OLD STOCKTONIANS' ASSOCIATION

(Founded 24th January, 1913)

AN ASSOCIATION of Old Boys of Grangefield Grammar School, Stockton-on-Tees, formerly known as Stockton Secondary School, and originally as Stockton Higher Grade School.

ANNUAL SUBSCRIPTION : 2/6

Annual Subscription from those who left School 1955-56 : 1/-

LIFE SUBSCRIPTION : 30/-

(or by a maximum of four equal instalments - payable in consecutive years)

All communications should be addressed to :

H. D. HARDIE, ESQ. (Hon. Secretary),
Old Stocktonians' Association,
17 Castleton Avenue,
Linthorpe,

Tel. M'bro. 89814.

MIDDLESBROUGH,
Yorks.

Subscriptions can be paid to :

G. D. LITTLE, ESQ. (Hon. Treasurer),
17 Raby Road,
STOCKTON-ON-TEES,

Tel. Stockton 68441.

Co. Durham.

or to any Member of the Committee. Cheques and Postal Orders should be made payable to "OLD STOCKTONIANS' ASSOCIATION" and crossed.

If more convenient, subscriptions may also be paid, personally, at the office of MR. F. W. BAKER, 21 High Street, Stockton-on-Tees.

For the convenience of members residing in the Sedgfield area, MR. K. G. WALKER, of 34 Station Road, Sedgfield, has kindly offered similar facilities.

For Advertising space in future Year Books apply to :

K. DODSWORTH, 19 Russell Street, Stockton-on-Tees

List of Officials, 1955-56
NOT TO BE TAKEN AWAY

PRESIDENTS :

J. SPARK, Esq. (*Old Boy President*)
 E. BALDWIN, Esq., O.B.E., M.Ed. (*Founder President*)
 C. L. HALL, Esq., B.Sc., B.Sc. (Econ.) (*Headmaster*)

VICE-PRESIDENTS :

D. H. Shepherd, Esq. (Snr. V.P.)	D. W. Henderson, Esq.
N. E. Green, Esq.	J. Wilkinson, Esq., F.C.C.S., F.H.A.
Councillor E. H. Brown	E. H. Fieke, Esq., A.M.I.Plant.E.

COMMITTEE :

A Message from the Headmaster

Dear Old Stocktonians,

Greetings to you from your Old School! This Diamond Jubilee Year has been one the School has proudly celebrated by a Service of Thanksgiving, at Speech Day and on the Playing Fields. A team of worthy Old Boy cricketers joined the School and won a mighty victory, but the School team – a very good one – gave a most worthy account of itself. Sunshine and our ladies graced the occasion and Mr. E. Baldwin presented the trophy to the O.S. XI.

Academically we record, with satisfaction, twenty-eight County Major Scholarships, twenty-two entrants to the University, two State Scholarships in Science and six Distinctions at "A" Level (Physics – two, Chemistry, Geography, English and Economics). This year's Sixth numbers eighty and measures the continued progress on the Academic front, and indicates the value of the Sixth Form Courses, while the "O" Level records and quality of Main School Pupils indicate very high promise. The Games Field, the Musical Productions, and School Societies help to maintain the spirit of the School and strengthen the bonds between Old Students, Parents and School.

It is with marked regret that my appointment as Headmaster of Bury (Direct Grant) Grammar School means my relinquishing office here as Headmaster and as a President of the O.S. Association at the end of the current term.

The links between School and Association, and the personal happiness of Mrs. Hall and the Headmaster have been strengthened by the mutual goodwill, interest and many personal associations and friendships. The Headmaster's Life-Membership will prevent the severance being too marked, though one will miss the worthy gentlemen who lead the activities of the Old Stocktonians. It has been a joy to have as Members of the Governing body our President, Mr. John Spark and our Founder President, Mr. E. Baldwin, as well as other distinguished Old Boys.

To our President, the Secretary, the Committee Members (including the Deputy Headmaster and Sixth Form Master) the Association owes much. I know that our tradition and fellowship will be a continued help and inspiration to my successor. To you my personal good wishes for happy fellowship; thank you for your support and encouragement through three very happy and not uneventful years.

Yours very sincerely,

C. L. HALL, *Headmaster.*

A Message from the Old Boy President

It is my pleasure and honour to send Greetings and Good Wishes to all Old Boys wherever they may be.

During the sixty years of its existence, the Old School, which some of us knew as the Higher Grade, some as the Stockton Secondary, and a privileged few as the Grangefield Grammar School, has played its part in sending out young men well equipped to fight the battle of life. Now, these same young men, scattered as they are in almost every corner of the globe, have made their mark in many trades and professions, and just as they feel pride in their Old School, so their Old School feels proud of them. I often enjoy a chat with our Founder-President (Mr. Evan Baldwin, O.B.E., M.Ed.) and he said the other day how proud he feels about the School and its achievements. We have every reason to be proud of it.

Reading through past issues of *The Stocktonian* I have been much impressed by the doings of Old Boys and sincerely believe that by their lives and examples they are doing their share in making a better and a fairer world.

As a member of the Board of Governors, I recently received a report of H.M. Inspectors and every Old Boy will rejoice to hear that the Old School is just as good as, and perhaps a little bit better than it was in his time.

A few words more. Our Hon. Secretary will be delighted to hear from you at any time, since this is often the only means by which we are able to get "news" for *The Stocktonian*. Further, I urge every Old Boy to make it his ambition to become a Life Member of our Association, for it is the Life Members who give the Association stability and will ensure its continuance in the years to come.

The very best of luck to you.

JOHN SPARK.

Please Reserve the following Dates

BADMINTON (Mixed):

Old Boys, Old Students of the Girls' School, Staff and senior pupils of both Schools are cordially invited to participate in the activities of this section.

As in previous years, the Badminton players will meet in the Boys' Gymnasium at Grangefield on Wednesday evenings, 7. p.m. to 9.30 p.m. between September 1956 and March 1957 (School holidays excepted).

Further particulars may be obtained from MR. L. J. THORNTON, School Staff.

ARMISTICE DAY SERVICE:

Old Boys and Friends are invited to assemble in the School Hall, at 8.55 a.m. on Friday, 9th November, 1956, for a short Service of Remembrance.

ANNUAL GENERAL MEETING:

Thursday, 15th November, 1956, at 7.30 p.m. in the Library, Grangefield Boys' Grammar School.

(See separate Agenda enclosed with this Year Book.)

SCHOOL SPEECH DAY:

In the School Hall, Friday, 7th December, 1956, at 2.30 p.m.

Distribution of Prizes by SIR ALEXANDER FLECK, K.B.E., F.R.S., Chairman, I.C.I. Ltd.

SCHOOL PLAY:

This year the School will be producing *Macbeth* in the Grangefield Hall on Thursday, 13th and Friday, 14th December, 1956, at 7.15 p.m. Tickets on sale at School (adults 2/-, children 1/-).

CAROL PARTY:

In the School, Monday, 17th December, 1956 (7 p.m.) All welcome.

THIRTY-FIRST ANNUAL DINNER:

Tuesday, 18th December, 1956, in Sparks' Cafe, High Street, Stockton-on-Tees, at 7.10 p.m. for 7.30 p.m. Tickets, price 7/6, may be obtained from the Hon. Secretary.

ANNUAL RUGBY MATCH (Old Boys v. School):

Boxing Day, 1956 (Kick-off 10.30 a.m.) at Grangefield. Those wishing to represent the Old Boys should contact MR. D. L. FOULGER, 1 Wingate Road, Trimdon Station, Co. Durham.

OLD BOYS' DEBATE:

It is hoped that those Old Boys, who have recently left the Debating Society, will take part in a Debate to be held in the School on Friday, 11th January, 1957 at 4 p.m. Mr. W. H. Munday, Deputy Headmaster, should be contacted for further details.

FRIDAY CHOIR:

The Choir will perform Fauré's *Requiem* and Bach's cantata *My spirit was in heaviness*, in the Parish Church, Stockton-on-Tees, on Tuesday, 19th March, 1957, at 7.30 p.m. Tickets, price 2/6, are available at School.

(Catherine Wilson, Soprano; Denis Weatherley, Bass; Dr. E. F. A. Suttle, Organist; Orchestra led by Florence Wilson.)

ANNUAL CRICKET MATCH (Old Boys v. School):

Thursday, 18th July, 1957 at 2 p.m., on the Grangefield ground. Those desirous of assisting the Old Boys on this occasion, should communicate with MR. T. F. SOWLER, 2 Highfield Crescent, Hartburn, Stockton-on-Tees.

Editorial

The Year 1956 marked the Diamond Jubilee of the Opening of the School, and it was, therefore, fitting that one of its original scholars, JOHN SPARK, should hold office within the Association as Old Boy President.

To one who plays an active part in the business life of Tees-side ; one who has figured prominently in Stockton's civic affairs for many years and who has given (and continues to give) freely and voluntarily of his time in countless other ways, we are specially indebted.

Mr. Spark has seen the transformation of those comparatively dark and dingy corridors and classrooms of a town School in "the nineties" to the light and airy version at Grangefield today, and as a Governor of the last named, his wealth of experience should prove highly beneficial to the well-being and advancement of our Old School.

We are truly fortunate in having one so resourceful at the head of affairs of the Association and gratified in the knowledge that the link with the School is now firmer than ever before.

* * *

To his predecessor, ERNEST FIEKE, whose valuable contribution to the well-being of the Association - during a three year term of office - left its mark, we wish to record our sincere thanks. As a Vice-President, he still continues to "sentence" the Ordinary Members to "Life" and furthermore, not being disheartened by the response of "Rock 'n Rollers" earlier this year, soon hopes to promote another dance with the ultimate aim of benefitting the general fund.

* * *

In spite of last year's appeal for prompt payment of subscriptions, our Treasurer, GEORGE LITTLE, is still rather dissatisfied with the results. The cost of publishing and despatching this Year Book to members, for instance, is not nearly covered by the yearly income from subscriptions and invariably has to be supplemented by monies received as a result of special efforts organised by the Committee. It was with some reluctance, therefore, that the decision was made not to issue *The Stocktonian* to those members who had failed to carry out their commitments for three consecutive years or more. On the "credit" side, however, we are extremely pleased to report that more than seventy Old Boys have become Life Members this year.

Once again, Mr. Little has successfully borne the onerous duties of his office, often devoting many hours to this arduous task within the precincts of his own fireside. Our thanks are due to him for the continuance of this good work, in spite of a temporary disruption at home caused through the recent ill-health of his wife. We earnestly wish her a speedy recovery.

* * *

It is with mixed feelings that we learn of the departure of Mr. C. L. HALL, as Headmaster of Grangefield at the end of the Christmas term. It is our pleasure, however, to offer congratulations on his appointment in Lancashire and we send our warmest wishes to himself, wife and family for their future success and happiness in this new sphere.

Following our first meeting with Mr. Hall, in September 1953, it was obvious that the bonds of friendship already existing between past and present members of the School would be further strengthened by his presence at Grangefield. His keen and active interest in our organisation, his friendly disposition and great personality have only served to confirm our early observations.

We are pleased to report that EVAN BALDWIN is now enjoying better health and continues to be the mainstay of the Association. The incessant work of maintaining contact with Old Boys, both at home and abroad, is still carried out by him with the same sense of duty and understanding which has been so evident throughout the years.

* * *

It is most gratifying to record that, at the last Annual General Meeting, another stalwart, Mr. T. B. BROOKE, was elected to become the first Honorary Life Member of the Association, for his devoted services to the latter – almost since its inception. Now in retirement and leading a more sheltered life at Barnard Castle, we don't hear quite so much from the immortal T.B.B. Nevertheless, we send our loyal greetings to him and give advance notice that it is our intention to "drop in" when next in that delightful neighbourhood.

* * *

During the summer months a number of our ardent Committee members, spent many weary hours seeking out Old Boys in various localities of Tees-side, endeavouring to extract outstanding subscriptions. The results achieved by this band of volunteers were quite staggering . . . for without their assistance (and persuasive powers!) our meagre bank balance would not have withstood the cost involved in publishing this issue of *The Stocktonian*.

To them, our many thanks – and special praise for D. W. TRAIN, one of our youngest Committee members, whose efforts in this respect are worthy of mention.

Maintaining a register of more than a thousand members of the Association, is no mean task, and occasionally errors are made quite unwittingly. To the few who may have been temporarily disturbed at our failure to record their correct details, we offer our sincere apologies. At the same time, however, we appeal to all Old Boys to notify any change of address to the Honorary Treasurer, in order that the likelihood of mistakes may be obviated.

Concerning Ourselves

THIRTIETH ANNUAL DINNER

The 1955 Dinner was held in Spark's Cafe, Stockton, on Tuesday evening, 20th Decembre, when seventy-one Old Boys were present. Our President, Mr. John Spark, accompanied by Mr. Hall (Headmaster) and Mr. Baldwin, greeted the guests and members, and in a short space of time prior to dinner, many old acquaintances were renewed.

Then to the whetting of appetites and yet another enjoyable meal – for which we were again indebted to our President and, indeed, genial host.

In his opening remarks, Mr. Spark referred to the honour which had been bestowed upon him by being invited to occupy the Presidential Chair during the session in which the School celebrated its Diamond Jubilee. Our principal guests were Mr. Frank Shepherd, J.P., Personnel Director of Head, Wrightson & Co., and Mr. David Livingstone, Central Terminal Manager, London Airport.

In proposing the toast of the "Old Stocktonians", Mr. Shepherd spoke of the recruitment of youth into industry. The majority of employers had instituted training schemes, and with the help of trade unions, did all they could to ensure that the knowledge gained in school was used to a boy's best advantage. The fact that more than three thousand youths were released from their place of employment

for part or full time attendance at the two local technical colleges without loss of earnings, was some indication of what was being done.

Referring to automation, Mr. Shepherd went on to say that this term was nothing more than a new means of describing something which industry had been striving for throughout the years – improving methods of production which would eventually lead to a reduction in costs despite initial heavy capital investment. The worker, customer and economy benefitted since more things came within the reach of ordinary people at prices they could afford.

Recent achievements in the scientific world were indicative of our progress in that sphere, but other countries were developing our findings so rapidly that there was a danger of being left behind in our practical and commercial usages. It might be necessary, therefore, to revolutionise methods of teaching and training to hold our place in technical development as distinct from scientific discovery. More students must be produced in order that standards of living could be maintained and improved and, therefore, industrialists were relying on the Grammar Schools to play their part.

