## RULES.

*The following rules were approved at a general meeting held on  
March 14th, 1913.*

1.—The name of the Association shall be the "Old Stocktonians." The "Old Stocktonians" aims at continuing friendships and preserving that spirit of comradeship which ought to exist among those who have been educated at the same school. These aims are to be achieved by means of social, recreative and educative pursuits.

2.—The Association shall be open to the Old Boys of the Stockton Secondary School and of the late Higher Grade School. Past and present masters are also eligible.

3.—The government of the Association shall be vested in two Presidents, not less than three Vice-Presidents, a Treasurer, two Secretaries, and a Committee of eight, together with Sec. of each Sub-Section.

(a) Of the Presidents, one shall be the Headmaster, the other shall be elected annually.

(b) All the other officials shall be elected annually.

(c) A member holding any office shall be eligible for re-election in the following year in the same or any capacity.

(d) In Committee seven shall form a quorum.

(e) The Committee shall have power to co-opt any member or members at their discretion for the time being for any particular purpose.

4.—The Committee shall have power to refuse membership to any applicant for admission or to ask any member to resign (after investigation by the Committee and confirmation by a general meeting), whose conduct they consider such as to militate against the welfare of the Association.

5.—Each Section shall be self-governing and self-supporting. The Committee, however, shall have power to grant financial aid to any Section.

6.—Each Section shall submit its programme to the General Committee for approval.

7.—The annual subscription shall be one shilling, payable to any member of the Committee before September 30th.

8.—These rules shall be altered only at the annual general meeting, and then only by a two-thirds majority; all motions of such alterations to be in the hands of the Secretaries fourteen days before the date of such meeting.

9.—The annual general meeting shall be held in the early part of October.

## PREFACE.

WHEN the last year book was issued in 1914 we little thought that the great world war which had started in August would, in November, 1916, still be pursuing its devastating course. To all of us the intervening space has been a time of stress and trouble. We have seen our boys depart from among us—we have felt a pulling at our heart strings as we gazed on their smiling faces—we have wished them God-speed while the tear welled up in our eyes. There has been an interval—and a name in the casualty lists has told us that another Old Stocktonian has given of his all. Then the day's work has seemed longer and everything has lost its zest. But, when the first sharp pangs of sorrow have become dulled, we have taken courage, for we have reflected that the boys who but a short hour ago haunted our classrooms and playing fields have suffered nobly, and in giving up their lives have set before us examples of duty and patriotism which will serve as incentives to generations of Old Stocktonians yet unborn. They have fought the good fight—let that be their epitaph.

About 180 Old Stocktonians are now serving in the Forces. Of these eleven—Harry Dickinson, George Jones, George Redhead, Tom O'Grady, Victor Jobling, Walter Winn, Norman Dowse, R. J. Harris, Harold Pearson, Jack Leader and Leslie Hind—lie sleeping their last sleep in France. It would be easy for us who have known them all to dwell lovingly on their admirable traits of character, to recall their ambitions and achievements. We refrain. Secure in deeds well done, their lives need no embellishment. It only remains to convey our respectful sympathy to their sorrowing parents and friends and to assure them that we who knew their boys best appreciated them most.

Twenty-four have been wounded, three—James Armstrong, Bob Harrison and Jack Corner—more than once. Of these, the last-named has again reported for service, the second (at the time of writing) is in hospital, while Armstrong to the end of his days will bear evidence of valiant services rendered to King and Country. Sidney Flockton, Harry Pickles, Ralph Nicholson and Stanley Willey have been discharged, all bearing honourable scars. Many are scattered over the various battle grounds. France, the Dardanelles, Salonika, Egypt, Mesopotamia, India, British and German East Africa have all claimed Old Stocktonians who,

with fortitude and cheerfulness have borne and are bearing hardships which would appal the staunchest.

The remainder are in the training camps waiting steadfastly for the call which will find them not less ready than their predecessors.

Our account would not be complete if we refrained from mentioning those other 150 (according to the best of our knowledge) who, while not Old Stocktonians are nevertheless Old Boys. Of these we recall perhaps best of all poor Walter Green, whose humble white cross in France bears witness to a brave and gallant gentleman.

Of the Old Boys who remain at home, many are toiling from early morning to late at night in munition shops and are thereby performing duties of inestimable worth. Others are doing necessary work and are shouldering the burdens of those who are far away; several, like Major J. G. Taylor and Mr. W. Hewitt, in addition to their daily tasks, are ungrudgingly giving their leisure to the V.T.C. and the Special Constables.

Yes, in this crisis of the Empire's history, the Old Boys have nobly played their part. It remains the duty and privilege of our younger members to support the Old Stocktonians so that, at the dawn of happier days, the Association, seasoned by noble traditions, may continue to join in one great fellowship the boys who have attended our School.

We take pride in recording—

1. That Captain T. Welch, a former teacher in the School, has been awarded the Military Cross for gallant and distinguished service in the field.
2. That Corporal Jack Cheseldine has received the Military Medal for splendid work in the operations which led to the capture of Ginchy.
3. That Sergeant W. Teasdale, who was severely wounded (he is now, happily, almost recovered) has been honoured by the award of the Distinguished Conduct Medal.
4. That Sergeant H. Blench has been mentioned in despatches; and
5. That three other Old Boys, Corporal John Stephenson, Sergeants M. Cohen and W. Merryweather have also received the Military Medal.

In honouring themselves, these heroes have also conferred honour on the School which is proud to call them her sons.

## LIST OF MEMBERS.

Members are requested to inform the Secretary of any change of address as soon as possible.

News of promotions and distinctions, successes in examinations or in sport, personal items, photographs, as well as interesting articles for the Old Boys' columns of the School magazine will be welcomed.

