function was made noteworthy by the wideness of the response to the invitations. Each succeeding year brings new faces but one cannot remember when men from so many "years" of school life were present. It was a joy to meet such a number who had been long absent from town.

Mr. Prest, with ready recognition and genial greeting, set equally at ease newcomers and "old stagers," while the President, Mr. T. B. Brooke, was particularly happy and efficient in the chair. Mr. V. Harris and Mr. R. Roger (the Chairman of the Governors), in proposing toasts, dealt in light manner with recent and intimate school history, and Dr. Crockett gave us a peep in the reverse direction by visualising a "school that is to be."

Musical entertainment was provided by our ever ready friends, Mr. Hale and Company, Messrs R. Rogers and J. Everett, while Mr. H. Ward, called on at a moment's notice, was particularly acceptable. Their much appreciated efforts rounded off a very delightful evening.

### *Old Boys' Efforts for the Hospital Extension Fund.*

Some animals are born great, some achieve greatness, and some have greatness thrust upon them. In the last class appears Bucephalus, a pedigree donkey, who in his declining years figured as the hero of the Old Stocktonians' Guessing Competition in aid of the above fund. For some four weeks, Old Boys extolled the virtues of Bucephalus to an unbelieving public—meanwhile the noble animal munched away in his stable, stopping only now and then to inquire how the tickets were going. Finally, a day or two before Xmas, Bucephalus was presented to a lady in Leeds Street, and this lady, unaware of the hero she was entertaining, promptly swapped him for a goose—an ignoble end to a useful and honourable career.

Such, in broad outline, is the story of a scheme which enabled the Association Treasurer to hand over £90 to the Hospital Fund. In the furtherance of the scheme, the following names appear most prominently:—Messrs. H. Allison, G. G. Armstrong, A. Ball, P. Bell, H. Bennett, H. Blench, T. B. Brooke, H. Broadbent, W. Barker, L. Breckon, E. W. Brown, Dr. Crockett, R. Callender, T. F. Dawson, Sergt.-Major Elliott, R. Elsworth, A. Fawell, H. Fishburn, W. S. Harding, E. Howie, C. Hopper, H. R. Jameson, T. Jobling, C. W. King, H. Inman, Bros. Lawson (Sedgefield), H. Metcalfe, M. Muirden, Bros. Moyes, Bros. Millar, O. Metcalfe, H. Nixon, C. J. Osborne, R. L. Rice, A. S. Robinson, T. N. Robson, W. Reyer, T. B. Sharp, J. Spark, P. Sive, A. Stephenson, F. Walton, C. Ward, R. Williams, C. Waller, Bros. Wilson, and W. Wade.

Want of space prevents us from mentioning the names of two or three hundred others, almost equally deserving.

\* \* \* \*

Largely owing to the efforts of Mr. R. Richardson, the Hospital Fund benefited by a further £19 as a result of a Dance. We must say here that the Committee was by no means unanimous as to the wisdom of holding such a function, but Mr. Richardson, assisted by Messrs. H. Livingston, C. Scott, J. Graham, A. Nicholson, and a few others of the younger generation overcame all obstacles and achieved a great success.

The two schemes outlined above were but subsidiary to the greater scheme of a Rag, by which it was intended to paint the town red. A mile of half crowns was to be instituted; the Sultan of Zanzibar was to visit the town to lay the foundation stones of a new Secondary School; Old Boys were to be thrown off tramcars, in order that their injuries might point to the need for increased Hospital accommodation; the Mayor and Corporation were to be held up for ransom; the Town Hall was to be set on fire; policemen's helmets were to be knocked off; two Form II boys were to be roasted alive at the Market Cross; girls of all descriptions were to be kissed; and the Presidents of the Association were to parade the town mounted on donkeys. Altogether a right merry evening was to be spent. Alas, the plan did not get beyond the talking stage, and the Old Stocktonians lost somewhat in prestige and the funds of the Hospital were not swelled as we had anticipated.

### *Old Stocktonians' Benevolent Fund.*

The Trustees of the Fund, which has been in existence for a year, are the Headmaster, Mr R. E. B. Williams and Mr. L. T. Winn. At the time of writing £41 18s. 7d. is the total income received, but a further grant of £10 10s. 0d. is due from the general funds of the Association; in all £52 8s. 7d. The expenditure to date has been £13 15s. 0d., covering two disbursements, of which one was much higher than will probably prove to be the average. The Trustees are hopeful that these outgoings from the Fund will be repaid in time by the beneficiaries. The unexpended balance, received or promised, accordingly stands at £38 13s. 7d.