Mr. Livingston, an Old Stocktonian himself, proposed the toast of "The School". One of the biggest contributions the Association could make was to give its moral backing to the Old School.

The Headmaster replied and referring to Mr. Shepherd's remarks said that the School had an important function to meet and a duty to delve into the needs of modern industry.

Mr. E. H. Fieke, Vice-President, presented the Cricket Shield to the Vice-Captain of the School, Derek Welford, and congratulated the latter on the School's resounding victory in the match with the Old Boys' Eleven.

Entertainment during the evening was provided by the Rev. P. H. King-Smith (vocalist) accompanied by Mr. Geoffrey Hunter at the piano.

The evening's proceedings came to a close with a vote of thanks from Councillor Eric H. Brown, Vice-President.

ARMISTICE DAY SERVICE

Members of the Association again congregated in the School Hall, together with Masters and boys on the morning of Friday, 11th November, 1955, to pay homage to those Old Boys who gave their lives in the cause of freedom. Wreaths were laid at the two Memorials by representatives of the School and the Association.

THE ANNUAL GENERAL MEETING

was held in the School Library on Thursday, 3rd November, 1955, when twenty-four Old Boys were present.

Mr. H. D. Hardie, Hon. Secretary, outlined the work accomplished by the Association during the previous twelve months and thanked the Officials and Committee for their assistance and co-operation during this term of office.

Mr. G. D. Little gave a statement of accounts for the Year Ending 30th September, 1955, which showed a balance of £511/2/4 in the Life Members' Fund and a balance of £10/9/0 in the General Fund. The report was adopted.

Proposed by Mr. D. W. Henderson and seconded by Mr. E. H. Brown, an amendment to Rule 3 (b) was carried unanimously. The Rule was altered to read: "Six Vice-Presidents, one of whom shall be Senior Vice-President".

A motion calling for an amendment to Rule 6, whereby the Annual Subscription would be increased to five shillings and the Life Subscription increased to two guineas, failed to gain the necessary two-thirds majority and was defeated.

BENEVOLENT FUND

As was stated in the last issue of the Year Book, owing to the fact that during the last seven or eight years, the calls on the above Fund had been few and far between, the Trustees had unanimously decided to suggest to the Annual General Meeting that, while keeping the capital sum ready for eventualities, the bank interest should be given to the School as an annual prize, this to be known as the "Old Stocktonian Prize" and to be allocated at the discretion of the Headmaster. The suggestion was approved by the General Meeting and last year the prize - valued at £9/11/2 - was presented for the first time.

The Fund now stands at £331/16/0 with one rather large loan still to be repaid.

Applications for assistance from the Fund should be addressed to: *The Headmaster, Grangefield Grammar School, Stockton-on-Tees.*

BADMINTON

A combined old students and staff badminton evening was held each Wednesday evening throughout last season.

The response from the Old Boys was very discouraging - only three attending more than once in the season.

The section did manage to field a team on two occasions to play the School but was well beaten and the result was the same on a third occasion when a mixed team played the combined Schools.

ANNUAL RUGBY MATCH

(Old Stocktonians v. School - Monday, 2nd January, 1956)

This was again played at Grangefield under ideal weather conditions.

The School fielded a fast side but this was no match for the stronger and more experienced Old Boys' team, which eventually triumphed by six points to three.

ANNUAL CRICKET MATCH

(Old Stocktonians v. The School - Thursday afternoon, 19th July 1956)

At last the Old Stocktonians have managed to beat the School on the School ground. It was a lively, sporting match, with many changes of fortune. The School, fresh from an overwhelming victory over a formidable local eleven, and the Old Boys with an unusually strong team were both specially desirous of winning in this Jubilee Year.

For the School the opening partnerships added runs steadily, M. Stayman contributing a very stylish 18, while G. M. Boyes hit an enormous six, though his total was only seven. The middle batsmen found scoring difficult in the face of some good bowling, but J. B. Smith with a cheekily compiled 15 and S. Watson with 23 partially redeemed the earlier failures and the score finally reached the respectable total of 97. N. Kelley was the most successful bowler with five wickets for 44, four of them clean bowled.

The Old Stocktonians began their innings very brightly. In the first over C. Jackson smote Watson for two consecutive fours, only to have his wicket completely shattered by the next delivery. The game

then ran in favour of the fielding side, and in spite of some gallant defensive batting by the captain against some aggressive bowling and splendid fielding, half the side were dismissed for a meagre 31 runs and the School total began to look more impressive. But the arrival at the wicket of H. Williamson saw the beginning of yet another change of fortune and after several good partnerships the Old Stocktonians finally emerged victorious with a few wickets in hand. H. Williamson made 20, J. Addison 17 not out and M. Sutherland 11.

The Old Boys are to be congratulated on their success, at the same time heartily commending the School on a fine display against a side which contained quite a number of experienced N.Y. and S.D. League players.

The fine weather and keen cricket attracted a good number of spectators, many of whom remained to hear some good speeches which included forecasts of next year's result.

We should like to express our thanks to all who contributed in any way to the success of the occasion, particularly to the groundsman for the improved wicket, to the provider of the really excellent tea, and to those employers who so kindly released players.

The Old Boys' team was: T. F. Sowler (captain), C. Jackson, H. Williamson, W. Tennett, N. Kelley, A. Morris, M. Sutherland, J. Addison, H. G. Farrington, C. Kendall, J. B. Hodgson and B. R. White.

RELIGIOUS SERVICE

To commemorate the Diamond Jubilee of the opening of the Schools (1896-1956), a Service was held at Grangefield on Sunday afternoon, 15th January, 1956. More than 400 Staff and pupils of both Schools together with Old Students of the Girls' School, Old Boys, their families and friends congregated in the School Hall.

The Introit was given by the choir from the Schools and the lessons were read by Miss Millburn (Headmistress) and Mr. Hall (Headmaster). The Address was given by The Rev. F. H. Britton, M.A., an Old Boy of the School.

LADIES' EVENING

On Friday evening, 21st September, 1956, several Old Boys accompanied by their wives, attended an informal Dinner Party at the Royal Oak Hotel, Great Ayton.

The party of twenty-four was conveyed from Tees-side, by private coach, to this charming Cleveland village.

After an enjoyable meal - during which some of the ladies were horrified to learn, for the first time, of many of the misdoings of their respective husbands in the Nelson Terrace era - the company retired to the lounge.

The efforts to organise a mixed doubles competition at darts failed miserably - owing to the local inhabitants being constantly and eagerly engaged in their own target practice. However, not to be outwitted, those responsible for the arrangements, cajoled everyone to participate in a "prize draw", which although not entirely foolproof, nevertheless caused much hilarity.

The ladies' prize went to Mrs. John Addison, whilst the fortunate gentleman turned out to be Derek Henderson (a non-smoker) who was presented with a large box of cigarettes! This was promptly confiscated and raffled!

Apart from a profit of nine shillings as a result of the latter action, a Life Subscription was forcibly extracted from KEN WALTERS, an Old Boy and now resident at Great Ayton, who was spotted - by the hawk-eye of one of his contemporaries - "supporting" the cocktail bar.

All too soon, the familiar "Time, gentlemen, P-L-E-A-S-E!" seemed to echo across Roseberry Topping and only after several re-iterations did the guests board the waiting coach for the return journey.

OLD STOCKTONIANS' ANNIVERSARY BALL

Again, to mark the Diamond Jubilee of the opening of the School, a Dance was held in the Maison-de-Danse, Stockton-on-Tees on Thursday, evening, 19th January, 1956. Music was provided by Jack Marwood and his Orchestra, and buffet supper was partaken of during the evening. Dancing in gay carnival mood, continued until the early hours of the morning, and those present thoroughly enjoyed themselves.

The principal organisers of this function were Mr. and Mrs. E. H. Fieke, and it must have been rather disappointing for them both, in view of the many hours of preparatory work involved, to see such a low attendance. In spite of this, however, there was no deficit recorded.

To those who helped, directly or indirectly, to make this evening so successful, we are very thankful.

OLD STOCKTONIAN BLAZER BADGE

Further to the announcement in the 1955-56 Year Book, it can now be stated that a limited number of Blazer Badges have been received. These are obtainable from Messrs. H. & W. Martin, Tailors, 51 High Street, Stockton-on-Tees.

The badges are of neat silver wire design and are available in navy blue or black cloth grounds. The price is 35/- each, and, for those making postal application to the suppliers, there will be no extra charge.

Applications will be received in strict rotation, in view of the limited supply, but it is expected that further deliveries will be forthcoming in due course, and that eventually a stock will be maintained.

OLD STOCKTONIAN TIE

The tie (black ground with diagonal stripes of green, pale blue and gold) can still be obtained from Messrs. Blackett & Son Ltd., High Street, Stockton-on-Tees. Price 8/6d.

VISITORS' BOOK

The Headmaster and Staff are always delighted to welcome Old Boys at Grangefield. The Visitors' Book, which is available for recording news of general interest, past or present activities, business or professional successes relating to members, is prominently placed in the Entrance Hall of the Boys' School.

TAILPIECE

Three years ago, we received an appeal from JOHN WILLIAMS (1927), seeking news of J. H. ("INKY") CRUDDACE. We are now pleased to report that our "Missing Members Bureau" has traced him at 75 Ringway, Southall, Middlesex!

Perhaps when you communicate with him, John, you might mention that we would like to hear from him, too, and that a 30/- Subscription will ensure a lifetime's reunion with all his old pals!

STILL DELVING INTO THE PAST!

(Further extracts from earlier Year Books)

Thirty years ago :

- (a) First mention of the Benevolent Fund. Has since been of great assistance to Members in times of stress.
- (b) E. Howie (now at Redcar) was Captain of the Old Boys' football team and a pillar of strength in the local league.
- (c) W. H. (Billy) Munday joined the Staff. In his original mention it was noted "that he already seems an old friend". We cannot adequately express the esteem in which he is still held by present pupils and the hundreds of Old Stocktonians who have passed through his hands.
- (d) C. H. O'Grady had many successes in Athletic and Swimming events. Now *selling* laurels - not winning them!
- (e) Many schemes suggested for raising funds for the local hospital. A dance showed a profit of £19 and Bucephalus (remember?) raised £90. Good old days, those.

Twenty years ago :

- (a) G. CLAXTON SMITH was a Committee Member. Still serving in this capacity nowadays.
- (b) Eighty-six Life Members. (Today we have more than 400.)
- (c) School Literary and Historical Society was lectured on "Drains". (Phew!)
- (d) A list of Old Boys in attendance at the Annual Dinner names several notable absentees in recent years. What about it Bill Coates, Stan Lacey and others?
- (e) H. G. Miller contributed to the Journal of the Newcastle Medical College with "Poverty as a cause of Disease". (Write again, "Dusty" and tell us how healthy we all are - but don't send a copy to our Hon. Treasurer!)

OLD BOYS HERE AND THERE

TERENCE O. CRISP, a Sedgfield boy, who has been acting as Sanitary Inspector to the Rural District Council centring round his native village, has lately secured an appointment as Health Inspector with the Kenya Government Medical Department. Based at Nairobi at first, he expects, after a while, to be sent up-country where his job will be to help in the fight against the parasitic diseases peculiar to the African native, *e.g.*, yellow fever and malaria.

We take this opportunity of wishing God-speed and the very best of luck to Mr. and Mrs. Crisp and their four year old boy. No doubt they will benefit much from the advice and experience of JACK T. PURVIS, B.Sc., another Sedgfield boy, who after twenty-three years spent in Tanganyika and Kenya, now conducts a successful small holding at Aislaby, near Yarm, and is already making his presence felt in the deliberations of the Stockton Rural District Council.

* * *

We are interested to note that J. W. WARDELL (known to his friends as "Wilf"), General Manager of the Forge Division of Messrs. Head, Wrightson & Co. Ltd., and a Director of the subsidiary company Head, Wrightson (Scotland) Ltd., who a year or two ago at our Annual Dinner delighted us with his reminiscences of the Old School in Nelson Terrace, has recently written "A History of Yarm", a task for which he is singularly fitted since he is Chairman of the Stockton (Tees-side)

Branch of the Historical Association and a Member of the Genealogical Society. We cordially recommend Mr. Wardell's book which is the fruits of five year's research.

* * *

To HARRY BULMAN, who is in command of the coke oven and by-products section of the Egglecliffe office of Messrs. Gibbons Brothers Ltd. (Dudley), has fallen the honour of representing his firm at an inter-change of ideas with the American Wilputte organisation, which will take place in New York. During his stay in the U.S.A., which is expected to last about three months, Mr. Bulman, who was formerly employed by Messrs. I.C.I. Ltd., will visit Pittsburg and Chicago in order to discuss technical development and to see equipment actually at work.

* * *

On leaving School in 1906, HARRY CUSSONS became an apprentice in the Drawing Office of Messrs. Head, Wrightson & Co. Ltd. (Forge Works). Somewhere about 1930, he was appointed Chief Draughtsman and later Assistant General Manager, which post he held until 1954 when he was made General Manager of a Division dealing solely with Colliery work.

Early in 1956, his firm took over Colliery Engineering Ltd. of Sheffield (new title - Head, Wrightson Colliery Engineering Ltd.) and Mr. Cussons was created Joint Managing Director and also a Director of the Cupola Mining Co., which was taken over at the same time.

Thus, in his fifty years spent with the same firm, our old friend, Harry, whose business at various times has taken him to Turkey, France, Holland and Belgium, has achieved the rare distinction of rising from a junior at a drawing board to a Director.

In his early days, Mr. Cussons was a stalwart of the Norton Hockey Club. Now, as befits a man of affairs, he looks in occasionally at the Norton Cricket Field, drives his car, knocks a golf ball about and potters about in his garden.

Married to Miss Ivy Langley, whom some of us remember as one of two very pretty sisters, he has one daughter, who up to the time of her recent marriage with a United Kingdom Atomic Energy Physicist, was a teacher in Norton High Street Infants' School.