The compiler claims the indulgence of members if any mistakes have been made in the list below, the making of which has taken almost a month; at the same time he begs to thank the numerous parents, various members, and sundry small boys and girls who have ever shown themselves more than willing to furnish valuable data.

\* Wounded, France (F), Gallipoli (G), India (I), Egypt (E), Mesopotamia (M), Salonika (S), Malta (MA).

## NOTES.

The Association was inaugurated at a largely attended meeting of Old Boys, held in the School, on January 24th, 1913, the Headmaster presiding. Mr. E Scholes occupied the position of President for the sessions 1913, 1913-14, while Mr. W. Hewitt has officiated in a like capacity during the past two years

The Secretaries have been Mr. E. Baldwin, Mr. L. V. Pringle, Mr. R. Clews, and Mr. A. E. Lax. To these gentlemen, as well as to Messrs J. J. Prest, E. Scholes, W. Hewitt, W. Baker, G. H. Swinburne, and the members of the various committees, any success that the Association may have obtained has been largely due.

The membership (as denoted by subscriptions) has been in successive years 216, 256, 114, 209. In the last two sessions the war has largely interfered with subscriptions, little or no effort having been made to approach those members serving in His Majesty's Forces. We have, however, been much encouraged by the support accorded us by those boys who have just left school.

During the session 1915-16, we found it advisable to lay aside the section system and to devote all our energies to the organisation of socials, lectures, etc.

Two socials were held and both were very successful. Games of various kinds were indulged in, splendid programmes of music were arranged by Mr. E. Thomas, Messrs Eddy and W. Lax provided quite a new feature by a series of picture competitions, while coffee, as ever was a great attraction.

On Nov. 26th, 1915, Mr. J. G. Taylor opened our series of open evenings with a paper on "Explosives." The speaker was in splendid form and gave us a most interesting and instructive lecture.

On Feb. 4th, our good friend Mrs. Stainthorpe visited us for the third successive year, her subject being "From the Auvergne to the Channel." It is sufficient to say that she was as charming and attractive as ever, and that the evening proved most enjoyable. The Mayor (now Lieut. B. Watson) made an ideal chairman.

Feb. 25th saw an audience of over 400 gather in the Temperance Hall to hear Dr. Stead's lecture on "Shells, Explosives, and Zeppelins." The lecture was beautifully illustrated and was more than appreciated by the many chemical and engineering experts who had honoured us with their presence. We desire to place on record our deep sense of obligation to Dr. Stead who, despite the great pressure on his time, yet contrives to give us an occasional evening.

Mr. C. W. King, on Feb. 25th, lectured on "Gilbert—and Sullivan." He was fortunate in securing the very able assistance of Miss N. Sedgwick, Madame L. Moreton, Mr. G. Dawson, and Mr. W. J. Jones, to all of whom our best thanks are due. At the same time, we must congratulate Mr. King who was the main factor in what was undoubtedly a great musical and artistic success.

On Mar. 31st, Mr. E. Baldwin lectured to a full house on "Small boys—and others." The lecture was a skilful delineation of the humorous side of school life, and the audience was frequently provoked to roars of laughter by Mr. Baldwin's inimitable fund of anecdote. Appropriate musical items were provided by Messrs. T. Whitham, W. Bulcraig, F. W. Hewitt, W. Hewitt, and E. Scholes

Our session concluded with a Concert in aid of the Fifth Durhams' Comforts Fund. So great a desire was there to be present that we had reluctantly to turn away a great number of our would-be audience. A really first-class programme had been arranged, and where all did well it would be invidious to single out any single artiste for special mention. We, therefore, content ourselves with expressing our best thanks and with appending their names: Madame L. Moreton, Miss N. Sedgwick, Miss E. Wintersgill, Messrs. Hewitt, Weatherell, Thomas, Hale, G. H. Hepper, C. W. King. Alderman F. T. Natrass was, as usual, in happy vein as chairman, while Councillor Dennison spoke eloquently in favour of the Fund.

Two events were allotted at the School Sports to Old Boys. Both races attracted good fields, and, although many old familiar faces were missing, were quite successful. S. Curry won the 100 yards, being followed home by J. Atkinson and E. Birch. The mile fell to J. Robinson, his nearest rivals being J. Atkinson and S. H. Clark.

A great scholastic success during the year fell to Mr T. B. Brook, who, at the close of his third session at Keble College, Oxford, obtained a second class in the Honours School of English Language and Literature.

Ambrose Dee has earned very great honour for himself and his School by obtaining first-class Honours in Physics, in the recent London B.Sc. examination.

Other successes fell to Mr. Ivor Sanderson, who obtained his Second Eng. Certificate, and to Mr. Joe Wilson who passed the Intermediate Accountancy Examination.

Mr. George Stainsby was successful in the examination of the Institute of British Architects, and now only requires to pass in one subject to secure the degree of A.R.I.B.A.

A start has been made with a fund, which now stands at £4 16s. 8d., to erect a suitable memorial, in the Gymnasium, in remembrance of those who have fallen.

Since the Association was inaugurated, £24 1s. 8d. has been contributed to different charities.

Our best thanks are due to the "Old Girls," who have very generously sent parcels of comforts to many of our members serving abroad.

A prize of £1 has been offered for competition among the boys of the School, the contest taking the form of an essay on one of various subjects.

Our third Year Book is issued at a time when the great nations of Europe are engaged in the most Titanic struggle of History. Manfully bearing their part in it, our members are scattered over the whole world. Wherever they may be, on battlefield, in hospital, in workshop or at business, this Year Book comes as an affectionate greeting, sending them a message of hope and good cheer. In all their dangers and difficulties, may they be sustained and invigorated by the comradeship of School and Schoolmates, and may that glorious re-union not be long postponed which will serve to bring them back to friends and home.