The Trustees are satisfied, and have pleasure in assuring the members of the Association, that the Fund has already been privileged to do real good, and they feel certain that, as its assets increase, so will it be capable of doing further good in the future. The members may have every confidence that no grant has been, or will be, sanctioned, unless the Trustees have in their possession all relevant and ascertainable facts, that no more money will be disbursed than is necessary to effect the benefit which they desire to confer, and that the Fund will be nursed through its infancy with the jealous care which their hopes for its future compel them to exercise.

The Trustees take this opportunity of thanking all those who, directly or indirectly, have contributed to the resources and usefulness of the Fund, including the ladies and gentlemen who provided the entertainment at the Concert last Session, which so materially assisted in the increase of those resources.

In conclusion, the Trustees desire it to be known that a meeting can be convened on the request of any one of their number, and they are anxious that Old Stocktonians should not hesitate to notify them of any case of hardship among Old Boys or present pupils, the investigation of which seems desirable.

### *Football Club.*

From a playing point of view, the second season of the football section was slightly more successful than the first.

Under the auspices of the Stockton and District League, nine matches were won and seven lost out of a total of sixteen played. None of these games calls for any particular comment, save that all were very pleasant and conducted in the most sporting spirit. We must say at this point that when we entered League football, two years ago, we did so with considerable trepidation. We have found, however, that we had

no cause for alarm. From the League and Club officials we have received nothing but courtesy; by the players of the various Clubs we have been treated as we have always treated them—as gentlemen.

In addition to the League fixtures, the Club took part in two Charity Cup Competitions. In the first competition, we were drawn against the Malleable senior eleven, away from home—one of the strongest teams of the district. A very fine match resulted, in fact we look on this (save for a game against Darlington Grammar School Old Boys in 1913) as the finest contest in which any Old Stocktonian team has taken part. At half time, the Malleable were leading by 4 goals to 1, but a tremendous struggle took place after the interval. Then the Old Boys, playing as if inspired, for a time completely overran the Works' defence, and in the end we were beaten only by 4 to 3. After the match, the Malleable officials and players—with whom our relations have always been of the happiest—were extremely appreciative of the great game we had given them.

Our second attempt to add to the school collection of silver baubles again took us away from home—this time to meet the Synthonia first team. Again a splendid game resulted, and again we had no cause to be ashamed of our defeat by 4 goals to 2.

As regards the players, four new faces showed themselves Tompkinson (the "Nunk" of happy memory, who once created a sensation by appearing at a School Sports in a swimming costume) on many occasions appeared in goal, and showed much of his old skill. That gray, old war-horse, Horace Atkinson, was persuaded to turn out and proved almost as good as ever, while welcome and valuable assistance was given by a new comer in the person of L. Plummer. Towards the end of the season, too, the youthful Harris added strength to a position which had always given us trouble. Of the others, we owed much to C. Hopper and J. MacWilliams, who weekly made the journey from Stillington; to A. Bowey, T. Ryan, F. Nasby and T. Olver, who played with a certain amount of grace and distinction; to A. Stephenson, R. Rice, and S. Wilkie, who were all at times very useful; to F. Peers, who as general utility man adorned every position in which he played; and to E. Howie, whose loyalty, energy, grit, and sportsmanship were beyond all criticism.

Vile weather and the calls of the first eleven interfered with the playing programme and weakened the playing resources of the second string. Of the 11 matches actually played, five were won and four lost. Of those who played with fair regularity, H. Bennett, L. McInnes, G. Benzies, L. Noddings, J. Bowey, L. Wilkinson, J. Barker, E. Brown, S. Wilkie, A. Stonehouse, C. Scott, and L. Wood served the cause of the Old Stocktonians best. For this section, R. Rice acted as Secretary with tact, discretion, and much industry.

Our last year's account concluded with an expression of thanks and appreciation to Messrs J. Spark, H. Broadbent, H. Metcalfe, and Sergt.-Major Elliott. These gentlemen have still been with us, and in their several ways have contributed much to the well-being of the Club.