* * *

Just after the publication of the last Year Book, we received a letter from VICTOR HARRIS, M.Sc., A.I.C.T.A., M.I.Biol., F.Z.S., etc., etc., addressed from his home in Surrey, in which he stated that, in order to obtain a little relaxation, he had joined the local Home Guard (he had already received a Commission) and had become a member of the Carshalton Urban District Council (he is now Chairman of a ward branch - the most active in the whole division). He then asked to be remembered to JACK PURVIS, mentioned that he often chatted with LESLIE HILL, L.D.S. (a neighbour of his) about the good old days, and went on to recall that 35 years ago, he made his first essay as a public speaker, this being on the occasion when the Old Boys' Association made presentations to Messrs. J. J. Prest, J. G. Taylor, W. R. Ball, F. J. Upton, J. Allan and Miss L. R. Miller, six members of the staff who had been at the School from its very beginning.

But it is impossible for Mr. Harris to get away from his work and hobby - the study of white ants - and a postcard dated July 1956 (it pictures a native cutting a rubber tree in North Borneo) tells us that following his visit to Nigeria, the Gold Coast and Sierra Leone in

early 1955, he is now going round the world in a series of air-hops - Malaya, Singapore, Sarawak, Fiji, Canada - preliminary to attending an International Entomological Congress. And he finishes in characteristic fashion like this: "Some of us don't learn sense as we get old and I have always wanted to know exactly what happens at the International Date Line".

* * *

June 2nd, 1956, was a very special day for Mr. and Mrs. W. BAKER, for they then celebrated their Golden Wedding. Mr. Baker, who was Physics Master in the School from 1905 until his retirement in 1942 and who in his later years also acted as Deputy Headmaster, will always be remembered for his kindness, sympathy and friendliness both inside the classroom and outside of it, and the congratulations of Old Boys will be extended to him and to his wife with real sincerity and affection.

Amidst their rejoicings at the attainment of 50 years of happy married life, Mr. and Mrs. Baker will find added joy in the success which has attended their sons, DONALD, an accountant now living near his parents in London, and FRANK, a valuer, surveyor and estate agent, who has his office in Stockton High Street.

* * *

After obtaining an Honours Degree in Engineering by part-time study, an achievement which calls for special grit and determination, P. M. K. EMBLING joined the firm of Messrs. Ashmore, Benson, Pease & Co. Ltd. and Power-Gas Corporation Ltd. in 1932. From 1944 to 1946, he acted as Technical representative in India: in 1952, he was appointed Technical Sales Manager of Power-Gas Corporation Ltd.: in 1955, he was created Manager of the Chemical Plant Division of the same firm.

During his working life, Mr. Embling has visited most of the West European countries, Canada, and the U.S.A. on business, and has presented technical papers to the Institute of Fuel and to an International Conference held at Liege, Belgium.

Once a keen Rugger player, he gave up the game after he had dislocated his shoulder eleven times, and now employs his leisure in playing golf, and in joining in the games and answering the questions of his two small girls.

* * *

THOMAS ALBERT WALKER, whose family - father, mother and son in turn - has carried on a wholesale newspaper agency for over 50 years, was elected President of the National Society of Provincial Wholesale Sunday Newspaper Distributors at their annual conference held at Scarborough in May, this being the first time a man from the north-east has been so honoured.

Among the decorations in the conference hall was the Stockton coat of arms, an indication, we think, that the new President was anxious to show the distinguished gathering that the town of his birth was of no mean importance.

Mr. Walker is a man of many parts. He is a member of the Stockton and Thornaby Rotary Club and of the Tees-side and South West Durham Chamber of Commerce, a past President of the Stockton West End Bowling Club and of the Stockton Wheelers' Cycling Club, a Director of the Stockton Football Club.

But what we shall always remember about him is his infectious grin, his keen sense of humour and his general good fellowship - items which, we feel sure, will make an immediate appeal to all those with whom he comes into contact in his new office.

ALAN BARKER, whose father, we are pleased to find, is also an Old Boy, left School in 1939, and after working as a draughtsman with Messrs. Smith's Dock Co. Ltd, at South Bank until 1951, obtained an appointment with the shipbuilding firm of Canadian Vickers Ltd., at Montreal, where he remained until early 1956, when he took up the highly responsible position of Resident Surveyor at the Kawasaki Dockyard, Kobe, Japan.

Representing the School at both cricket and Rugby football, Alan was also always a prominent figure at the School sports, on one occasion winning the honour of "Victor Ludorum" by his successes in the 100, 220, 440 yds., the hurdles, the high jump and the long jump, while in 1939, at an Inter Schools contest, he was responsible for bringing the Alderman Weatherhead Cup to Stockton.

After leaving School, he played soccer for Synthonia, where his speed and shooting power made him a dangerous outside left, while his slow to medium left-arm bowling, his fine fielding and his useful batting made him a valuable asset to Stockton Cricket Club 1st XI and on occasion to the Durham County XI. In 1938, as a junior, he was awarded the John Potts Trophy as the most promising player in the Stockton Club; in 1940, he took all ten wickets for 11 runs in a Reserve match; in 1948, he formed one of the eleven which won the Championship of the North Yorkshire and South Durham League - Division "A"; in 1950, he performed the hat-trick against Bishop Auckland.

Happily married to a Normanby young lady, Mr. Barker is just as modest, just as unassuming and just as likeable as he has always been - an Old Boy of whom the School may justly be very proud.

* * *

G. W. WILKINSON, M.Sc., who is the Headmaster of a Grammar School in Sheffield, is one of our most regular correspondents and we are always delighted to hear from him. In his latest letter, he tells us that the building of a long-promised new school is now imminent and that the site is a pleasant one on a hillside with a belt of trees sheltering it on the north and east. He then goes on to say that he proposes visiting the Grangefield G.S. "to do a bit of snooping" about fixtures and fittings, mentions that he has recently formed one of a panel of lecturers and University professors at a Science Forum, and then, coming to family matters, tells us that his son has recently been married and his sister, Mary (once a light haired maiden in the Girls' School) has just celebrated her Silver Wedding.

* * *

WALTER WILKINSON, a brother of the above, left School in 1914, and after serving his apprenticeship in the drawing office at Messrs. Pickering's Ltd. (with a brief sojourn in the army), worked for one year with a London firm and two years with a Bolton firm in order to gain experience. He then returned to Pickering's Ltd., in the capacity of chief draughtsman, after which he graduated through posts as Chief Estimator, Sales Manager and General Manager to the dignity of Director and General Manager, which appointments he still holds.

In his younger days, Walter played cricket for the Preston (Eaglescliffe) C.C. and often enlivened Saturday afternoons by the ferocity of his hitting. Now, troubled as he is with middle-aged spread (his own confession), he has become something of a philosopher and a humorist.

* * *

There is another brother, RICHARD (DICK) WILKINSON who tills the family acres in a farm somewhere off Yarm Road. Him, we have not seen for several years, but we hope to visit him ere long - armed

with a receipt book. Meantime, we are glad to know that two of his boys are keeping up the old tradition by attending at the Old School and we trust that they will bring further honour to the Wilkinson escutcheon.

* * *

GEOFFREY RIDDLE (famous in recent School history as the founder of the Progressive Imperialist party) is being articted to another Old Stocktonian, solicitor MAURICE SUTHERLAND. Those who remember his witty addresses to the Debating Society in verse, will look forward to his appearance in court later on, defending the drunk and disorderly in heroic couplets or prosecuting speed-hogs in hendecasyllabics.

* * *

ALBERT IAN KIRBY (1946-51), who, on leaving School, became an apprentice at Head, Wrightson's foundry in Light Pipe Hall Road, and who for the past two years has been attending a full-time course at the Constantine Technical College, was recently successful in obtaining London City and Guilds' Certificates in both Foundry Work and Pattern Making. As a result of these successes, he has now been awarded a Durham County Major Scholarship and will spend the next two years at the National Foundry College, Wolverhampton.

We feel sure that in the future we shall hear more about this undoubtedly capable Old Boy.

* * *

It is with real pleasure that we record the election of ANDREW STAINSBY as President of the County Durham Federation of Young Farmers' Clubs, in succession to the late Marquis of Londonderry.

Andrew, who will be well known to Old Boys as the Editor of the *Darlington and Stockton Times*, has long been connected with the Young Farmers' movement both in County Durham and in the North Riding, and he was associated with the first speaking competition in the country to be held for young farmers, this being organised in Darlington twenty-two years ago. His appointment as President, is therefore, not unexpected, and is a testimony to the very high esteem in which he is deservedly held among the farming fraternity.

* * *

HARRY CALLENDER (1918-23), born at Bishopton, is one of the many boys from villages near Stockton, who have definitely made good. Articted, on leaving School, to Mr. Richard Jewitt, Incorporated Accountant, High Street, Stockton, he passed his final examination in 1927. In 1929, he obtained an appointment as Accountancy Assistant to the Clacton Urban District Council, becoming Deputy Financial Officer in 1935, after having passed the final examination of the Institute of Municipal Treasurers and Accountants in 1933. In 1940 he was appointed Accountant to the Carlton (Notts.) R.D.C.: in 1945, he became City Treasurer, and in 1948, Town Clerk, Clerk of the Peace and Chief Financial Officer of the ancient city of Lichfield (Staffs.).

Outside his municipal duties, Mr. Callender is a Rotarian, a Governor of the Priory School (which is attended by his two daughters, one aged 16 and the other 12, both of whom, so he tells us, have long relegated him to the mantle shelf), Vicar's Warden, Secretary of the Ancient Company of Smiths, Treasurer of the Johnson Society (all Old Boys will recall the genial Sam and his friend, Boswell), Steward of the Manor at the Court of Arroye and St. George's Court, and Liaison Officer between City, Diocese, Chapter, Barracks and R.A.F. Station.

In 1951, for work in connection with the Lichfield Festival of Music and Drama during the Festival of Britain, he was awarded the M.B.E. : while we have before us two beautifully produced Booklets of which he was the Editor - Souvenir Booklet of the City and County of Lichfield to commemorate the 400th anniversary of the Charter of Queen Mary (1553), and Lichfield - Mother of the Midlands.

Married to a Bishopton lady, Winifred Mary Mills, once a bright star in the firmament of the Girls' School, Mr. Callender recalls many friends of bygone days, among them W. L. BOUCH (still, we believe, in India), J. F. GUILLE (now Town Clerk of Grantham), with both of whom he used to dine at Tate's Cafe, Dovecot Street, and W. C. SCOTT (now Deputy Town Clerk of Stoke).

* * *

TOM F. SOWLER has a remarkable record in that his uncle Mr. FRED SOWLER, attended the School on the very first day it was opened, that he himself was in attendance from 1925 to 1932, that he married Agnes Watt, a particularly nice girl once in the Girls' Dept., and that his son is now a pupil at the Grangefield G.S.

After a first class School career, Mr. Sowler went to Sheffield University where in 1936 he obtained his Master of Science Degree and Diploma in Education. But on leaving Sheffield, he found that it was difficult to get a teaching appointment with the result that for some months he worked for the Prudential Assurance Co. Ultimately, however, he became an assistant master at Holy Trinity School where he remained for three years, leaving there in 1940 to join the R.A.F. At first a Corporal in the ranks, he was afterwards one of a select few to be sent on a ten months' course to the Regent Street Polytechnic, London, at the end of which time he obtained a Certificate equivalent to the Higher National Certificate in Electrical Engineering with "distinctions" in every subject. Henceforth, during his sojourn in the R.A.F., with the rank of Flight Lieutenant, he was in charge of the servicing of bombers making their nightly raids over the continent. On his demobilisation in 1946, he returned to Trinity School and in addition taught Electrical Engineering to evening students. In 1950, however, he obtained an appointment at the Stockton Technical College and now ranks as Lecturer in Electrical Engineering.

So far, we have dealt mainly with Mr. Sowler's academic and service career, but we should also like to add that his main hobby is "messing about" with all kinds of electrical gadgets, that he is a cricketer of no mean performance, and that he leads the Old Boys' XI against the School with both diplomacy and discretion.

* * *

The career of J. W. ATKINSON has followed closely that of his friend, T. F. Sowler, for he was contemporary with him at School, went to Sheffield University at the same time, and obtained his Master of Arts Degree (Geography), etc., in the same year. Like Mr. Sowler, too, he found there was a dearth of teaching appointments when he left the University. But in Mr. Atkinson's case, his absence from teaching was much longer, for he spent eight years wandering all over the country doing all kinds of jobs. It was, however, always very evident that he had a kind of flair for engineering and building and at various times he acted as a surveyor, supervisor of construction, etc., etc., thus gaining a valuable experience of men and things.

Thus it was not until 1945 that a teaching job materialised at Newham Grange School where he remained until 1954, when as master in charge of Geography he moved to the Stockton Technical College.

There, working from the Billingham branch of the College, he hopes shortly to assist in the unearthing of some lost villages in the neighbourhood of Wolviston.

Like Mr. Sowler again, Mr. Atkinson has a boy at the Grangefield G.S. and the late success of his daughter, Judith (a pupil in the Girls' Dept.), who has been awarded a State Scholarship, gives as much pleasure to us as it will to him.

* * *

We were delighted to have a chat with JAMES W. FARR after an interval of several years. Generally, we did not find him much changed – the same old grin – but we thought we detected in him that air of authority which comes to a man who in the service of the Constructional Division of Messrs. Ashmore, Benson, Pease & Co. Ltd., has travelled to Australia and pretty well all over the European Continent. Jimmie, who is a great pal of JAMES H. DUFFY (now occupying a responsible position with an engineering firm in Sheffield) has spent all his working life at Ashmore's and obtained a B.Sc. Degree at King's College, Newcastle.

* * *

C. W. BISHOP, who works for Messrs. I.C.I. Ltd., at Liverpool but who lives at Widnes, evidently has no great opinion of either town for he describes Widnes as a "mucky" place and Liverpool as "not a very beautiful place, either".

In his letter, he gives us news of J. S. BOOTH, who lives close to him, and of J. W. BRITTON, who is now in Canada working as a metallurgist for a mining company.

* * *

In the last issue of the Year Book, we inserted a very interesting letter from D. J. PILBROUGH (who is an assistant assayer for the London and Rhodesian Mining and Land Co. Ltd.), in which he waxed eloquent about the charms of Southern Rhodesia and urged all Old Boys to emigrate there straight away. We have now received another letter from him in which he very tactfully points out that what was printed as the Zimbalue ? Ruins was really the Zimbabwe Ruins.

He then goes on as follows : "The Zimbabwe Ruins are the remains of large stone structures of indefinite age. Situated in the bush 17 miles from Fort Victoria, S. Rhodesia, they provide a source of interest to tourists and a source of controversy to historians and archeologists. The ruins consist entirely of skilfully made dry-stone walls (*i.e.* no mortar) with no evidence to show that any of them has been roofed. But who built them, when, and for what purpose ? These questions remain unanswered, except perhaps for the second one – when ?

Certain people maintain that the ruins may be identified with the ancient Ophir, from which King Solomon obtained his gold. Others think that the ruins are medieval. But recent research conducted by the most modern scientific methods gives the date of construction as about 500 A.D."

Thank you, D.J.

* * *

CHARLES BANNER of 1943-47 vintage, having finished his two years of National Service with the Royal Engineers in Egypt and Cyprus, is now back at a drawing board with Messrs. Head, Wrightson & Co. Ltd., Thornaby, and says his thoughts for the future are governed by his success or otherwise at his studies at Constantine Technical College. Meanwhile, he is getting in touch with many of his old friends both at work and on various playing fields.

His brother, JACK H. BANNER (1935-39) is at present working as Acting Manager in the Antofagasta (Chile) office of the International Machinery Co., although his actual position is Mining Sales representative in the Santiago office. But he spends much of his time either up in the Andean mines or down in the dock-side areas. Recently he was in Antofagasta during a severe earth tremor and describes the experience as interesting but says that he has no wish to have a repeat performance.

* * *

At 73 years of age, ARTHUR JAMES SMITH, still takes a really live interest in the School of which he was a pupil when it first opened in 1896, and talks reminiscently of the days when P. V. PRINGLE and he were boys together. He also tells us that his sister-in-law, Mrs. Munro, acted as a sort of mother to Mr. LAVERICK, Mr. HART and Mr. RATTENBURY, members of the staff who stayed with her before they were married, and to PHILIP COHEN who was killed while he was on holiday in London with NORMAN WINN and the late L.L.E.W. MACGREGOR.

Mr. Smith, the name of whose son appears on the second of the Old Boys' War Memorials, can justly be said to be the father of the Boys' Brigade in Stockton for he was connected with it for 55 years and rose from Private to Captain and to President of the Tees-side and South Durham Battalions.

* * *

The Rev. G. S. G. STOKES, B.A., who is a Staff Chaplain in Singapore, regrets that only once, since he left School in 1931, has he been able to come back to Stockton. That was in 1946 when he took the opportunity of re-visiting the old familiar haunts in Nelson Terrace. But he hopes that ere long he will be permitted to see the new School, for he considers it likely that his next job will bring him to St. Oswald's Garrison Church at Catterick as Senior Chaplain.

Mr. Stokes, in whose letter we detect a nostalgia for old scenes and old friends, sends his special regards to Mr. Brooke, Mr. Munday and Mr. Baldwin, and says that, although he was never one of their "star" pupils, he loved them all.

To those boys in the sixth form who are contemplating future ordination and are not looking for "an easy wicket", he recommends an Army Chaplain's job as a fine work. We agree with him and hope to shake hands with him soon.

* * *

We extend our belated congratulations and wish the greatest possible happiness to A. TODD, B.A. (now working for United Steel Co. and living at 503 Mirama, Victoria Road, Bantry Bay, Capetown) on his marriage to Miss Musgrave, once a pupil in the Girls' School.

The same congratulations and good wishes also go out to W. S. WATSON, yet another Old Boy who has had the good fortune to marry an ex-pupil of the Girls' Dept., the lady this time being Miss Houghton.

* * *

GEOFFREY R. ROBSON, who obtained an Honours B.Sc., in Geology at Durham University is now a Government Seismologist in Trinidad, West Indies, his job consisting of the study of seismic and volcanic activity in the Eastern Caribbean with the object of safeguarding the lives and property in the British islands within the area.

We hope Geoffrey likes his job - it is not one for which we ourselves have any particular fancy.

MALCOLM DUNCAN, who is employed by Messrs. Dorman, Long & Co. Ltd. (Acklam Works) and who is taking a Diploma Course in Mechanical Engineering at Constantine Technical College was the only one of fifty-seven boys attending a month's course at the Outward Bound Mountain School, Eskdale, to be awarded an Honours Badge. To gain such a Badge, students must reach a very high standard in written tests (map-reading, mountain rescue, first aid, etc.) and also in practical work which includes fell walking, rock climbing, route finding, camp craft, etc. In order to attend the course, Malcolm, who is a Queen's Scout, sacrificed a fortnight's salary and paid the 31 guineas entrance fee out of his own savings.

* * *

ALBERT RUDDOCK (1930-33), who holds the post of Senior Lecturer in Geology at Rhodes University, Grahamstown, South Africa (E. A. SHIELDS, M.B.E., M.A., is Registrar at the same University), obtained a first class Honours Degree at Durham in 1936 and spent a further two years there in doing research before proceeding to his present job. Now, with a very full programme which includes the teaching of Geography as well as Geology, he finds his time pretty fully occupied and has little leisure to play his favourite game of bowls.

Grahamstown, so he tells us, has a European population of about 8000, who reside in commodious bungalows in spaciouly planned streets. In addition, there are 12000 non-Europeans, mostly natives, who live in an adjoining location - under rather different conditions! Of industries, there are very few, among them a pottery and an up-to-date brick making establishment, so that generally the town survives upon the income from public and private schools, the Training College for Women, the University, the Cathedral and the Supreme Court of the Eastern District of the Cape.

Still, Mr. Ruddock assures us, that although life in Grahamstown is humdrum and has none of the glamour of "Darkest Africa", it has much to offer in the way of compensation. But he also confessed that he is already looking forward to his next long leave in the second half of 1957, when with his wife and small daughter he hopes to visit dear old Stockton again.

* * *

DONALD SMITH, who left in 1940 and has been teaching in Dundee for some years, was, at the time of writing, in Northallerton Hospital. After taking a school party to Italy, he was visiting his parents at Billingham when he and his four year old daughter were attacked by poliomyelitis. Happily, the small girl has recovered but it will be some months before Mr. Smith will be able to return to school. Our sympathy and our hopes for a speedy recovery go to him.

* * *

GERALD FIRMAN writes from Cyprus where the Pay Corps seems to suffer less from bombs than from boredom. Reading-matter is at a premium and anything of that kind which Old Boys care to send will be gratefully received, read and re-read at DISTRICT PAY OFFICE, COMMAND SERVICES DETACHMENT, DHEKELIA, BRITISH FORCES POST OFFICE 53.

Later news about Gerald is that he was married in Stockton on 28th May to a lady whom he had met while serving with the British Forces in Austria. Congratulations!

Early last February, in our quest for Life Subscriptions, we had the pleasure of interviewing T. W. HUDSON, head of the firm of Messrs. T. W. Hudson and Sons, Woodware Manufacturers, Wharf Street. The interview was short and decisive - we were greeted like an honoured guest, Mr. Hudson apologised most profusely for neglecting to pay the sub - instructed his clerk to hand over the cash - and then with a "Do please call to see me again. Busy morning" he hurried off.

We have always had a great regard for Tommy, who left School about 35 years ago, and it is, therefore, with sincere pleasure that we record that on 28th June, he became a grandfather, a son having been born on that day to his daughter Geraldine, who is the wife of T. A. GEIPEL, B.Com., A.C.A., now working for an old established firm of colour printers at York. Congratulations all round.

* * *

ROBERT BLAKEY, a young Old Boy who left School in 1955, tells us that he is now employed by the N.E. Electricity Board as a student apprentice. At the moment, he is doing his training with Messrs. C. A. Parsons at Newcastle but thinks that he will shortly be transferred to the North Tees Power Station.

* * *

A. WILSON WYNN, writing from the Rectory, Welbury, Northallerton, explains that we must not let his address mislead us, since he is not a clergyman but is merely living in one of their large surplus houses. Chief Accountancy Assistant in the local division of the Northern Gas Board, he is an Associate Member of the Chartered Institute of Secretaries, an Associate Member of the British Society of Commerce and a Fellow Member of the Institute of Book-keepers.

* * *

D. C. NEWELL, whose home is at 12 Kent Street, Woodville Avenue, Adelaide, S. Australia, and who left G.G.S. in 1951, reports that he is employed as an apprentice carpenter and joiner and that he has dreams of some day becoming a Draughtsman and Quantity Surveyor. We hope his dreams will come true.

* * *

E. SMITH (Liverpool) regrets that he is too far away to take any active part in the Association's programme and thinks that, even if he were nearer, his natural shyness would prevent him from doing so. But he expresses a great deal of interest in the Year Book and says that it is a real delight to hear of DICKIE SMITH, GORDON CHRISTIE, G. S. G. STOKES, J. T. GLEAVE, F. R. CURRY and DENIS HARDIE.

* * *

D. J. NASH, who will probably now be at Loughborough College studying Physical Training, was attached to the King's Own Yorkshire Light Infantry during his two years of National Service. At first stationed in Kenya, he gives an extremely vivid account of the journey from that country to Cyprus and an equally vivid description of the present state of affairs in the latter island. Evidently a keen observer, Mr. Nash has the gift of describing what he observes in an interesting manner, and we are very grateful indeed to him for his letters.

* * *

In admitting C. W. ALLISON, O.B.E., J.P., to be an Honorary Freeman of our Ancient Borough, we think that the Stockton Town Council has not only honoured a citizen who has done much to further the interests of the Borough, but by the wisdom of its choice has brought distinction upon itself. In its long history, Stockton has had only

eight Freeman, and we very much doubt whether any of his predecessors has done so much to deserve the honour as has Alderman Allison. As Councillor T. A. CRAWFORD, a political opponent, said at the conferment ceremony, "Had you chosen a more personally rewarding vocation, Stockton and Tees-side would have been the poorer". We believe this to be true, for we consider that no man has given so much of his time, so much of his thought and so much of his energy to the advancement of the district around us. And although we ourselves, who have known the new Freeman for very many years, would consider it a form of *lese majeste* to address him by his Christian name, we do think, as the Mayor (Councillor E. Wiseman) well put it, that he is still "Bill" or "Charlie" even to those who do not always agree with him. It was another Bill who wrote: "Some men are born great, some achieve greatness and some have greatness thrust upon them." We believe that Alderman Allison rightly belongs to the second category, and in giving him our very sincere congratulations, we want him to know how proud we are that he is an Old Boy of the Old School.

* * *

Councillor ERIC H. BROWN, whom the *Evening Gazette* lately described as "one of the Duke's men" will certainly have memories all his life of the happy times he spent at Oxford and elsewhere, when, along with many others specially selected from all over the British Commonwealth, he attended a conference sponsored by the Duke of Edinburgh to discuss the problems of industrial communities.

This was a unique and bold experiment, not only because individual employers and managers and trade unionists from twenty-nine different Commonwealth countries and Colonial territories attended, but because of the subject matter of the conference itself - to explore how far industrialisation was producing a worthwhile civilisation for the average man and woman.

The proceedings, opened by H.R.H. The Duke of Edinburgh, consisted of a series of addresses and discussions, a period of practical study of factory and social problems in London, in English provincial centres, and in Wales and Scotland and a final period of discussion and reporting at Oxford.

Councillor Brown was one of the ninety United Kingdom representatives present and was a member of one of the study groups or working units of the conference. His particular group visited Scotland - the Border Country, Edinburgh, Dundee and Fifeshire - and then concluded the tour with a short stay in London and visits to places in the Home Counties before returning to Oxford.

Our Eric, the son of T. H. BROWN, one of the dwindling band who first entered the Higher Grade School just over sixty years ago, is, in his own words, "a conspicuous figure in the town" for he is nearly six feet tall and pulls down the scales at about 19 stones. In business, he is a Clerk to the Director and General Manager of Messrs. Furness Shipbuilding Co. Ltd., but he is perhaps better known as the only Liberal on the Stockton Town Council. Local government has indeed long been his hobby, for at the age of fifteen he made up his mind to become a Town Councillor and realised his ambition twelve years later when he was returned, unopposed, for the Hautburn Ward, a seat which he has held ever since.

Of his many voluntary activities, it is possible to mention only a few. In the Shipbuilding Yard, he is Secretary of the Apprentices' Welfare Committee and Secretary of the Yard Committee, which is composed of representatives of both management and employees. Outside, he is a member of the Clerical and Administrative Workers'

Union, is a stalwart of our own Association, was for many years the Publicity Manager of the Masquers' Amateur Dramatic Society, and for a short time after the war was on the administrative side of the Stockton and District Football League. And whatever voluntary work he undertakes, he puts his whole heart and soul into it, and, to use his own words again, is rewarded by an inward satisfaction and feeling of content which no amount of money can possibly buy.

Another Old Boy, HARRY SHIELDS, had a very important job to do as Liaison Officer for the study group mentioned above which visited Tees-side. Upon his good work rested much of the success of the visits to local industrial establishments and in the organisation of meetings with people playing a leading part in social and welfare work in the district. Harry also visited Oxford for the opening and closing of the Conference, and, like Eric Brown, will long remember his unique experiences.

We are really very ignorant of the aims and objects of the Grand United Order of the Knights of the Golden Horn but that they are very desirable is proved by the fact that J. W. R. WILLEY has taken on the job of Grand Knight Commander.

As indicating the many activities of our President, JOHN SPARK, J.P., we have lately found him laying the foundation stone of a hut for the 1st Fairfield Scout Group; opening a handicraft display presented by the Cubs' section of the Stockton, Thornaby and District Boy Scouts' Association at the Odeon Cinema; and as President of the League of Friends presenting a cardiac bed, which the Friends had provided, to the Stockton and Thornaby Hospital. At the moment Mr. Spark is also President of the Stockton Cricket Club and of the Stockton Amateur Football Club.

At the recent inspection of the Grangefield Grammar School (Boys) conducted by the Ministry of Education, one of the inspectors was R. S. BRECKON, who is a specialist in Physical Training.

On 8th September, 1956, Mr. and Mrs. W. E. WALLS celebrated their Silver Wedding, the happy occasion corresponding with the marriage of their daughter, Maureen, to Mr. Alan Duell of Glebe Farm, Eggescliffe.

To make the great day more memorable still, Maureen, following a three year course at Wye College, had just previously been awarded a B.Sc. degree in Horticulture with the Monica Franklin Golden Spade as the best practical student, while Mr. Walls' bull had just won another cup to decorate the family sideboard.