At the end of the season, Mr. E. Howie, who has acted as Captain and Secretary since the Club's inception, intimated that he would like to give up his official duties. His resignation was accepted with the deepest regret, and an occasion was later taken to present him with a small token of our esteem. His place as Captain has been taken by Mr. F. Peers, while Mr. R. L. Rice (25 Dixon St.), assisted by Mr. C. Scott, (Mayfield, Yarm Rd.), now occupy the Secretarial positions. Should any Old Boy desire a game, he could not do better than apply to the latter gentlemen.

## Annual Concert, 1926.

The Annual Concert was held on the evening of Friday, March 26th. It proved to be the most successful of any such functions since the inauguration of the Association. At an early date it was clear that we should find the capacity of the School Gymnasium inadequate, and we were accordingly compelled to engage the Temperance Hall, which building was filled, to our intense satisfaction and to the benefit of the coffers of the Benevolent Fund.

On this occasion Miss Alice Southcote, an old and valued friend of the Association, had undertaken to provide the bulk of the programme with the help of her concert party, and a choice and agreeable selection of ballads, part songs, and Gilbert & Sullivan items was splendidly rendered by Miss Dora Gleadhill, and Messrs. P. B. Townsend and N. Mudd, together with Miss Florence Todd, who deputised very acceptably and with great success for Miss Southcote herself, who was unfortunately indisposed on the evening of the concert. We were favoured, too, with the help of two new friends. Of these, Miss Alfreda Corbett, gold medalist of the London Poetry Society, contributed a selection of humorous recitations in the happiest vein, and Miss Hilda Atkinson, solo and orchestral harpist, of the Royal Hall, Harrogate, the Hallé Orchestra, Manchester, and the principal orchestras of the North, for once quitted a wider sphere to honour us and charm us with songs at the harp and two sparkling harp solos.

Few Associations can have ever been so fortunate as to enjoy at one concert the voluntary help of six artists so talented as these. Our success and good fortune in 1926 give rise to some anxiety as to whether so high a standard can be maintained on future occasions.

### *Lecture by the Rev. T. C. Gobat, M.A.*

On December 8th, 1925, in the Girls' Assembly Room, the Rev. T. C. Gobat, M.A., lectured to the Association on "The Stage Parson." Those present thoroughly enjoyed an admirable lecture, but their number was disappointingly small. The lecturer made small reference to the Rev. Robert Spalding, and others of his class, but gave most of his time to a masterly examination of the ecclesiastics of Shakespeare, from the worldly statesman-prelate, Cardinal Beaufort, of "Henry VI," to the hedge-priest, who is prevented from marrying Touchstone and Audrey in "As You Like It." He concluded with a shorter treatment of the more striking of the clerical characters who have their place in the works of George Bernard Shaw and other recent dramatists.

The skilful manner in which Mr. Gobat keeps clearly before his audience the line of his argument is the envy of those who have halted along the path which he treads so boldly, while his picturesque language and apt facility of quotation are the admiration and delight of all who hear him.

### *Miscellaneous Items.*

Following our usual custom, two evergreen wreaths were laid on the School War Memorial, on Nov. 11th, 1925. The singing of "O God, our help in ages past," the observance of the two minutes' silence, a few fitting words by the Headmaster, a simple prayer, marked a ceremony beautiful in its dignity and impressiveness.

\* \* \* \*

Two Social Evenings—the one held in the School, on Jan. 29th, the other in Spark's Café, on March 5th—were remarkable for the fact that, after all expenses had been met, a small balance remained in the Treasurer's

hands. In each case much sound spade work was performed by Messrs. Bennett, Lamplugh, McInnes and Rice, and in each case a very pleasant evening was spent, marred by the lack of numbers.

### *Old Boys' Successes.*

During the year, the following successes were obtained by Old Boys: —

CUNNINGTON, L. S.	B.Sc. (Durham).
HEWITT, G. D.	B.A. (Cambridge). 3rd Class Honours Science Tripos.
LIVINGSTON, J.	M.B., B.S. (College of Medicine, Newcastle).
ROBSON, E. L.	Inter. Law (1st Class Honours).
SCOTT, W. C.	Inter. Law.
NIXON, J. H.	Part I. Pharmaceutical Society.
HEALD, F.	Final Incorporated Accountants Examination.

\* \* \* \*

On the Sports' Fields, no new faces appeared, but mention must be made of the very fine cricket played by T. Olver, who in all matches made between 1400 and 1500 runs, and in purely League games set up a record aggregate for the Stockton Club.