At the annual meeting of the Stockton National Union of Teachers, Association, J. GOODIER, M.A., Headmaster of Frederick Natrass School, was elected President for 1956; S. KNOWLES (Headmaster of Roseworth Junior School) Vice-President; W. J. ATKINSON, M.A. (Stockton Technical College) a member of the Committee; and N. WINN, J.P. (Headmaster of Newtown School) delegate to the Annual Teachers' Conference and teacher representative on the Stockton Education Committee.

Years ago, when JAMES GRAHAM was a member of our Committee, we remember his successful efforts in arranging dances on behalf of the Association, one of them realising no less than £40. Now, as Jimmie

junior - his father is Jimmie senior and his son, an Old Boy, Jimmie minor - the three of them together forming the firm of Grahams (Stockton) Ltd. - he carries on the family tradition by acting as local honorary steward for the Royal Warehousemen, Clerks and Drapers Schools at Purley in Surrey. These schools, where orphans and needy children of families employed in the textile distributive trades are cared for, although recognised by the Ministry of Education, are not grant-aided or subsidised in any way, and are, therefore, entirely dependent on the energy and enthusiasm of men like Mr. Graham, who by organising collections in the larger drapers' shops and by an Annual Purley Ball contrives to send a very substantial donation every year. This year, the Ball will be held in the Maison-de-Danse on Thursday, 6th December, and we strongly recommend all Old Boys to get their tickets from Jimmie junior at 6 Finkle Street as early as possible. Failing that, what about sending him a donation? It's a very worthy cause, you know.

* * *

At an Old Boys' Dinner a year or two ago, one of our entertainers was a small boy, ALAN TAYLOR, scarcely taller than the surrounding tables, who mystified us "by doing a few tricks". Now, we find that this small boy, who is training to be a metallurgist at Messrs. Head, Wrightson & Co's foundry, has recently been admitted, after giving an exhibition, to the Tees-side Magical Society.

One of his tricks, we learn, is swallowing razor blades - somehow to us it seems a bit risky.

* * *

GERALD FLEMING, who intends to make the R.A.F. his career and who has just become a fully-fledged pilot after six weeks' training at an airport near Newcastle, recently had the biggest thrill of his life when he piloted a plane over Grangefield G.S. and over Wolviston School where his father is Headmaster. Joining Stockton 266 Squadron of the Air Training Corps when he was 14, he was in 1954 chosen as the best cadet and was subsequently awarded a R.A.F. Flying Scholarship (one of twenty awarded annually) worth between £150 - £200 a year. Gerald was presented with his wings by Councillor Milne (then Deputy Mayor) at the Empire Cinema during the week when "The Dam Busters" was being shown. A very noteworthy achievement for a 17 year old boy.

* * *

It is interesting to note that at a recent meeting of the Castleton (North Yorkshire) Branch of the Church of England Men's Society, no fewer than five Old Stocktonians were amongst the thirty people present, these being the main speaker for the evening, GEOFFREY HUNTER, B.A. (now training for the ministry at Fitzwilliam House, Cambridge); the Rev. ALBERT ROBINSON, B.A. (Vicar of Danby); GEORGE GOWTHORP (Hon. Sec. of the Danby C.E.M.S. branch); GEORGE D. LITTLE (once President and now Hon. Treasurer of our Association); J. B. ROUTLEDGE, B.Sc. (now of Edinburgh) - a real gathering of the clan.

* * *

We think that the example of C. J. OSBORNE, M.Sc., might well be followed by other Old Boys, for in a letter congratulating us on the production of the Year Book he encloses a cheque for £1 to extend his Life Subscription, which he explains has already had a long life.

By all Old Boys of his time, Charlie will perhaps be the one they remember most, for he was just as great on the playing fields as he was in the classrooms. A kindly, modest boy, he afterwards became Mathematics Master at the Ryhope Grammar School but we wonder whether his change of address indicates that he has now retired from active service.

* * *

His mother tells us that her son, WILLIAM K. TATE, is a marine engineer with Messrs. Brocklebanks' Line and at the time of writing (6th February, 1956) was on his way from Calcutta to New York.

* * *

On leaving School, HARRY RAY obtained a job in the wages department of a local iron foundry and later worked for a Middlesbrough firm, leaving this after a few months to become a junior clerk in 1939 in the Stockton Corporation Housing Department. Quickly earning promotion, he rose to the position of Housing Assistant, but in 1941 he joined the R.A.F., where during his five years' service, at first as an instructor of navigation in Canada and later in Transport Command, he attained the rank of Flight Lieutenant.

Returning to Civil Life in 1946, he began studying for the Institute of Housing examinations, and in 1949, he survived all the tests and became an Associate of that body. In the same year, he was promoted to Chief Housing Assistant, and in 1950, at the very early age of 29, was appointed Manager.

Thus briefly is the career of, as a local paper describes it, "a local boy who made good". Mr. Ray is Hon. Secretary of the Northern Counties' branch of the Institute of Housing, is a member of the Council of Stockton Round Table and a Trustee of the Hartburn Tennis Club.

A man of ability and enthusiasm, human and humane in his approach to his work, a man moreover with a sense of humour - Harry is, we think, particularly suited for his very important job.

* * *

We note with interest that J. H. MADDOCK recently gave a lecture on electronic organs to the Tees-side Organists' and Choirmasters' Association and visiting members of the Tees-side Amateur Radio Club. By the use of an epidiascope and diagrams, he showed how different sounds were produced electrically, and compared the 100 years' progress of the electronic organ with the 1000 years' of the pipe organ.

* * *

To celebrate the Golden Jubilee of the Rotary movement, the Billingham Rotary Club made a gift of 22 trees and 60 rose trees to the Urban District Council. To mark the occasion, the then President of the Club, B. F. STURMAN, F.B.O.A., F.S.M.C., unveiled a plaque of a Rotary Wheel at the John Whitehead Park, Billingham.

* * *

During his visit to various works on the N.E. coast, one of the distinguished men with whom the Duke of Edinburgh chatted before boarding his helicopter on his way from Darlington to Gateshead was HAROLD DODSWORTH, A.S.A.A., Secretary of Messrs. Robert Stephenson and Hawthorns Ltd., Locomotive Engineers.

W. MILNE, who left the Fifth Form a year ago and moved to Peterhead, visited us in September to report that he had passed "A" level in Chemistry and Physics in the July (London) G.C.E. examination, as well as in "O" level Biology. He is now beginning the Pharmacy course, at Aberdeen.

* * *

ALAN BROWNLEE, at present in the employ of Messrs. Dorman, Long & Co. Ltd., is going to King's College, Newcastle, in October, 1956, to study Metallurgy. There he will be accompanied by W. ALAN DAVIES, of Messrs. Furness Shipbuilding Co. Ltd., whose subject will be Naval Architecture. P. F. SANDERSON is already a student of Chemistry at the same College.

* * *

CLIVE BELL has had a quiet time since he went to Liverpool University where he is now in his third year of the Honours School of Geography. He is a member of the local branch of the Geographical Association and represents the University Geographical Society on the Guild of Undergraduates. Occasionally he visits TOM DAVIES to get a breath of old times.

* * *

We recently received a postcard from R. E. B. WILLIAMS (the genial "Scorcher" of other days), who was holidaying on the Italian Riviera, with the inscription on it "Lovely weather here". Mr. Williams, we understand, after a distinguished career as an Inspector and Investigator in the Income Tax Department of the Civil Service, is now using his talents on behalf of Vauxhall Motors Ltd.

* * *

In a letter to our Hon. Treasurer, EDDIE J. BATTY, who lives at Portland, Oregon, U.S.A., says that he would like to see how the new Stockton compares with the old, and hints that someday, when his boys are old enough to leave school, he hopes to bring them to savour English skies and English fields. Meanwhile, he is busy flying all over the U.S.A. making audits of Forestry Management and Timber Sales.

* * *

Many tributes were paid to C. W. LUDBROOK when he retired from Messrs. Ashmore, Benson, Pease & Co. Ltd. Starting there as an apprentice 53 years ago, he rose to be Manager of the Constructional Department, and as a Director of the Company said "built into the fabric of the firm something which would last long after his handiwork had become obsolete and forgotten. People in all ranks of the organisation had passed through his hands as boys and his name will be revered for a very long time. His reputation, in fact was being carried on by a succeeding generation, his son RONALD LUDBROOK now being a Director of the firm's Australian Co." A moving tribute to a man who brought "the human touch" to everything that he did.

* * *

One of our most welcome visitors at the Sunday service, which marked the 60th Anniversary of the opening of the School was W. A. EDEN, M.A., A.R.I.B.A., F.S.A., who had made the journey from Hertfordshire specially for the occasion. Subsequently, Mr. Eden informed us that he was glad that he had been able to come, and to find that his Old School, though in strange surroundings and bearing a strange name, was still the same friendly place that he remembered.

The Rev. F. H. BRITTON, M.A., who is in the profession where one gets all the kicks and few of the halfpence, will probably be interested to know that we were all delighted with the manner in which he conducted the above Service. We send our sincere thanks to him.

* * *

Two letters, one from TED SCHOLLES (whom we were pleased to see at this year's Sports) and the other from JACK CORNER, brought back memories of over 40 years ago when the Old Boys' Association was first formed, for the former was its first President and the latter a member of the original Committee. It is indeed pleasant to feel that, after all this lapse of time, their interest and enthusiasm are just as great as ever.

* * *

J. W. FRANKS, who left School in 1952 and went into the office of Head, Wrightson & Co. Ltd., is now beginning a course of training for the Congregationalist Ministry at Manchester, while those who remember J. R. BRAITHWAITE (left 1944) will find him at Blackfriars, Oxford, disguised as Father Guy Braithwaite.

* * *

B. NAPIER, now residing at Chester-le-Street, writes, enclosing a Life Subscription, to congratulate us on "a fine, interesting 1955-6 Year Book". Since 1952, until last year he spent his time with the R.A.F. in Egypt and more recently was confined to hospital for five weeks. We hope that his health is now improved and that he is enjoying a return to "civvy street".

* * *

At present employed by U.K.A.E.A. (Research and Development Branch) Cheshire, as Senior Scientific Officer, JOHN F. ELLIS (1940-46) would be pleased to hear from any of his contemporaries who may be living in the Wirral District.

* * *

IAN BURNETT LAING, who recently became a Life Member, informs us that he has been studying Medicine at King's College, Newcastle, for the past three years. We last heard that he was taking the second M.B., B.S. Examination in March and trust that his hard work and study during this period has had its rewards. Ian offers his services, in any form, for the future well-being of the Association, for which we are grateful. (Perhaps by his attendance at our A.G.M., we may co-opt him to our Committee?)

* * *

GAVIN KAY, who served the School faithfully for thirty years as Music Master until his departure in July 1951, has now completed fifty years service with the Cleveland Harmonic Male Voice Choir. To all those Old Boys with whom he came into daily contact, he sends his warmest wishes. We, in turn, offer our congratulations on his remarkable achievements in the field of music.

OLD BOYS' SUCCESSES

MANY ex-pupils have continued their educational courses beyond those taken at this school and have proceeded to higher academic attainment.

Listed below are a number of those who have attained some higher qualification. Due to certain difficulties, the list is incomplete and our apologies are due to those whose names have been omitted.

	School Period	Attainment
Goodier, J.	1918-20	M.A. Headmaster.
Johnson, J. A.	1929-35	B.Comm.
Evison, J. R.	1929-34	B.Comm.
Clark, G.	1927-31	M.P.S.
Jeavons, J. G.	1928-34	M.P.S.
Happer, K.	1932-37	Headmaster.
Bayliss, D.	1935-39	Teacher's Certificate.
McLean, W. R.	1935-39	Teacher's Certificate.
Sweeting, R. J.	1937-41	Teacher's Certificate.
Marsh, P.	1938-42	A.R.I.B.A.
Thompson, R.	1939-42	B.Sc.Hons.
Thompson, D.	1939-42	B.Sc.Hons.
Wilkinson, K. A.	1938-42	Teacher's Certificate.
Hazelton, R. A.	1939-43	Teacher's Certificate.
Higgins, P. F.	1940-44	Teacher's Certificate.
Addison, N.	1940-44	Accountant.
Bainbridge, D.	1941-45	Teacher's Certificate.
Arthur, B. E.	1942-47	B.Sc.(Eng.).
Sawyer, G. M.	1942-46	B.Sc.
Willis, J.	1942-46	Deputy Town Clerk.
Webster, A. M.	1942-46	Teacher's Certificate.
Moore, G.	1944-49	Art Editor.
Clackerty, J.	1944-50	Teacher's Certificate— Handicrafts.
Booton, H. W.	1944-48	A.R.I.B.A.
Gall, K.	1944-48	A.R.I.C.
Wood, C. W.	1944-48	A.B.I.M., A.M.C.T.

Latheron, L.	1945-50	Teacher's Certificate— Handicrafts.
Raine, C. M.	1946-50	Accountant.
Griffin, J.	1946-50	Accountant.
Pattison, J. R.	1946-50	Accountant.
Chapman, G. W.	1947-52	Teacher's Certificate.
Kitching, B. R.	1947-52	Teacher's Certificate.
Fowler, C.	1947-52	M.P.S.
Ross, D.	1947-52	Teacher's Certificate.
Stage, R. I.	1948-53	Teacher's Certificate.
Lax, D. J.	1948-53	B.Sc. (Hons.).
Denford, W.	1948-53	Ordained to the Priesthood.
McCulloch, E. B.	1948-53	Teacher's Certificate.
Blenkey, A.	1949-54	B.Sc. (Econ.).
Shaw, E.	1949-54	A.T.D.
Rosser, J. D.	1949-54	B.Sc. (Econ.).
Swift, J. G.	1949-54	Teacher's Certificate.
Hobson, R. J.	1950-53	B.Sc.Hons. (1st Class).
Giddings, A.	1951-55	L.C.I. Medal 1962.
Suthern, P. W.	1952-56	Teacher's Certificate.
Robson, J. W.	1952-56	B.Sc. (Eng.)

In Memoriam

ROBERT T. JACKSON, a sapper in the Royal Engineers, was sailing in the troopship *Cheshire* for the atomic tests on Christmas Island. When the troopship called at Honolulu, he went swimming from Waikiki beach, got into difficulties in about five feet of water, and although life guards hurried to bring him out, he was already dead.

Robert, who left School to do his National Service about a year ago, had contemplated entering Loughborough Training College in order to become a teacher.

An only son, he had formerly lived at Eaglescliffe where he was a Sunday School teacher at All Saints' Church, but his parents now reside at 2 Hunter Street, Middlesbrough.

To them, we tender our respectful sympathy on the loss of a very likeable young fellow and a very fine character.

By the sudden death of GEORGE P. STAINSBY, Stockton lost one of its most respected men and one of its most distinguished citizens. Qualifying as an Architect in 1919, he afterwards gained experience with the County Council Education Committee at Durham and with the C.W.S. in London, before setting up in private practice in Stockton somewhere about 1928.

In pre-war days, he did much work for the Stockton Corporation and was responsible for the design of Newham Grange School, while in partnership with a fellow architect, he won a competition for an open-air school at West Hartlepool. Lately, he designed the new Methodist Church at Ormesby, Middlesbrough, and was engaged on the drawings for the new Stockton Grammar School.

But he was always willing, nay eager, to undertake voluntary work for such societies etc., as were dear to his heart, e.g., the Quayside Mission, the Y.M.C.A., the Stockton Cricket Club.

A past chairman of the Tees-side Branch of the Northern Architectural Association, he was elected a Fellow of the Royal Institute of British Architects in 1948.

Among his outside activities, he was a member of the Whitwell Lodge of Freemasons, past President of the Stockton Brethren, a member of the Stockton Rotary Club, a Patron of the Stockton Cricket Club, and a member of the first Committee of the Old Stocktonians.

Of somewhat serious disposition, he yet had a strong sense of humour and a ready laugh: he was firm in his friendships and was happy in his relations with all those with whom he came into contact. He leaves a wife, a son and a daughter, the latter two now studying for their respective professions. To them as well as to his only brother, Andrew, who has already been mentioned in this issue, we express our deepest sympathy.

It is with deep regret that we have just learned of the passing of GEORGE NASH (*circa* 1926) earlier this year, whom many of us will remember.

OLD BOYS' APPOINTMENTS AND SUCCESSES

- Anthony D. Bowron, L.L.B. Degree at Birmingham University.
Douglas Brown, Qualifying Exam. for Pharmaceutical Society.
Jack Charnley, B.Sc., appointed Head of the National College of Horology and Instrumentation, London.
Albert Charnley, B.Sc., appointed Civil Engineer, Messrs. Kelloggs, Sidcup, Kent.
William D. Charnley, B.A., appointed Town and Country Planning Officer, Cardiff.
E. Clark, appointed Headmaster of Stillington County School.
J. A. Green, appointed Assistant Electrical Engineer, I.C.I. Ltd. (Bain Works), Wilton.
Geoffrey Hunter, B.A. Degree at Oxford University.
C. A. Joice, B.A. Honours Degree in Economics, Nottingham University.
Donald Lewis, B.A. Honours Degree in Fine Art at King's College, Newcastle.
David V. Lishman, B.Sc. Degree (General Honours in Mathematics and Geology) at Durham University.
Laurence Lloyd, Ph.D. Degree at Sheffield University.
Keith Matson, L.D.S. qualification at Liverpool University.
David G. Shaw, won 1st prize in a competition for draughtsmanship and planning in the Junior Section of the Royal Institute of Chartered Surveyors.
Arthur Williams, appointed Personnel Manager, Furness Shipbuilding Co. Ltd., Haverton Hill, Billingham.

At Constantine Technical College, 1956

- Jack Gillson, Higher National Diploma in Mech. Engineering.
Peter G. Rhodes, Higher National Diploma in Mech. Engineering.

At Stockton Technical College, 1955

- George E. Armstrong, National Certificate in Mech. Engineering.
Peter Arnold, National Certificate in Mech. Engineering.
Silas H. Beamson, National Cert. in Mech. Engineering (Distinction).
Granville Cooper, National Certificate in Mech. Engineering.
Cedric T. Davies, National Certificate in Mech. Engineering.
Terence Dunmore, National Certificate in Mech. Engineering.
Robert J. Edon, National Certificate in Mech. Engineering.
Howard M. Farnaby, National Cert. in Mech. Engineering (Distinction).
Derek Garthwaite, National Certificate in Mech. Engineering.
James Heward, National Certificate in Mech. Engineering.
Terence L. Jones, National Certificate in Mech. Engineering.
Eric G. Reeves, National Certificate in Mech. Engineering.
Joseph Umpleby, National Certificate in Mech. Engineering.
Edward Wegg, National Certificate in Mech. Engineering.

At Constantine Technical College, 1955

- Arthur C. Banner, Higher National Cert. in Mech. Engineering (Struct.).
Frank Barnes, National Certificate in Mech. Engineering.
Francis R. Billsborrow, Higher National Cert. in Mech. Engineering.
John H. Blow, Higher National Certificate in Chemistry.
Keith D. Burrows, National Cert. in Metallurgy (S3 Mathematics).
William A. Davis, National Certificate in Naval Architecture.
Dennis G. Dietz, National Cert. in Metallurgy (and S3 Mathematics).
John R. Ditchburn, Higher National Certificate in Elect. Engineering (and Mathematics).
National Certificate in Elect. Engineering (and Applied Heat and Light and Sound).

- Geoffrey W. Farnaby, Higher National Certificate in Mech. Engineering (Struct.).
- Ronald W. Gibbs, Higher National Diploma in Mech. Engineering.
- Howard J. Instone, Higher National Diploma in Mech. Engineering (Struct.).
- Lawrence J. Kirk, Higher National Certificate in Elect. Engineering (and Mathematics).
- National Certificate in Elect. Engineering (and Applied Heat).
- Desmond L. Lockwood, Higher National Cert. in Elect. Engineering.
- Eric Middleton, Higher National Certificate in Elect. Engineering (and Mathematics).
- Frederick Ramage, Higher National Diploma in Mech. Engineering (Struct.).
- James B. D. Steadman, Higher National Certificate in Mech. Engineering (and Industrial Administration).
- William A. Stockdale, Higher National Certificate in Mech. Engineering (and Metallurgy).
- National Certificate in Mech. Engineering (and Principles of Elect.)
- Henry Stocks, Higher National Certificate in Elect. Engineering (and Mathematics).
- National Certificate in Elect. Engineering (and Applied Heat and Light and Sound).
- John G. Thorman, Higher National Cert. in Mech. Engineering (Struct.)
- George Williams, Higher National Certificate in Elect. Engineering (and Mathematics).
- National Certificate in Elect. Engineering (and Applied Heat and Light and Sound).
- Neville Wright, National Certificate in Metallurgy.
- W. E. Elstrop, National Certificate in Mech. Engineering.

Will all Old Boys make a point of notifying Mr. H. D. Hardie, Hon. Secretary of the Association, 17 Castleton Avenue, Linthorpe, Middlesbrough, of any examination successes and new appointments at once giving full details with dates?

School News

STAFF CHANGES

First mention must here be made of the decision of the Headmaster to leave Grangefield at Christmas. Much as his unexpected departure is regretted, the offer from Bury in Lancashire was too tempting to be resisted. The Grammar School there, of much the same size as Grangefield but with a Junior School attached, is a Direct Grant School and is represented on the Headmasters' Conference. Furthermore, the opportunity of developing the Science side by the building of a new block of laboratories was most attractive.

During his three years at the school, MR. HALL introduced a considerable degree of flexibility into the curriculum, greatly expanded the VIth Form and the scope of its work, and added to Staff numbers. He impressed all with whom a Headmaster has to deal - boys, parents, staff, Old Boys and outsiders - with his genial courtesy and obviously genuine desire to further in every way the interests of his pupils and the School.

To both him and Mrs. Hall, who has so cordially seconded her husband throughout, a wish for continued health, happiness and success in their new home.

At Christmas, 1955, MR. R. B. THOMPSON moved to Leicester, to become responsible for Religious Instruction at the Gateway Boys'

School. He came to Stockton in 1952 to teach Chemistry, but was developing his interest in religious and biblical studies during his stay and had recently been giving some time to Religious Instruction in the School. He had also done valuable work with the Junior Forum and the Christian Union.

At Easter, 1956, MR. E. V. CABLE, who had been at Grangefield for just over seven years, left to take up an appointment as Deputy Headmaster of the Harrowby Lane C.E. Secondary Modern School Grantham. He had taken charge of the History of the School upon the death of Mr. G. G. Armstrong and was the first official Careers Master. He had also played a great part in what are called "out-of-school" activities. He organised numerous day excursions and accompanied School parties to Paris and London. He gave active support to the Debating Society, he was a valued member of both the School Choir and the Friday Choir, and he produced (alone or with Mr. Rattenbury) *Ruddigore*, *Princess Ida* and *Merrie England*. The other Grammar Schools in town have cause to lament his departure, for he had revived the Sixth Forms' Society and watched over its operations for several years. He served the Old Stocktonians in various ways and played his part in the life of the town both as a historian and as a Churchman.

At the same time the departure was announced of MR. W. A. MILLER, who came to the School, when it moved to Grangefield, to strengthen the French Department. It was impossible for him to play as large a part in School Life as he would have liked, but he did valuable work on the business side of pantomime and operatic activities and was always a popular figure in the Staff v. School matches. He moved to the Alderman Newton Grammar School, Leicester.

MR. HOLDEN left in the summer for a post at Bromsgrove. He had been at Grangefield for four years. He had shown an active interest in the Literary and Debating Society, and had been a valued - almost indispensable - member of the School Choir. He will long be remembered as a lively "Tailor of Windsor" in *Merrie England*, and was one of the fastest bowlers in the Staff XI.

MR. J. CLEELAND, too, went to a comprehensive school in Liverpool. During his stay in Stockton he had made a name for himself and his style of painting. In his last year he was hung at the Royal Academy Summer Exhibition. He beautified the School in many ways and did good work for various dramatic productions.

MR. G. BANKS, after a somewhat short stay, was lured away by the attractions of a post much nearer home - at Stainsby Secondary School, Middlesbrough.

MR. R. N. ALLEN joined the Staff in April to fill the vacancy left by Mr. Miller. He holds an Honours degree of London and has had previous teaching experience in Middlesbrough and at Dax in France.

MR. K. J. TOWERS came to Grangefield at the same time to take charge of Religious Instruction. From Hinckley Grammar School he went into accountancy and then after three years at the Wesley College, Headingley, he spent twelve years in the Methodist ministry, including a period as Chaplain in the R.A.F. He then trained at Wymondham and before joining the Grangefield Staff had taught at Hammersmith and Middlesbrough.

Mr. Sutherland filled the vacancy in the History department during the Summer term.

In September, 1956, the following new members of Staff were welcomed: MR. J. BEBBINGTON was educated at Verdin Grammar

School, Winsford, and at Leeds University, where he took B.A. with Honours in English and M.A. by thesis. He played soccer in the University 1st XI for three years and was twice awarded Club Colours. After teaching for a time at a camp for Polish displaced persons he lectured in English and History at the Constantine Technical College, Middlesbrough.

MR. A. BROWN, who joined the P.E. Staff in September, went from the Whitley Bay G.S. to Loughborough College and then spent two years in the R.A.F. He is playing at centre-half for Bishop Auckland, and as a fast bowler - he was in the College 1st XI - he will be playing next season in the Tynside Senior League.

MR. J. HEFFORD, B.A., joined the History department in September. He went from Ashby-de-la-Zouch Grammar School into the Army for two years, one of which was spent in Egypt. In 1950 he went to University College, Oxford, and obtained his degree in Modern History.

His previous post was at Oswestry Boys' High School, Shropshire. He is interested in rowing, tennis and cricket, and in choral singing.

MR. R. KITCHING left Middlesbrough High School in 1950 and took B.Sc. (Hons. in Chemistry) at King's College, Newcastle, in 1953. Since then he has been engaged there in research in physical chemistry. He was in his School cross-country and chess teams and is now keenly interested in colour-photography also.

MR. J. MOORE will fill Mr. Cleland's place for the Autumn term. He took his artistic and professional training at Sunderland and the Leicester College of Art, where he was a member of both the Athletics 1st Team and the Soccer 1st XI. Some of his work was exhibited in the Pavilion of Youth at the Festival of Britain.

MR. CLAUDE SANDRINI will be assisting the French Staff during this academic year. His home is in Montauban and he is a student of the University of Toulouse, where apart from his English studies he is interested also in athletics, particularly the 100 metres sprint.

SCHOOL EXAMINATION SUCCESSES, 1956

General Certificate of Education

(Figures in brackets denote number of subjects)

PASSES AT ORDINARY LEVEL.

(It should be explained that many boys are now gaining passes in one or more subjects before reaching the Fifth Form, so that comparative ability or achievement cannot be judged by these numbers.)

FORM 5A:

P. Alborn (5), C. Barlow (6), J. Code (3), A. Cooke (5), R. Elmes (6), J. Foster (5), C. Gale (5), J. Heron (3), F. W. Hodgson (5), J. B. Hodgson (4), K. Icton (1), A. Johnson (6), B. Kavanagh (6), G. Lake (4), W. Lake (2), C. Lawton (2), J. Leighton (5), D. Lyth (3), C. Moore (5), D. Morton (2), B. Scott (4), J. Silvester (4), F. Stonehouse (5), T. Teasdale (4), M. Turner (7), B. Walker (4), G. R. Welford (6), G. H. White (6), R. Woods (2), B. Yates (7).

FORM 5 ALPHA:

B. J. Ball (2), F. Brown (3), H. Dent (1), J. Dixon (1), P. Francis (3), S. Frost (4), G. Heald (3), R. Hutchinson (1), G. Jones (2), J. McNaughton (1), L. Moon (1), G. Munro (2), R. Pearson (3), E. Reid (1), K. Ridden (2), W. Roberts (1), A. J. Robson (4), T. Speight (1).

FORM 5R:

J. R. Andrew (3), A. Baldwin (5), D. Barnett (5), T. Cattermole (5), W. Cowan (8), R. Cullingford (8), D. Dean (5), P. Dunning (6) J. Edmunds (3), J. Flegg (7), D. Jewitt (6), A. Jones (3), B. Lawson (3), D. Linskey (4), D. Lloyd (6), J. Snowball (5), C. Taylor (4), B. Wilkinson (5), P. Wood (6), R. Wood (8), R. Wrightson (3), I. Benzies (5).