LINCOLN F. BRECKON was a pupil at our School for some years. Leaving us, he served an apprenticeship with Messrs. Blair & Co., and became thoroughly proficient in the practical side of marine engineering. Continuing his studies at the Stockton Evening Classes and elsewhere in the immediate neighbourhood, he obtained the National Certificate in Mechanical Engineering. On the closing down of Blair's Works, he obtained an appointment with Messrs. Vickers, Petters, of Ipswich, and was marked out for early promotion when he met his death by one of those unfortunate accidents which mankind is totally unable to foresee. He was testing a Diesel Oil Engine; without warning of any sort, the testing gear collapsed, and at once a life, rich in achievement, richer in the promise of achievement unfulfilled, passed away into the land of shadows.

We knew him well, and always recognised under his shy and somewhat retiring disposition the inherent beauty of character which endeared him so much to his friends and companions. Fond of all games, he was a pillar of the Brown House, showed much promise on the cricket field, was prominent in the swimming bath, and, had circumstances allowed, would have played for the Old Boys' Football Eleven. Ever had he a warm love for his old School—always he looked back to her with feelings of deepest pride and affection.

His was a simple soul, kindly, sincere, unaffected. A devoted son, a true friend, a loyal Old Stocktonian, he leaves behind him the memory of a character, loving, gentle and happy.

Of such young men as Lincoln Breckon, who have set out on the last long journey, we think it is a mistake to say that they will never return to us. They never really leave us, for their bright spirits continue to tenant the hearts of those who loved them, fragrant and imperishably fair.

## OUR PHOTOGRAPHS.

Mr. T. B. Sharp : a very Old Boy, whose son now sits where his father used to sit ; known all over the district as a fine sportsman and a keen cricketer ; has for some years captained Stockton II Eleven with distinction, previous to which he played for the 1st Eleven with credit both to himself and the Club.

Mr. V. Harris : B.Sc. (Agriculture), of the University of Durham ; one of the most brilliant of the younger Old Boys ; after a year at Cambridge University, is now in Trinidad, under the terms of an Agricultural Scholarship awarded by the British Colonial Office.

Mr. J. Livingston : has recently graduated with the degrees of M B., B.S., at the School of Medicine, Newcastle ; a worthy son of a worthy sire. ; is now in Medical practice in the town.

Mr. J. W. Wardell : Assoc. Inst. M. M. ; a member of a family which has figured largely in the annals of the School ; has occupied responsible positions in the Engineering world, notably when he was in charge of the Spassky Copper Mine, Siberia ; is now Head Draughtsman at Messrs. Head, Wrightson's (Forge).

## Rules—Old Stocktonians' Association.

*Revised October 30th, 1925.*

1. The name of the Association shall be the "Old Stocktonians."

The "Old Stocktonians" aims at continuing friendships and preserving that spirit of comradeship which ought to exist among those who have been educated at the same school. These aims are to be achieved by means of social, recreative, and educational pursuits.

2. The Association shall be open to the Old Boys of the Stockton Secondary School and of the late Higher Grade School. Past and present Masters are also eligible.

3. The government of the Association shall be vested in three Presidents, six Vice-Presidents, a Treasurer, two Secretaries and a Committee of sixteen, together with the Secretary of each Sub-section.

(a) The present and retired headmasters shall be Presidents *ex officio*.

The third shall be elected annually.

(b) All the other officials shall be elected annually.

(c) A member holding any office shall be eligible for re-election in the following year, in the same or any capacity.

(d) In Committee seven shall form a quorum.

(e) The Committee shall have power to co-opt any member or members at their discretion for the time being for any particular purpose.

4. The Committee shall have power to refuse membership to any applicant for admission or to ask any member to resign (after investigation by the Committee, and confirmation by a general meeting), whose conduct they consider such as to militate against the welfare of the Association.

5. Each section shall be self-governing and self-supporting. The Committee, however, shall have power to grant financial aid to any Section.

Each Section shall submit its programme to the General Committee for approval.

6. The annual subscription shall be one shilling, payable to any member of the Committee, before January 1st. In lieu of an annual subscription, a Life Subscription of twenty-five shillings may be made.

7. These Rules shall be altered only at the annual general meeting, and then only by a two-thirds majority; all motions of such alterations to be in the hands of the Secretaries four days before the date of such meeting.

8. The annual general meeting shall be held in September or October.