FORM 4R:

P. Atkinson (2), M. Beaver (2), R. Beese (1), A. Berry (2), R. Chamberlain (2), M. Danby (5), R. Davies (1), D. Dickinson (1), J. Gregory (7), K. Hodgson (2), C. Hughes (5), J. Kelman (2), J. Kidd (3), B. Leak (2), A. Lewis (5), C. Liddle (6), H. Locksley (5), M. Newton (5), N. Pallister (2), G. Rowden (1), I. Sanderson (6), D. Simpson (3), D. Smith (1), L. Wanless (7).

FORM VI:

G. Bainbridge (2), P. Bedingfield (1), G. Boyes (2), B. Brogden (3), F. Burton (2), J. Campbell (3), A. Craggs (1), J. Davison (2), I. Goodier (3), M. Gray (1), J. G. Hardy (1), M. S. Hardy (4), J. Hedley (2), J. Logan (2), C. Marshall (2), D. Scott (1), B. Slee (4), J. B. Smith (2), M. Stayman (1), J. Todd (1), R. Toft (1), J. R. Walls (5), J. Wearmouth (2), C. H. Williams (2), I. Williams (1).

K. Boddy (1), P. Dawson (1), J. Wishlade (1), G. Belshaw (1), R. Hallmark (1), J. D. Rosser (1), S. Watson (1), P. Fletcher (1), D. R. Helliwell (2), R. T. Reed (1).

In the Durham Examination, passes in Geology were gained by R. Bowers, A. Coombs, A. Dumain, J. Hedley, D. R. Helliwell, G. Lawson, C. Marshall, A. Reay, R. Reed, D. Scott, R. Toft and C. H. Williams whilst in the A.E.B. Examination (Ordinary Level) M. Turvey, E. Reid, and R. Hutchinson passed in Engineering Drawing.

PASSES AT ADVANCED LEVEL:

D. M. Allison, D. W. Meek, M. Watson, and D. Wells in Maths. and Theor. Mech. and Physics; J. N. Archer, N. J. Aufflick, K. Boddy, P. T. Dawson*, J. R. Grantham, N. A. Turner, D. J. Wilbraham and J. L. Wishlade in Maths., Physics and Chemistry; J. N. Flack, and J. D. Welford in Geography and Biology; J. M. Humphries in Physics, Chemistry and Biology; R. C. Hutton and D. A. Spears* in Geography, Maths. and Physics; D. G. Smith in Maths. and Physics; G. Thompson in Physics and Biology.

G. R. Belshaw in History, Geography and Maths.; J. Bingham and R. N. Hallmark in English, Latin and French; A. Blenkey* in English, History and Economics; J. E. M. Boland in English, History and French; C. W. Hurt in English and Geography; J. D. Rosser in History, Geography and Economics; C. M. Waller in English, Geography and French; I. K. Watson* in English, History and French; S. Watson in English and Latin.

P. Fletcher, D. R. Helliwell, R. Bowers, A. Reay and T. Reed in Biology.

* P. T. Dawson gained Distinction in both Physics and Chemistry, D. A. Spears in Geography, A. Blenkey in Economics, and I. K. Watson in English.

STATE SCHOLARSHIPS were awarded to:

P. Dawson and J. R. Grantham.

COUNTY MAJOR SCHOLARSHIPS were awarded to:

D. M. Allison, J. N. Archer, J. Aufflick, G. Belshaw, J. Bingham, A. Blenkey, K. Boddy, J. Boland, P. T. Dawson, M. J. Flack, J. Grantham, R. E. Hallmark, J. M. Humphries, C. Hurt, R. C. Hutton, D. W. Meek, J. D. Rosser, D. Spears, G. H. Thompson, N. A. Turner, C. M. Waller, I. K. Watson, M. J. Watson, S. Watson, J. D. Welford, D. Wells, D. J. Wilbraham and J. L. Wishlade.

C. W. KING MEMORIAL PRIZE

Founded by Old Stocktonians to perpetuate the memory of C. W. King, M.A., Jesus College, Oxford, and London; Assistant Master 1908-1946, and Senior English Master for 23 years. The prize, valued at about £1 10s. is awarded annually to the student gaining the highest marks in English Language and Literature combined in the Certificate of General Education - Ordinary Level (corresponding to the old School Certificate).

Prizewinners:

- 1948: A. Osmund.
- 1949: H. D. Glenwright.
- 1950: R. D. Richardson.
- 1951: N. McDonald.
- 1952: P. J. Williams.
- 1953: N. W. Forbes and D. J. Pilbrough (tie).
- 1954: R. E. Hallmark.
- 1955: D. Wilbraham.
- 1956: P. Alborn.

G. G. ARMSTRONG MEMORIAL

Founded by Old Stocktonians in memory of G. G. Armstrong, M.A., M.Litt., Armstrong College, University of Durham; Senior History Master, 1921-48. The prize is awarded annually for the best Historical Essay submitted by senior pupils, the winner also to hold for a year the Armstrong Memorial Cup, presented by Mrs. Armstrong.

Prizewinners:

- 1951: D. E. Stoddart.
- 1952: C. Bell.
- 1953: No award.
- 1954: M. Hardy (Proxime accessit: D. Little).
- 1955: M. S. Hardy.
- 1956: D. M. Barnett.

OLD STOCKTONIAN BURSARY AWARD

- First award 1955: J. C. Wigglesworth.
- 1956: R. N. Hallmark.

SCHOOL OFFICIALS, 1955-56

Captain: D. Wells.

Vice-Captains: R. N. Hallmark and D. J. Welford.

Prefects: D. M. Allison, K. Boddy, J. Boland, A. Blenkey, P. T. Dawson, M. J. Flack, J. Grantham, M. Humphries, R. C. Hutton, M. Rose, J. Rosser, D. Spears, G. Thompson, N. A. Turner, C. M. Waller, S. Watson, J. L. Wishlade.

Library Prefects: I. K. Watson, and J. Wearmouth.

House Captains :

Cleveland : S. Watson.
Tees : J. D. Welford.

Dunelm : D. Wells.
Oxbridge : K. Boddy.

Captain of Rugby : D. Wells.
Captain of Tennis : G. Belshaw.

Captain of Cricket : K. Boddy.
Captain of Rowing : M. Gray.

ATHLETICS

Owing to the lateness of external exams. the programme this summer was somewhat curtailed and no triangular matches could be arranged.

The team entered the Durham County Grammar School Sports, and, with twenty-four schools competing, gained seventh place. Notable performances were those of Wishlade who established a record in winning the Under 13 Long Jump, C. Marshall in the 440 yds., J. Andrew in the 220 yds., and B. Scott with both the Discus and the Javelin.

The Tees-side Inter-Grammar-School Sports were held at Grange-field under most pleasant and enjoyable conditions. In a very close contest between the six schools, Darlington Grammar School were the eventual winners. Welcome new-comers to the competition were St. Mary's School, Darlington.

The School Sports Day was again blessed with fine weather and the warm, pleasant conditions no doubt contributed to some extent to the very good times and distances recorded.

SCHOOL SPORTS - 16th July, 1956

JUNIOR EVENTS :

100 yds.	1, Wishlade (D), 12.3 secs ; 2, Povey (C).
High Jump	1, Mason (O), 4'1" ; 2, Wright (D).
220 yds.	1, Povey (C), 29.6 secs ; 2, McLaurin (D).
Long Jump	1, Wishlade (D), 14'6" ; 2, Swainston (D).
Hurdles	1, Turnbull (T), 15.4 secs ; 2, Evans (D).
Javelin	1, Wright (D), 104' (record) ; 2, Swainston (D).
Relay	1, Dunelm, 57.5 secs ; 2, Cleveland.

INTERMEDIATE EVENTS :

100 yds.	1, Sinclair (D), 11.3 secs ; 2, Lowery (C).
Discus	1, Anderson (D), 79'5" ; 2, Hansen (C).
High Jump	1, Poole (C), 4'10" (record) ; 2, Beaver (O).
Long Jump	1, Brownlee (T), 18'5" (record) ; 2, Lowery (C).
880 yds.	1, Martin (O), 2 mins. 23.4 secs ; 2, Youlden (D).
Javelin	1, O'Neill (C), 116'2" ; 2, Hansen (C).
Shot	1, Hansen (C), 41'2" ; 2, Shepherd (O).
440 yds.	1, Sinclair (D), 59 secs ; 2, Martin (O).
220 yds.	1, Sinclair (D), 25.7 secs ; 2, Lowery (C).
Hurdles	1, Chapman (D), 16.5 secs ; 2, Poole (C).
Relay	1, Dunelm ; 2, Tees.

SENIOR EVENTS :

100 yds.	1, Andrew (D), 10.8 secs ; 2, Marshall (D).
High Jump	1, Lloyd (O), 4'11" ; 2, Reay (C).
880 yds.	1, Marshall (D), 2 mins. 11.6 secs ; 2, Roberts (O).
Shot	1, Logan (D), 36'7" ; 2, Scott, B. (T).
Javelin	1, Scott, B. (T), 133' ; 2, Teasdale (O).
220 yds.	1, Wilbraham (D), 25.2 secs ; 2, Andrew (D).
Discus	1, Welford (T), 99'4" (record) ; 2, Scott, B. (T).
Hurdles	1, Welford (T), 18.3 secs ; 2, Reay (C).

440 yds.	1, Marshall (D), 55 secs. (record) ; 2, Smith, J. B. (O).
Long Jump	1, Marshall (D), 17'3½" ; Reay (C).
1 mile	1, Roberts (O), 5 mins. 5.7 secs ; 2, Williams (T).
Relay	1, Dunelm ; 2, Cleveland.

Total Points Awarded

Oxbridge 54 pts. Cleveland 67 pts. Tees 44 pts. Dunelm 132 pts.

WINNING HOUSE: Dunelm, with 132 points.

VICTOR LUDORUM: Marshall (17 points).

INTERMEDIATE CHAMPION: Sinclair (15 points).

JUNIOR CHAMPION: Wishlade (10 points).

THE RAILWAY CENTENARY CUP: Grangefield Grammar School.

The prizes were presented by J. Jackson, Esq., and a silver cup for the Junior Champion, to be held for one year, was presented for the first time by R. C. Andrew, Esq.

ROWING, 1955-6

After a year of training, the School's one and only crew entered both York and Durham Regattas. Despite the high standard of these Regattas, the crew did quite well, particularly at Durham where it beat St. John's College, Durham, by about six lengths and King's College, Newcastle by one length. In the quarter finals, however, against Royal Grammar School, Newcastle, it was defeated by two lengths.

Once again thanks are due to members, old and young, of Tees A.R.C. both for the loan of their boats and for their willing help during the season.

RUGBY FOOTBALL, 1955-6

The Rugby season was unfortunately a great disappointment to the players and to the School. It had been hoped to have a most successful season but the programme, like so many others, was completely ruined by snow, frost and consequent flooded fields. In the spring term the 1st XV played only four matches, defeating S. Shields, Henry Smith's and the Bede School, Sunderland, and losing narrowly to West Hartlepool G.S.

The 2nd XV and the Under 14's had excellent results, each losing only two matches. The Under 15 team unfortunately was by no means so successful.

The coming season should be most interesting, as the 1st XV will be the lightest team the School has had for some years. It is felt, however, that they will be more than a match for most of the opposition they will meet. The Junior teams are extremely enthusiastic and apparently rather stronger than last season's. If weather permits, therefore, the teams may look forward to many enjoyable and successful engagements.

CRICKET, 1955-6

This year's team was undoubtedly the most successful for some time and only one school side beat them. This was particularly noteworthy as a number of the 1st XI came from the Fifths and two from the Fourth Forms. These boys will be remaining at the School for two or three seasons to come, and this augurs well for future teams.

Two of the most interesting games were those against the Staff and against the Old Stocktonians. (The latter is described elsewhere in the Year Book.) In the former, the School amassed a tremendous total for the loss of two wickets only, took the first six Staff wickets for no runs and eventually deigned to allow the "tail" to make twenty or so before being completely dismissed.

The 2nd XI and the Under 14's also performed most creditably and School cricket, as well as rugby, can now be considered quite up to the standard of any comparable Grammar School.

TENNIS, 1955-6

The season was very successful. The standard of play in the School has risen considerably during the past few seasons and tennis is now perhaps the most popular game in the summer term.

In the Glanville Cup competition, the School defeated Darlington, S. Shields and Coatham before being eliminated by the Royal Grammar School, Newcastle. It is perhaps worth mentioning that this last game was the only one lost by the team playing at full strength.

Only two of this team left School in July, and as a number of very promising players are quickly reaching a high standard, prospects for next season are full of hope.

TENNIS CHAMPIONSHIPS:

Senior - Singles: G. White.

Doubles: G. White and D. Wilbraham.

Junior - Singles: A. Mason.

Doubles: A. Mason and J. E. Hempsey.

SWIMMING SPORTS

(held at Billingham Baths, 28th May, 1956)

JUNIOR

1 Length Breast Stroke: 1, Smith (D), 29.1 secs; 2, Dodds (O).

1 Length Back Stroke: 1, Wright, L. (D), 25.3 secs; 2, Robertson (T).

1 Length Free Style: 1, Robertson (T), 24.2 secs; 2, Smith, J. K. (O).

Relay: 1, Dunelm; 2, Oxbridge.

Neat Dive (Junior and Inter.): 1, Kennedy (T); 2, Crooks, R. (D).

INTERMEDIATE

1 Length Back Stroke: 1, Ingram (D), 24.4 secs; 2, Hodgson, K. (C).

Towing Race: 1, Shepherd (O), 44.5 secs; 2, Sanderson (O).

2 Lengths Free Style: 1, Kennedy (T), 49.5 secs; 2, Ingram (D).

Pushing tired swimmer: 1, Shepherd (O), 34.5 secs; 2, Youlden (D).

1 Length Breast Stroke: 1, Shepherd (O), 27 secs; 2, McAleer (C).

Relay: 1, Tees; 2, Cleveland.

SENIOR

2 Lengths Free Style: 1, Blenkey (T), 44.5 secs; 2, Hodgson, J. B. (C).

Towing Race: 1, Hardy, J. (O), 47.2 secs; 2, Wells (D).

2 Lengths Breast Stroke: 1, Blenkey (T), 56.8 secs; 2, Johnson (O).

Pushing tired swimmer: 1, Hardy (O), 36 secs; 2, Brown, L. (O).

Neat Dive: 1, Marshall (D); 2, Blenkey (T).

1 Length Back Stroke: 1, Blenkey (T), 24 secs; 2, Hodgson (C).

Relay: 1, Tees; 2, Oxbridge. Time: 1 min. 31.3 secs.

Points Awarded

Cleveland 22 pts. Dunelm 46 pts. Oxbridge 61 pts. Tees 60 pts.

WINNING HOUSE: Oxbridge with 61 points.
JUNIOR CHAMPION: Smith, J. K., and Robertson (8 points).
INTER CHAMPION: Shepherd (15 points).
SENIOR CHAMPION: Blenkey (18 points).

SCHOOL TRIP TO PARIS (24th March to 2nd April, 1956)

This year's party was the largest to visit the continent from this School, as it numbered 47 souls, or as the Chinese say, 47 mouths! It was certainly nothing behind the others in enjoyment.

The party was fortunate in having the exclusive facilities of Le Petit College at Issy-les-Moulineaux and was very adequately lodged and well fed there.

There was a full programme, with plenty to see and do. The most popular visit was probably to the Eiffel Tower, but a very pleasant time was spent at the Chateau and Forest of Fontainebleau.

The visit ended with an evening walk in central Paris to see the special floodlighting. Then came the long journey home to Thornaby station where a group of parents were waiting and whence the party dispersed to spend Bank Holiday in bed.

LAKELAND OUTING

This year the School visit to the Lake District was most memorable. The fine weather spell which favoured the party in this week before Easter, was of unbelievably good vintage when compared with the summer's aqueous contribution and this meant that on several days the itinerary was able to be extended.

The total number this time exceeded 80 (a new record) and, as previously, there were two parties - both mixed. Younger personnel of the fourth and fifth accompanied by Mr. Thornton, Mr. Tiesing, Mr. and Mrs. Hall, Miss Patterson Miss Dubbin and Fraulein Fischer, were accommodated at Coniston Holiday Fellowship Guest House and the senior party, accompanied by Miss Johnson, Miss Rutter, Mr. A. White and Mr. J. Durrant, went to Derwent Bank Guest House near Keswick.

The activity of the senior party was such that, without undue strain, over 18000 ft. were climbed and about 80 miles covered in distance. No records were aimed for and the unusual efforts could be attributed to the sunny weather, good food and general high spirits. Ridge walks became a speciality and Grizedale, Causey, Horseshoe, Striding Edge, Swirrel Edge and Sharp Edge were negotiated. One interesting day was spent on the south face of Great Gable among its many rock minarets and lunar pinnacles. Here an assembly in the amphitheatre watched preparations for a climb on Napes Needle, but, unfortunately, time did not permit a view of the actual climb or perhaps the performers were reluctant to venture to the accompaniment of echoing advice and comments.

A happy relationship was struck with senior boys and girls from Hitching Grammar School who shared the palatial premises of Derwent Bank and several enjoyable dances were held during the evenings.

The middle school party had an equally successful week. Helvellyn and the Old Man of Coniston were climbed in clear weather and a visit paid to the Langdales.

In conclusion, all Lakelanders from Grangefield will be grateful to Mr. and Mrs. Hall, who, for three years have accompanied the parties and given their very active support.

THE SCHOOL CADET CONTINGENT (*Combined Cadet Force*)

Officers: O.C., I. C. Collingwood, Major (Green Howards), B.A. (Hons.), Birmingham. 2/I/C, D. J. D'Arcy, Lieut. (Royal Artillery), B.A. (Hons.), Liverpool.

The Annual General Inspection by Brigadier J. A. Marshall, O.B.E., Deputy Director of Mechanical Engineering of Northern Command, had an unusual atmosphere about it this year. Perhaps the presence of Bofors guns on the parade, with regular Warrant Officers to supervise, the adequate performance of the cadet teams on those guns and the presence of a larger than usual number of interested parents contributed to this atmosphere. In any case, something appeared to stimulate the Inspecting Officer to an unusually searching investigation into all the activities of the Contingent, and, in consequence, his report was all the more eagerly awaited. In every respect he expressed himself satisfied and in the words of the report: "The results are most encouraging".

Since the last appearance of these notes the Contingent has become affiliated to the 437 Light Anti-Aircraft Regiment R.A. (T.A.) - more particularly to "Q" Battery stationed at Norton - and apart from the many other advantages of a local affiliation, this has given a new orientation to the Post-Cert. A. training carried on in the Contingent. One of the immediate results was that Cadet Sgts. R. M. Bland and A. Reay became eligible to attend a Gunnery Course at Aldershot and at the School of Artillery, Larkhill. Both received excellent reports. It is hoped in the near future to submit a number of cadets for examination in the Technical Certificate - Cert. T. - in Gunnery.

The Annual Camp this year was held at Buckenham Tofts, near Brandon, Norfolk, and because of its "Gunner" interests, the Contingent suffered rather less than most other schools from the inclemencies of the weather. Strong winds and heavy rain caused quite considerable dislocation of the demonstrations planned - only the Air Display and Paratroop drop went exactly to programme - and made life difficult at times for those whose training required them to remain in camp. The weather interfered far less with the daily journey of the four Bofors gun detachments to the R.A. Practice Camp near Cromer, where, in due course - and thanks in the main to the good offices of 437 L.A.A. Regt. - ninety rounds were fired at an elusive target sleeve. Regrettably, and indeed inexplicably, the sleeve continued to fly . . . !

The more basic arts of soldiering were not neglected. One fine morning Classification Tests were fired on the Rifle Range at Swaffham and the number of marksman was increased by two, while the usual heavy rain afforded to most cadets the opportunity - gleefully taken - of getting soaking wet on cross-country reconnaissances through the waist high bracken of the Breck country.

A sail on the Norfolk Broads was enhanced by comparatively pleasant weather, but the charms of Great Yarmouth appeared more than a little questionable in the wet and windy afternoon of the same day.

During the course of the year, both Officers attended a course at Catterick to keep in touch with the latest developments in National Service training and Lieut. D'Arcy attended a Tactical Course at Queen Elizabeth Barracks, Strensall.

Five Cadets attended a P.T. Course at Scarborough and achieved good reports, whilst the following achieved success in Certificate A. examinations:

In December, at Hutton Gate, J. W. Hunter and K. Ridden completed Part II, and nine cadets Part I.

At Brancepeth in June, Cadet M. S. Hardy obtained Cert. A. Parts I and II. Two cadets obtained Part I and twelve cadets completed Part II.

The Contingent's Parade at the School Entrance to recognise Queen Elizabeth's visit to Tees-side, in June, was most graciously acknowledged by Her Majesty in passing and the G.O.C. Northern Command returned their salute from the escorting car.

The award for the Premier Cadet (the C.O.'s Gold Medal) to the most promising cadet, other than N.C.O.'s, was gained this year by Cadet (now Cpl.) J. R. Heron.

Cadets D. Gray, J. W. Hunter, D. Morton and K. Ridden were privileged to attend the Sovereign's Passing Out Parade at Sandhurst.

Future plans are for a continuation of the present policy of increasing the already high proportion (about 70%) of Cadets with Cert. A., and, in view of the increasing mechanisation of the Army, it is hoped to provide facilities for suitably qualified cadets to receive instruction, practical as well as theoretical, in the internal combustion engine.

FRIDAY CHOIR

The work chosen for performance in the Parish Church in the early part of the Spring Term was Bach's *Christmas Oratorio*, suitably abridged so that the whole of the magnificent choral work could be contained in one evening. To this end, many of the solo arias were cut, but in performance this seemed to enhance the unity of the work. In some of the Chorales, the Friday Choir was joined by the choirs of the Girls' and Boys' Schools, and in this way over 150 singers were able to take part. The soloists were Joan Hancock (contralto) and Cecil Lackey (tenor) and the strings were led by Florence Wilson. Cyril Maude, sub-organist of Durham Cathedral, was at the organ.

For this season the choir is rehearsing Bach's cantata *My spirit was in heaviness* and Fauré's *Requiem*, which will be performed in the Parish Church, on 19th March, 1957. Although by the time these notes appear, rehearsals will be pretty well advanced, any Old Boys would be welcome to join the choir - and a red carpet would be spread for any tenors!

"MERRIE ENGLAND"

As a change from Gilbert and Sullivan, Edward German's opera was staged in the second week of the summer term, and three full houses seemed thoroughly to approve. Once again, at least a third of the School seemed to be involved to a greater or lesser degree, and one of the back-stage achievements was the production of a switchboard by the electrical experts. After some anxious moments and many shocks, it was "tamed" in time for the curtain to rise promptly on the first night, and it will be a great permanent asset to the School. Over a long period now these same (more or less) boys, have been responsible for the appearance of curtains, back cloths and footlights and the School is much indebted to them.

On the stage, all the principals maintained a high standard, especially in the difficult ensembles, and particular praise is due to the senior boys who tackled the tenor and bass leads so successfully. It says much for their efforts, that a quartet of Staff playing village yokels with great gusto, though one of the highlights of the evening, did not steal the show. The orchestra, a judicious mixture of School orchestra and adult stiffening gave a first rate account of a difficult score.

"JULIUS CAESAR"

This was the first full length "straight" play to be presented in the new School, and was performed in the Hall on 16th and 17th December, 1955.

The chief parts - Brutus, Cassius and Anthony, were played with admirable vigour by B. Campbell, D. Linskey and M. Battye, respectively. Good support was given in a score of smaller named parts and by the lively and vociferous rabble of citizens and soldiers.

LITERARY AND DEBATING SOCIETY

Thanks to a lively committee, an efficient secretary, and a faithful nucleus of members, the society once again survived the fears felt for its future at the beginning of the session. On several occasions the Library was quite full, though only six or eight would come to read and discuss Dickens, Dryden or Rupert Brooks under the guidance of Mr. Holden or Mr. Wright. Much bigger audiences were attracted by such frivolities as *One Minute, Please*, or *Talking Point*. With Mr. Jackson in the chair, a lively panel - Messrs. Campbell, Toft and Wishlade - answered *Any Questions*, from a large audience, both wittily and well. In the Old Boys' debate early in January, Mr. G. Riddle (newly L.I.B.) proposed the abolition of Capital Punishment and Mr. G. Dewison opposed, but the latter had little support and the abolitionists won the day. For the Headmaster's Prize, fifteen competitors spoke on 9th March, and Mr. Bowman, who kindly adjudicated, thought the prize well won by Mr. Loynes with an excellent speech on the motion: "That modern woman is an improvement on her mother". Mr. Bowman generously added a award of his own for the close runner-up, Mr. I. K. Watson, the Secretary of the Society.

This year, for the first time, the Committee, with Miss Millburn's consent, co-opted a member from the Girls' School, and Miss Harland's welcome attendance relieved the Secretary of the need for many a hazardous foray into foreign territory.

THE JUNIOR FORUM PRINTING DEPARTMENT

Some Old Boys may not be aware that the School has a small printing department. Orders for headed notepaper at reasonable prices are welcomed. (Enquiries to be addressed to Mr. G. G. Lee, at the School.)

LIST OF LIFE MEMBERS

G. A. Adamson	Address wanted.
F. R. Addison	21 Russell Street, Stockton.
F. Alcock	40 Hall Drive, Acklam, Middlesbrough.
H. Allan	Address wanted.
C. W. Allison, O.B.E., J.P.	16 St Cuthberts Road, Stockton.
H. E. Allison (1937-42) ..	45 Adelaide Road, Gillingham, Kent.
H. P. Allison, M.I.Gas.E.	42 Warwick Road, Redcar.
R. H. Archer, M.Prod.E., M.I.Mech.E.	The Grove, Wolviston.
J. R. Armstrong (1945-48).	Moss Side, Eaglescliffe.
R. M. Atkinson, B.Sc. ..	The Thorns, Clough Lane, Granscroft, nr. Oldham.
Allan Ayre (1941-47) ..	33 St. Peters Road, Stockton.
D. E. Bailey (1930-33) ..	10 Northfield Road, Billingham.
F. W. Baker, P.A.S.I. ..	82 Yarm Road, Stockton.
W. Baker, M.Sc.	46 Crescent Way, Norbury, S.W.16.

- E. Baldwin, O.B.E., M.Ed. 99 Bishopton Road West, Stockton.
D. F. Ball, B.Sc. (1942-47) 52 Elmwood Road, Eaglescliffe.

Superlative Confectionery

*There are wide differences between Confectionery from many two shops. In appearance they may look similar, but in quality and purity the discerning customer knows that **Spark's** Confectionery comes first.*

The choicest ingredients, a splendid bakery plant and an efficient staff all combine to produce this Superlative Confectionery.

RULES

of the

OLD STOCKTONIANS' ASSOCIATION

(Revised November, 1955)

1. The name of the Association shall be the "OLD STOCKTONIANS". The Old Stocktonians aims at continuing friendships and preserving that spirit of comradeship which ought to exist among those who have been educated at the same school. These aims are to be achieved by means of social, recreative and educational pursuits.

2. The Association shall be open to the Old Boys of the Grangefield Grammar School, formerly known as the Stockton Secondary School for Boys, and originally known as the Higher Grade School. Past and present members of the Staff are also eligible.

3. The Officers of the Association shall be :

- (a) Three Presidents, who shall be the present Headmaster, the Founder of the Association and an Old Boy.
- (b) Six Vice-Presidents, one of whom shall be Senior Vice-President.
- (c) A Treasurer.
- (d) A Secretary and Assistant Secretary.
- (e) An Auditor.

These together with twelve elected members shall constitute the Committee of Management.

With the exception of the present Headmaster and the Founder of the Association, all Officers and other members of the committee shall be elected at each Annual General Meeting which shall be held in the third week of October each year, and the Committee so elected shall be empowered to co-opt additional members.

4. In committee seven shall form a quorum.

5. Members will be encouraged to form sections for specific activities, but must first obtain the approval of the committee of management.

6. The Annual Subscription shall be Two Shillings and Sixpence (2/6) payable on the 1st January each year. For the *first year* only after leaving school the subscription shall be 1/-.

In lieu of an Annual Subscription a Life Subscription of Thirty Shillings (£1-10-0) may be made.

All Life Subscriptions shall be paid into a separate account at the bank, out of which there shall be transferred annually into the General Fund such sum as the committee shall determine, not exceeding 1/- in respect of each Life Member.

7. The rules of the Association can be altered only at an Annual General Meeting, and then only by a two-thirds majority of those present at the meeting. All motions for any such alteration shall be submitted in writing at least 28 days before the date of the Annual General Meeting.
